Written Testimony I believe with proper management that these lands and this trail should be open for everyone to use. The stairs are the equivalent to one of the country's national parks and the beauty of our land that everyone should have access to see if they are up for it.

Written Testimony I have never personally hiked the stairs but I feel this is such a landmark for Oahu. I would hate to see them taken down. My hope is that some agreement can be made to manage them in a way that is respectful to the homeowners around the stairs and still allow individuals to responsibly access them.

Written Testimony This stairway should be marked as a historical monument/landmark. The city could make more money by setting up an entrance and charging an entry fee - this would also allow for better control over the times of day that people are climbing the stairway.

Written Testimony The stairs have historical significance and are a part of the community.  
People will continue to climb the trail, but tearing the stairs down will make it more dangerous and perhaps cause further problems.

The Haiku Stairs are iconic. And while Hawaii has its fair share of iconic landmarks, this one is by far the most unique. The energy and money spent in preventing people from accessing the stairs could be spent on a good system allowing limited access to the stairs.

Written Testimony People are willing to pay good money for it. Consider the revenue it would bring in for the city. Plenty of hikes on the mainland are operated on a permit system to help preserve, maintain, and limit access to the trail.

Havasupai Falls in Arizona is charging upwards of \$600 and they are consistently booked! I believe the same can be done for the Ha'ikū Stairs.

Thank you for your time and consideration.

Written Testimony Although I live on the mainland in Tennessee I strongly feel there must be an alternative to the destruction of such an important landmark. I visited two years ago and this was one of the biggest factors in me planning my entire trip. I personally know individuals who have traveled to Oahu just for this.

### Written Testimony

I oppose the closure and dismantle of the Haiku Stairs. It has historical significance that should be protected. In contrary, it should be saved, made safer, and opened to the public for hiking and tourism purposes. By opening it to the public, the use of the stairs can be regulated and made safer for those who chose to summit. By investing money in making it safer and making it a historical site, the pill boxes can be turned into a museum and it will give visitors the opportunity to learn about the history of the trail and can also incur revenue to keep the stairs in proper condition.

### Written Testimony

This spot is really special and a place that has no reason not being public. In many other parts of the United States, they have parks where people sometimes (rarely) need emergency rescue, but those parks are still public and encouraged to visit. Given the beauty of the path, it is a gem that makes Oa'hu just that much more special. I would love to see some repairs made to the stairs or trails made safer rather than destruction which seems excessive. You could even make it mandatory to have a guide and mitigate public nuisance on the neighborhood by building a parking lot at the bottom of the stairs which would solve a lot of the issues at hand.

Meeting Date 07-20-2021  
Council/PH Committee Housing and the Economy  
Agenda Item Resolution 21-54  
Your position on the matter Support  
Representing Self  
Organization

I am writing in support of this resolution to remove the Ha'ikū Stairs. The structure has long outlived its usefulness, and has become a danger to the public, and a nuisance for the people who live in the adjacent community.

The extreme danger involved in climbing the stairs poses major health and safety risks, which have now become the burden of the tax funded government services, with no real penalty for those who are going into areas they shouldn't be. If the City is to be in the business of public safety, then removing access to that which is a public health risk, should be the first step taken.

Written  
Testimony

Speaking from the perspective as a resident of Kāne'ohe with friends who live in Ha'ikū, the blatant disregard for our community by hikers (many of whom are not from this community) is a public nuisance at the very least. From the noise at the wee hours of the morning, to the litter, trespassing through private and public property, parking issues, and much more, the city can be doing much more to stop all these issues with one move - the removal of the stairs.

This is not in any way, comparable to beach access and native gathering rights on the shoreline. We are talking about entitled people with colonialist attitudes towards our 'aina looking to get attention for a photo on Instagram. Not every inch of the island is meant to be trampled over. Some things are best left untouched. What would the early Native Hawaiians do?

Given the current climate of tourists and even local people and their complete disregard for our natural resources and our community, I believe we need to see this as a signal of how bad things can be without proper intervention. When a society can no longer manage itself based on broadly accepted norms, then they must be governed swiftly and decisively.

I hope you will pass this resolution and finally put an end to this debate.

## **HAIKU STAIRS REMOVAL TESTIMONY**

I have lived on the cul-de-sac at the end of Puoni Place (below Haiku Stairs) for about 20 years and problems with the stairs were present when I moved here and persist today. All attempts to come to resolution on the issues have been persistently delayed. In the meantime, the problems have become more severe with the advent of social media and increased access to the internet. The local hikers have been far surpassed by international and domestic tourist and military hikers in number.

