# A BILL FOR AN ORDINANCE

SECTION 10. General Provisos.

(a) As used in this ordinance, the following definitions apply unless the context clearly indicates or requires a different meaning.

***Agency.*** Any department, office, board, commission, or other governmental unit of the City and County of Honolulu, as the case may be.

***Charter.*** The Revised Charter of the City and County of Honolulu 1973 (Amended 2017 Edition), as amended.

***City.*** The City and County of Honolulu.

***Council.*** The Council of the City and County of Honolulu.

***Government.*** The federal government, the State government, the government of any other state, any political subdivision of any state, or any quasi-governmental entity.

***ROH.*** The Revised Ordinances of Honolulu 2021, as amended.

(b) *Limited purpose monies.* The City may receive monies for a use that is specified or otherwise limited by the monies' source from: (1) any government or quasi-governmental agency; (2) any private source including monetary gifts for a use that is specified by the donor; or (3) any combination thereof. When such monies are received, the Director of Budget and Fiscal Services shall maintain special funds or accounts showing the monies so received and specifying the purposes for which they have been received and held.

Limited purpose monies shall include funding from the American Rescue Plan Act of 2021 (Pub. L. 117-2), State and Local Fiscal Recovery Funds program, even if such monies are deemed multi-purpose federal monies.

All such monies specified in Sections 2 through 8 of this ordinance are appropriated in the amounts and for the purposes set forth, and all expenditures shall be made as provided by law. All other such monies not specified in Sections 2 through 8 of this ordinance that are monies as described in the preceding 2 paragraphs are appropriated and may be expended by the City agencies included in this ordinance if the monies are approved as provided in subsection (d). Should revenues from this ordinance or from elsewhere exceed the amounts specified, the excess is hereby

appropriated and may be expended in accordance with the provisions of the monies' source and of this section; provided that: (1) the scope of the funded project shall not be increased unless approved in accordance with subsection (d); (2) the excess monies are reported to the Council; and (3) when the funded project is financed by both City and non-City funds and the revenues from a non-City fund source exceed the amount approved in this ordinance, the City fund appropriation shall be decreased by the amount of the excess revenues unless such decrease would jeopardize the receipt of the increased amount from the non-City fund source or the award of the contract.

The Director of Budget and Fiscal Services shall report to the Council no later than 30 days after June 30 detailing, for the capital budget fiscal year just ended, the amount of any excess monies received, and the function, program, and project to which the monies have been allotted for expenditure.

(c) *Monetary gifts for unspecified purposes.* The City may receive monetary gifts for a use that is not specified or otherwise limited by the donor. All such monies are appropriated and may be expended by the City agencies included in this ordinance if the monies are approved in accordance with the gift approval requirement as provided in subsection (d).

(d) Expenditure of all monies received pursuant to subsection (b) or (c), including appropriations or grants by the federal or State government to the City and private grant agreements, shall be deemed approved, and the designated City official shall be deemed authorized to receive and expend the funds provided pursuant to the agreement, 15 days after notice of receipt of such monies is filed with the City Clerk and distributed to all members of the Council, unless a Councilmember files a written objection with the City Clerk prior to the 15th day. Such monies that have been objected to shall be subject to Council approval by way of a formal resolution. Any such limited purpose monies that were previously approved or deemed approved, pursuant to Section 10(d) in the previous Executive Capital Budget ordinance, and receipt and expenditure of which were authorized, in a prior fiscal year, but that were not received until the fiscal year covered by this ordinance, shall be appropriated and may be expended in accordance with subsection (b) without further approval by the Council; provided that all members of the Council are notified of each expenditure when it is made. Intergovernmental and private grant agreements must comply with ROH Chapter 1, Article 8, and may be executed by the director of the department incurring the obligation. Gifts shall be approved by the Council in accordance with Charter § 13-113 and Council Resolution 05-349, CD1, FD1, or successor Council policy. The Council reserves the right to require any monies to be approved by an appropriate budget ordinance.

(e) *Multi-purpose federal monies.* Multi-purpose federal monies are monies from the United States of America, which are allocated by formula entitlements and may be expended for multiple purposes. Such monies include Community Development Block Grant monies, HOME Investment Partnerships Program monies, and monies received via similar federal and state assistance programs, which Congress or the Legislature may enact from time to time.

No expenditure of such monies shall be made unless the Council has authorized such expenditure by the enactment of or an amendment to a budget ordinance appropriating such monies in accordance with applicable Charter provisions, ordinances, and other legal requirements. If such monies are received prior to an enactment of or amendment to a budget ordinance, the Director of Budget and Fiscal Services shall maintain such monies in special accounts showing the monies so received and specifying the purposes for which they have been received and temporarily held. The Director of Budget and Fiscal Services shall submit to the Council a bill for an ordinance appropriating such monies within 3 days following the receipt of such monies.

