RE: **Resolution 24-223 – Land Use Ordinance Amendment Relating to Administrative Enforcement**
Hearing Date: January 29, 2025, 10:00 a.m.

Aloha Chair Waters, Vice Chair Weyer and Members of the Honolulu City Council,

Mahalo for the opportunity to submit testimony on behalf of D.R. Horton Hawaii, in **STRONG SUPPORT** of Resolution 24-223 – Land Use Ordinance Amendment Relating to Administrative Enforcement. D.R. Horton Hawaii is one of Hawaii's largest homebuilders and has been providing affordable housing and first-time buyer homes for Hawaii's families throughout Oahu and across the state for more than fifty years. D.R. Horton Hawaii is a leader in building quality and sustainable home designs and has adopted an overall sustainability plan for its Ho'opili master planned community in East Kapolei.

Resolution 24-223 proposes an amendment to the Land Use Ordinance, relating to sign standards to allow businesses in apartment and apartment mixed-use districts to businesses to have a reasonable signage to promote their business. Currently, the LUO limits signs for business in the apartment/apartment mixed use districts to one sign of not more than 12 square feet for each street. This severely limits a business's opportunity to have signs visible to potential customers from a reasonable distance. Allowing the amendment would promote a fair and reasonable standard for businesses to advertise and provide information to potential customers.

We strongly urge the council to pass Resolution 24-223 and allow further discussion on this proposed LUO amendment and review by the Department of Planning and Permitting can further consider this amendment. Should you have any questions, please do not hesitate to contact me at (808) 295-7329 or LSTokuhara@drhorton.com.

Mahalo for your consideration,

Lee Tokuhara, Vice President
Government Affairs and Community Relations
D.R. Horton Hawaii

As an entrepreneur operating Teapresso Bar, a small business in the budding community of Ho'opili in Ewa, it is critical to have clear and visible signage.