Delays are costing more money as continued patrolling by the HPD becomes necessary and rescues become more plentiful.

Issuing citations is a waste of time and money because the majority of the cases get thrown out because the Prosecutor's Office will not take the time to pursue these. Rescues, at present, are not billed to the hikers, requiring the service, and are paid for by the City.

Kudos to HPD for their efforts in enforcement with the large electronic sign on Kahuhipa Street and their increased presence in the area with multiple officers and UTVs. A significant reduction in illegal hikers has been realized with these actions.

## **RESCUES**

Rescues in the area have become more frequent and often involve the HFD rescue helicopter in addition to HFD engines and EMS. The crews required in these rescues are huge. I imagine the cost of these rescues has increased significantly in the last 5 years. It's ironic that if you fall off your roof and need ambulance service, there will be a hefty bill waiting, the City will not foot the bill and yet, illegal hikers get rescued for free.

## **TOUR HELICOPTER TRAFFIC**

The tour helicopter traffic in the area has been and is a worsening nuisance. The tour helicopter fleet is increasing significantly and flights over the Haiku Stairs is a regular feature with these helicopters. I have witnessed up to 3 tour helicopters hovering in the area waiting for their run at the stairs. Depending on atmospheric conditions, rotor, transmission and engine noise can be bad enough to prevent normal conversation. There is no way to reduce this nuisance except by removing the stairs. It is interesting that helicopter tours through National Parks has been restricted due to noise, but not tour flights over residences. We, as residents, are not here for a couple of days of sightseeing, we live here and have no choice but to endure the noise on a daily basis throughout the year.

We also have other helicopters that fly the area. The Hawaiian Electric inspection teams inspecting power lines, Honolulu Police Dept. monitoring traffic on H-3 or looking for fugitives, filming companies shooting movie footage, military overflights to the Marine Base in Kaneohe, occasional construction flights and the increasing rescue flights. These flights I would consider necessary, but not the recreational tour flights and much smaller in number.

## **LEGALIZED AND MANAGED ACCESS**

I sincerely doubt that the efforts to "manage" the hikers will be viable. Unless 24 hour security is provided, there will always be people skirting the rules resulting in continued trespassing on

government and private property and continued patrolling. I also doubt that the effort would be financially viable.

Sincerely,

George Tai See

Written Testimony The stairway is a beautiful unique attraction to the island. It should not be removed because those of us experienced hikers, nature lovers and admirors of the island's uniqueness will greatly be affected and disappointed of the island. Decision makers should instead encourage safe hiking for a better enjoyment of the area and the trail.

Written Testimony I have climbed the stairs multiple times. A unique way to reach incredible heights in every sense. I was told by many hikers from all over the world that hiking the stairs was on their bucket list and their reason for visiting Hawaii.  
They are safe and would be even safer if the money to remove was put into repairs instead.

Written Testimony I am opposed to the closing of the Haiku stairs. They should be maintained as a historic site and opened. It seems the only concern is access. It does not seem that safety is the concern because there have been no incidents in the stairs. If safety is really the concern, hikes around the world use guide wires (via ferrata) that could easily be installed and provide safety. What a shame, and short sided to close such an amazing hike. Please save the Haiku stairs!

Written Testimony The Ha'iku Stairs are a beautiful part of history of Hawaii that offers breath taking views of the island. It's an unique experience that should be preserved. There must be a way of offering this experience to the locals as well as visitors without disturbing the residents. I plead with the city council to take the steps necessary to preserve the stairs.

### Written Testimony

I need more protection as a condo owner. I'm tired of the condo HOA's collecting money and not providing the ongoing required maintenance and reserve balance. We need to amend the maximum percentage of assessments to a maximum of 15% and if an emergency is declared and the HOA FAILED TO MAINTAIN THE PROPERTY AND THE RESERVES then the HOA shall be held monetarily responsible. My building has not done any maintenance over the last 12 years and has now declared EVERYTHING an emergency to bypass the statutory maximum for an HOA assessment. Irregardless if the reserve study. THEY HAVE NOW DECLARED A 12 million dollar emergency for repairs I AM SO DISGUSTED at the lack of prior ruin for homeowners and regulation and accountability against the HOA's

Your position on the matter Oppose  
Representing Self  
Organization

Written Testimony The stairs are an awesome piece of history. Like nothing else anywhere in the world. The 'legal' back trail route access to the summit has claimed lives. The 'illegal' stairs HAVE NEVER claimed a life.

Written Testimony Please don't take this sacred place down. I would come to Hawaii just for this hike alone, it is one of the most important things I want to do in my life and I share this in common with many others. We can make this safe, regulated, profitable, and without disturbance to the neighbors.

