

# **2021 Bill 002: ROH Chapter 14 Proposed Amendments**

---

Department of Environmental Services (ENV)  
Wesley Yokoyama

# What is Pretreatment?

- Prevent harmful pollutants from Industrial Users (IU) to sanitary sewers
- General Pretreatment Regulations – 40 CFR (Title 40, Code of Federal Regulations) Part 403
- Local Limits cap pollutant discharge from IUs to wastewater treatment plants
- NPDES Permits – Hawaii State Department of Health (DOH)
- Sewer Use Ordinance → Revised Ordinances of Honolulu (ROH) 1990, as amended, Chapter 14

# What is Bill 002(2021)?

1. Incorporate EPA's Pretreatment Streamlining Rule
  - Revises the General Pretreatment Regulation
  - Reduces the regulatory burden on City and IUs → Focus on IUs with the most potential to impact sewer system or environment
  - ROH Chapter 14
    - Article 1. General Provisions
    - Article 5. Industrial Wastewaters
2. Local Limits: Ordinance → Rulemaking

# Thank you!