(f) The Council finds that the delay in program implementation incident to any reprogramming action pursuant to certain Charter provisions involving Community Development Block Grant funds and/or HOME Investment Partnerships Program funds, or incident to any receipt of funds for these and via similar federal and state assistance programs, which Congress or the Legislature may enact from time to time, will jeopardize the availability and receipt of those funds. Accordingly, notwithstanding subsection (e) and pursuant to Charter § 13-122, the Council hereby waives Charter §§ 3-204, 9-105 and 9-106, and authorizes all such reprogramming actions, including reprogramming or reinstating funds pursuant to this ordinance that have been appropriated in the current fiscal year executive operating budget ordinance, or in any previous capital or operating budget ordinance, and have not been expended, or receipt and expenditure of such funds in excess of the total amount appropriated by this ordinance.

The Council must approve all reprogramming actions for such funds or the receipt and expenditure of such funds by resolution. Alternately, such reprogramming actions or the receipt and expenditure of such funds may be deemed approved 15 days after notice thereof is filed with the City Clerk and distributed to all members of Council, unless a Councilmember files a written objection with the City Clerk prior to the 15th day. Reprogramming actions or receipt and expenditure of such funds in excess of the total amount appropriated by this ordinance that have been objected to shall be subject to Council approval by way of a resolution.

Notwithstanding ROH § 1-8.3, if said reprogramming actions or receipt and expenditure of such funds are deemed approved in accordance with a notice filed with the City Clerk as specified in this subsection, any corresponding amendments made to any Annual Action Plan, as that term is defined in ROH § 1-8.1, that would reflect said reprogramming actions or receipt and expenditure of such funds will be deemed approved, and the designated City official shall be deemed authorized to: (1) reprogram, receive, and/or expend said funds in accordance with the notice; (2) execute and submit to the United States Department of Housing and Urban Development any corresponding amendments made to any Annual Action Plan that would reflect said reprogramming actions or receipt and expenditure of such funds; and (3) execute any incidental or related amendments, agreements, or documents in furtherance of any such amended Annual Action Plan, including, but not limited to, any subrecipient agreements with governmental and nongovernmental subrecipients.

(g) For the purposes of this subsection, "City funds" excludes pension or retirement funds, funds under the control of any independent board or commission, funds set aside for the redemption of bonds or the payment of interest thereon, park dedication funds, or private trust funds.

In the event there are monies in any City fund that, in the judgment of the Director of Budget and Fiscal Services, are in excess of the amounts necessary for the immediate requirements of the respective funds, and where, in the judgment of the Director of Budget and Fiscal Services, such action will not impede the necessary or desirable financial operations of the City, the Director of Budget and Fiscal Services may make temporary transfers of loans to the Sewer Revenue Bond Improvement Fund, General Improvement Bond Fund, the Highway Improvement Bond Fund, and the Solid Waste Improvement Bond Fund up to the total amount of the appropriations authorized herein that are specified to be financed from the sale of general obligation bonds, notes, or revenue bonds and to be expended from such funds; provided that monies transferred or loaned shall be used only for appropriations herein that are specified to be financed from the sale of general obligation bonds, notes, or revenue bonds and to be expended from the Sewer Revenue Bond Improvement Fund, General Improvement Bond Fund, the Highway Improvement Bond Fund, and the Solid Waste Improvement Bond Fund. In all other cases the Director of Budget and Fiscal Services may, with the consent of the Council by resolution adopted on one reading and without publication, make temporary transfers or loans therefrom without interest to other funds of the City.

# A BILL FOR AN ORDINANCE

Within 7 days of the transfer or loan, the Director of Budget and Fiscal Services shall report to the Council on: (1) the amount of transfer or loan required; (2) the reason or justification for the transfer or loan; (3) the total amount outstanding and unreimbursed in temporary transfers and loans for the fiscal year after making the subject transfer or loan; and (4) the anticipated date of reimbursement or repayment. The Director of Budget and Fiscal Services shall notify the Council of the reimbursement or repayment of the temporary transfer or loan as soon as such reimbursement or repayment is made. Such notification shall identify the source of funding of the reimbursement or repayment of the temporary transfer or loan.

All transfers or loans under this section shall be reimbursed or repaid no later than 12 months from the date on which the transfer or loan was made, unless a later date is approved by the Council by resolution adopted on one reading without publication. Interest may be charged if the monies originate from enterprise funds.

(h) At the close of each quarter, the Director of Budget and Fiscal Services shall submit to the Council a Statement of Cash Balances by Fund, showing for each quarter for each individual fund the cash balance at the start of the accounting period and the cash balance at the end of the period.