Written Testimony These stairs are historical and so beautiful. Truly what I envision when I think of Oahu. I saw them for my first time this May and they lived up to every expectation. It would be truly heartbreaking to see them go. Please do not take them down.

### Written Testimony

I oppose taking down the haiku stairs. Removing such a beautiful hike & terminating it takes away from one the highest most admired things Hawaii has to offer. The beauty of nature that can be seen by the haiku stairs is amazing & should be shared with the world. Yes it may take effort and \$ to keep them but as a resident of Hawaii i support that & the steps it may take. Charge a fee to help fund the upkeep.

Written Testimony I believe that it would be a terrible idea to tear down these amazing stairs. This hike is life changing and would be a bad idea to tear them down. Can't let a few bad apples ruin an amazing experience for others.

Written Testimony Having explored the many trails and routes on this island over the years years, I would say that the stairs are the safest and least environmentally degrading way for many people to ascend the Ko'olau range. The city and county, and the state, would benefit by changing this to a managed hike, charging a fee and adding additional infrastructure such as a parking lot, rather than just paying to remove the stairs. This fee could be used help pay for improvements and offset the cost of rescues.

### Written Testimony

I have climbed to the top back on 11/28/2019 with my 12 year old daughter, two women from Ireland and a personal guide who was able to guide us to the top without disturbing the locals. It was not only one of the best views but such a wonderful challenge to make it to the top. Please don't take away the jewel of the stairs. If anything, set up a donation account where people from around the world can donate and help preserve or rebuild the steps to make it safe and enjoyable for everyone. You are the ones who can make this happen. Please for the sake of many who enjoyed this climb and others who always dreamed to climb this, vote to keep this alive. Thank you

Written Testimony The haiku stairs are a draw card for so many overseas travellers to Hawaii I have been a law abiding citizen my whole life and to have to feel so nervous about seeing one of my favourite attractions was a real shame. In Australia that hike would be promoted, the infrastructure put in to make it safe. It's a draw card use it to your advantage. Don't make travellers to your wonderful island feel like criminals to view the amazing vistas that the stairs offer.i wish you all the best from Tasmania Australia.

Hi,

The Ha'ikū stairs are truly spectacular. Awe-inspiring. Surreal. To those of us who have been to the stairs, those of us who have hiked these mountains many times, we cannot help but feel strong and negative emotions at the thought of these beautiful stairs - the crown jewel of the mountains of Oahu - being torn down.

Written  
Testimony

I myself am an immigrant to Hawaii, but I have hiked the stairs many times with my friends, local and Hawaiian alike. For my friends and I - young, athletic, adventurous, with such love for this island - we generate enormous benefit from these stairs. They keep us safe atop the ridge, allow us to venture further down the mountain, and increase our appreciation for the nature we seek to preserve. It would be incorrect to imply that the stairs are to the benefit of tourists but not the locals - many of us benefit from this beautiful hike, too. We hope the stairs - particularly the stairs at the peak through to the lookouts - will be preserved for these reasons.

We also recognize that the residents of the Ha'ikū neighborhood are frustrated by the attraction of the stairs. As I understand it, they are frustrated by hikers parking in their neighborhood, walking through their neighborhood, and believe (whether correctly or incorrectly) that the stairs are unusually dangerous.

It is unfortunate that this conflict exists, and many believe it cannot be solved. Perhaps in this political and economic climate, it cannot. But I hope the stairs might be fully preserved, from top to bottom, in the hope that men and women wiser and kinder than us and with more resources might one day resolve the issue.

Solutions, it seem, do exist. For example, there are many existing roads and unused buildings

below H3 and behind the Ha'ikū neighborhood. If the funds existed, an exit off H3 could be built and funneled into a parking lot. If that were done, the residents would never have to see another hiker again and hikers could continue to use the stairs. This is one possible solution, which perhaps we could one day pursue.

Thanks for reading, and good luck,  
Nick McGreivy

### Written Testimony

I have always dreamed of hiking the Ha'ikū Stairs. I have been planning and saving for a trip to Hawaii for 5 years now and would love to take my family on this hike (legally). If the stairs were maintained and safe, I think they would be such a unique way to really experience the beauty of Hawaii! I would be happy to pay an entrance fee (as I think most hikers would) to help cover the maintenance and surveillance of the stairs.