(i) Amounts appropriated for expenditure from the Capital Projects Fund and Federal Grants Capital Projects Fund shall be transferred to these funds as allotments are approved by the Mayor from the funds specified in this ordinance as providing the source of funding.

(j) Any appropriation authorized in this ordinance or any amendment thereto shall be valid for the fiscal year 2027 and 12 months thereafter. Any part of such appropriation that is not expended or encumbered shall lapse on June 30, 2028.

(k) If any portion of this ordinance or the application thereof to any person or circumstance is held to be invalid for any reason, the Council hereby declares that the remainder of this ordinance and all other provisions thereof shall not be affected thereby. If any portion of a specific appropriation is held to be invalid for any reason, the remaining portion shall be independent of the invalid portion and such remaining portion shall be expended to fulfill the objectives of such appropriation to the extent possible.

SECTION 11. The funds provided from the Project Adjustments Account may be expended to pay for any excess in contract price(s) or project cost when the contract price(s) or the project cost exceeds the City's estimate for land acquisition, planning,

design, construction, inspection, relocation, and equipment. The Council's approval by resolution is required when the cumulative sum provided to a project from the Project Adjustments Account during a fiscal year exceeds either the lesser of $100,000 or 10 percent of the budgeted amount.

Whenever a project's contract is executed for an amount less than the project's appropriation, only that amount that is excess within that phase shall be transferred to the Project Adjustments Account by the Director of Budget and Fiscal Services. The Director of Budget and Fiscal Services shall report all transactions to and/or from the account to the Council within 30 days from the date the transfer was approved.

SECTION 12. *Sewer Revenue Bonds.*

For the capital improvements authorized in Section 5 hereof and designated to be financed from the proceeds of sewer revenue bonds, the Director of Budget and Fiscal Services is hereby authorized to issue sewer revenue bonds in such principal amount as shall be required to yield the amounts appropriated for each capital improvement, and, if so determined by the Director of Budget and Fiscal Services and approved in the resolution providing for the issuance of such sewer revenue bonds, such additional principal amount as may be deemed necessary by the Director of Budget and Fiscal Services to pay interest on such sewer revenue bonds during the estimated period of construction of the capital improvement for which such sewer revenue bonds are issued and for 12 months thereafter, to establish, maintain, or increase reserves for such sewer revenue bonds, and to pay all or any part of the expenses related to the issuance of such sewer revenue bonds. The aforesaid sewer revenue bonds shall be issued pursuant to HRS Chapter 49.

SECTION 13. Monies may be transferred to or from any project in the following programs to or from any project within the same function if the transfer is necessary to construct improvements to address unanticipated conditions that may affect the public's health and safety, or to meet federal or state requirements. The Director of Budget and Fiscal Services shall report to the Council no later than 5 days after the transfer is made with a detailed statement, including the transfer amount; where monies were transferred from, including the project title; and the public health and safety emergency, or federal or state requirements justifying the transfer.

SECTION 14. In the event any of the following projects is of a type listed in ROH § 4-8.3 and is a major public infrastructure project as described in ROH § 4-8.4, no land acquisition or construction funds shall be expended or encumbered unless a Public Infrastructure Map amendment is adopted prior to July 1, 2026.

Inclusion of a project on this list does not imply that, for the purposes of Public Infrastructure Map conformance, the project is of the type listed in ROH § 4-8.3 or is a major public infrastructure project as described in ROH § 4-8.4. The administration shall provide the Council with a detailed description of the specific expenditures made for these projects in the Capital Improvement Projects quarterly status report.

SECTION 15. The Executive Capital Program for the Fiscal Year July 1, 2026 to June 30, 2027, is incorporated by reference and made a part of this ordinance in the form of narrative descriptions of each capital project in Sections 2 through 8 herein. Such Program is hereby adopted as required by the Charter. In case of any conflict between the substantive provisions of the Executive Capital Program and the Executive Program and Budget for the Fiscal Year 2027, Volume 2 ("Capital Program and Budget"), as transmitted to the Council, and this ordinance, the provisions of this ordinance and the amendments thereto shall prevail, and the specific provisos contained in the narrative descriptions of each capital project shall have the same force and effect as the general provisos contained in this portion of the ordinance.

In this ordinance, the project numbers are included for accounting purposes only. If there is a conflict between the number and the project title in this ordinance, the project title shall prevail. In Sections 2 through 8 of this ordinance, if there is a conflict between the work phases set forth in the narrative description of a project and the work phases set forth in the work phase column for the project, the work phases as set forth in the work phase column shall prevail.