### Written Testimony

I've been living in Kaneohe since 1966 and I was taught at a young age that if you protect and care for the aina it will take care of you! Over the years I've watch Kaneohe grow from a quiet, sleepy town to a busy and congested town. My family and I moved from William Henry Road to our current resident on Puoni Place in the Hokulele Subdivision back in 1988, just below the H-3. At the time it was a new subdivision with the first group of new residents moving in around 1986. Knowing that the Haiku stairs existed, we never had any problems with trespassers, hikers or tourist helicopters due to the fact that the stairs or access to the stairs were control by the Coast Guard and the Federal Government! It seems as though that after the completion of the H-3 and the maintenance access road to the tunnel, as well as the closing of the Coast Guard's Omega Station, the Haiku Stairs began to get a lot of recognition! Being this close to the stairs has had our community up in arms with the trespassing in our neighborhood, property damage on our private property, hikers leaving trash all over and causing parking problems where if there's a parking complaint all car gets ticketed even if we're residents living in this subdivision! Trespassers, hikers and helicopter tour operators don't have any respect for our community and surrounding neighborhoods. This is my third testimony I'm giving and it is time to say enough is enough! We cannot control the trespassers, hikers, social media and tourist helicopters even with big signs that spells out ILLEGAL! In addition, the State and City is putting our First Responders (HPD, HFD and EMS) in harms way every time they are called to assist, cite, arrest or even rescue! There is no other option but to REMOVE THE HAIKU STAIRS COMPLETELY!

P.S. Personally, I feel that you could have saved the taxpayers money if you took up the offer from Kualoa Ranch!

Agenda Item Resolution 21-154  
Your position on the matter Support  
Representing Self  
Organization

I, Lorrie Ann Santos, support Resolution 21-154 introduced by Councilmember Esther Kia'aina, and ask for your support to remove Ha'iku Stairs and its accessory structures.

It is time to end the onslaught by thrill seekers to climb Ha'iku Stairs in total disregard of existing laws, government-erected fences, locked gates, trespassing signs, and police presence.

Written  
Testimony

I've lived below the Stairs for 34 years and witness the daily intrusion as a result of social media forums. None of these "hikers" care about the environmental damage caused by the daily intrusion that has exceeded over 1 million people, nor are they interested in the botany, cultural or natural history of the stairs or the area, of which there are existing learning forums in the community, such as Papahana Kuaola and Paepae o He'eia.

Ha'iku Stairs should have been removed in 1950 when it was decommissioned and had outlived its military purpose and structural life. It should have again been removed in 1987 when it was in disrepair with unresolved land usage rights issues and unenforceable management. Strike three was when the Board of Water Supply completed its EIS that recommended removal of the stairs. Isn't over 30+ years enough proof that limiting access to the stairs is unenforceable and unmanageable?

The front page of the 7/18/2021 Star Advertiser reads "There's Too Many Visitors." Welcome to our world for the past 30+ years. Please support Resolution 21-154 to remove Ha'iku Stairs and its accessory structures.

### Written Testimony

I oppose the removal of the Ha'ikū Stairs. This hike is an amazing opportunity for active adults to get out and see the absolutely breathtaking beauty of Oahu from above. I feel like there should be necessary steps started to make the hike safer and more accessible to the public without upsetting the local residents. Maybe a lottery system like other parks/hikes do on the mainland U.S. for sensitive areas.

### Written Testimony

I live on Puoni Place in the Hokulele Subdivision just below the H-3 and I support removing the Haiku Stairs. From my house you can see part of the Haiku Stairs. All this humbug with the trespassers and hikers been going on for years now. They make noise late at night or early in the morning and make dogs bark and go crazy. Most of the people who trespass and hike not from here because some speak different language. They have no respect and no listen. Sometimes big van come up the road and drop off big load of people trying to go to the Haiku Stairs by the Board of Waters Supply road. When you tell them it's illegal they stick finger, answer back and some even make threats and like fight, so we call the police. Social media, hiking clubs and tourist information makes it worst. They park their cars that block driveways, trash pickup and EMS. They cause property damage steal water and other kind stuff, make shi shi and leave all kind rubbish. These trespassers and hiker are humbug and NO GOOD! Only way to fix this problem is to remove the Haiku Stairs once and for all! Enough is Enough!

### Written Testimony

Please do not remove the stairs! It's a piece of history and an attraction that with the right management can be a lucrative and safe piece of adventure tourism for the state economy. Please do not take this opportunity away. People will always take risks on the coasts yet we would never consider closing beaches and shoreline even though statistically they are far deadlier than mountain recreation in the state.

Hi.

I oppose tearing the Haiku Stairs out. It's a beautiful piece of history that should be preserved.

I know neighbors have an issue with the bad eggs making noise and going through yards, but that can easily be fixed.

Don't let this great hike go to waste.