SECTION 16. The Executive Operating Program for the Fiscal Year July 1, 2026 to June 30, 2027, as transmitted to the Council in the Executive Program and Budget for the Fiscal Year 2027, Volume I (Operating Program and Budget), and as amended in any Executive Operating Program amendments, is hereby incorporated by reference and adopted as an integral part of this ordinance. The detailed Statement of Revenues and Surplus contained therein may be further amended regarding any applicable fund by any amendment to the Executive Operating Budget ordinance, Executive Capital Budget ordinance, Legislative Budget ordinance, Honolulu Authority for Rapid Transportation Operating Budget ordinance, or Honolulu Authority for Rapid Transportation Capital Budget ordinance. In the case of any conflict between the substantive provisions of the Executive Operating Program, as transmitted to the

Council, and this ordinance or the above budget amendments, the provisions of this ordinance and any of the above budget amendments shall prevail.

SECTION 17. The amendments to the Executive Capital Budget ordinance attached hereto are hereby incorporated by reference and adopted as an integral part of this ordinance.

**SECTION 10.**

*Amend subsection (b) to read as follows:*

*"(b) Limited purpose monies. The City may receive monies whose use is specified or otherwise limited by the monies' source from: (1) any [ ~~governmental~~ ] government or quasi-governmental agency; (2) any private source including monetary gifts whose use is specified by the donor; or (3) any combination thereof. When such monies are received, the Director of Budget and Fiscal Services shall maintain special funds or accounts showing the monies so received and specifying the purposes for which they have been received and held.*

*Limited purpose monies shall include funding from the American Rescue Plan Act of 2021 (Pub. L. 117-2), State and Local Fiscal Recovery Funds program, even if such monies are deemed multi-purpose federal monies.*

*All such monies specified in Sections 2 through 8 of this ordinance are appropriated in the amounts and for the purposes set forth, and all expenditures shall be made as provided by law. All other such monies not specified in Sections 2 through 8 of this ordinance and [ ~~which~~ ] that are [ ~~limited purpose monies~~ ] as described in the preceding paragraph are appropriated and may be expended by the City agencies included in this ordinance if the monies are approved as provided in subsection (d). Should revenues from this ordinance or from elsewhere exceed the amounts specified, the excess is hereby appropriated and may be expended in accordance with the provisions of the monies' source and of this section; provided that: (1) the scope of the funded project shall not be increased unless approved in accordance with subsection (d); (2) the excess monies are reported to the Council; and (3) when the funded project is financed by both City and non-City funds and the revenues from a non-City fund source exceed the amount approved in this ordinance, the City fund appropriation shall be decreased by the amount of the excess revenues unless such decrease would jeopardize the receipt of the increased amount from the non-City fund source or the award of the contract.*

*The Director of Budget and Fiscal Services shall report to the Council no later than 30 days after June 30 detailing, for the capital budget fiscal year just ended, the amount of any excess monies received, and the function, program, and project to which the monies have been allotted for expenditure."*

**In the event there are monies in any City fund that, in the judgment of the Director of Budget and Fiscal Services, are in excess of the amounts necessary for the immediate requirements of the respective funds, and where, in the judgment of the Director of Budget and Fiscal Services, such action will not impede the necessary or desirable financial operations of the City, the Director of Budget and Fiscal Services may make temporary transfers of loans to the Sewer Revenue Bond Improvement Fund, General Improvement Bond Fund, the Highway Improvement Bond Fund, and the Solid Waste Improvement Bond Fund up to the total amount of the appropriations authorized herein that are specified to be financed from the sale of general obligation bonds, notes, or revenue bonds and to be expended from such funds; provided that monies transferred or loaned shall be used only for appropriations herein that are specified to be financed from the sale of general obligation bonds, notes, or revenue bonds and to be expended from the Sewer Revenue Bond Improvement Fund, General Improvement Bond Fund, the Highway Improvement Bond Fund, and the Solid Waste Improvement Bond Fund. In all other cases the Director of Budget and Fiscal Services may, with the consent of the Council by resolution adopted on one reading and without publication, make temporary transfers or loans therefrom without interest to other funds of the City.**

**Within [~~14~~] 7 days of the transfer or loan, the Director of Budget and Fiscal Services shall report to the Council on: (1) the amount of transfer or loan required; (2) the reason or justification for the transfer or loan; (3) the total amount outstanding and unreimbursed in temporary transfers and loans for the fiscal year after making the subject transfer or loan; and (4) the anticipated date of reimbursement or repayment. The Director of Budget and Fiscal Services shall notify the Council of the reimbursement or repayment of the temporary transfer or loan as soon as such reimbursement or repayment is made. Such notification shall identify the source of funding of the reimbursement or repayment of the temporary transfer or loan.**

**All transfers or loans under this section shall be reimbursed or repaid no later than 12 months from the date on which the transfer or [~~loans~~] loan was made, unless a later date is approved by the Council by resolution adopted on one reading without publication.