Written Testimony Aloha,  
Neil Young

Written Testimony I believe the haiku stairs should remain in place for historic purposes. Not only that, but leaving them up can become a first step towards eventually choosing to revamp and reconstruct the stairs which can eventually allow safe access to be given to hikers in controlled groups for tourism. It is a beautiful, once in a lifetime opportunity to experience the stairs and they should remain in place.

### Written Testimony

I can not believe I have to keep submitting testimony on the future of the Haiku Stairs. Our current Mayor campaigned saying he wouldn't allow the stairs to be torn down, our previous Mayor apparently agreed for the city to accept responsibility from BOW with the understanding he wouldn't tear it down, and now THIS AGAIN?!?! My local representatives campaigned on saving the stairs as well. I'm tired of everyone saying what they want at the time just to get my vote and then doing whatever they please afterwards. You wonder why politicians get such a bad wrap.

Do not tear the stairs down, control access and the land and move on.

It's appalling that this is being considered yet again. The public has spoken, they want the stairs to remain intact. Just do what the public wants and fix the stairs and provide a legal way of accessing them.

Written  
Testimony

Aloha,  
I'm writing you today to beg you not to remove Haiku Stairs. This valued hike could be used to inject more money into the local economy instead of raising taxes. Charge residents a discount rate, charge non residents a higher rate. Make everyone sign a waiver to release responsibility from city and county. Charge for parking. This is a missed opportunity to turn this into an investment for the island of Oahu. Friends of Haiku stairs is more than ready to step up and assist.

Mahalo,  
Kris

## Written Testimony

Name Steven Crisp  
Phone 603-732-3668  
Email scrip@mac.com  
Meeting Date 07-20-2021  
Council/PH Committee Housing and the Economy  
Agenda Item RES21-154 (Removal of Haiku Stairs)  
Your position on the matter Oppose  
Representing Self  
Organization

A year ago the decision was made to save the Haiku Stairs after much deliberation and input. Now, under a new administration, the effort to remove the stairs has been quietly championed, despite all of the public input that had been received (and listened to) previously.

I STRONGLY OPPOSE the removal of this unique, iconic, and historically significant landmark, especially under such circumstances.

### Written Testimony

SAVE THE HAIKU STAIRS!!! Put them under management and make them available, with land access provisions that do not impact the neighborhood, and charge significant usage fees for visitors, implement a reservation process, and allow locals to hike them for free or minimal fees.

Please do not allow this amazing asset be lost for your citizen's enjoyment! PLEASE OPPOSE REMOVAL OF HAIKU STAIRS!

Mahalo,

Steven Crisp, 1320A Kamahale St, Kailua, HI

Written Testimony Please please don't tear down the Haiku Stairs!!! They are such a cool part of our history as a country. There are many other hikes that are just as dangerous, if not more, and there have been numerous suggestions and plans as to how to minimize the impact to the residents that are bothered by the stairs.

I want to return to Hawaii and climb the Haiku Stairs when they're legal!!!

### Written Testimony

Please, do not tear down these stairs. They have a history. They're not a nuisance. For the groups who cause problems while climbing them, there are hundreds more who respect and comply (well, comply with common courtesy to the neighbors) to get up there, enjoy nature and indulge in an incredible, once in a lifetime adventure and a chance to see those fantastic views. I lived in Lanikai for a few years and I understand the high "traffic" issues, but it goes with the territory. People would be remiss to not try to experience this. Mahalo for your time. Aloha.

Written Testimony I believe that there are more benefits to keeping and opening up use of the Haiku Stairs than there are to paying exorbitant amounts of money to tear it down. Run properly by a non-profit or a business, the Haiku Stairs can be managed safely with no impact to the community and actually make the City money.

### Written Testimony

Create a permit system/lottery to allow access to this incredible, historic hike. Funds used could benefit community by creating jobs, cut down on illegal access disrupting the neighborhood, and fund maintenance to keep stairs in good condition. Cutting off the manmade option for this hike increases the backcountry rescue efforts and the erosion from all the traffic on the backside/legal way to reach this spot. With minimal maintenance, this hike would be safer than Angels Landing in Zion NP.

Written Testimony The O'ahu community has repeatedly, overwhelmingly asked to maintain and take on the responsibilities that the stairs require. We want to use them as a resource to educate about Hawai'i's natural resources and culture.  
Please vote no on removing them.

Written Testimony My son and I have been walking and running the Haiku Stairs for over 20 years. It is a treasure to all who have had the chance to traverse them. Do not take that away from future generations of naturalists and explorers. Nothing could replace this experience for my family. It will be like losing a dear friend. Thank you!

Written Testimony Please save the Haiku Stairs. I was born & raised in Kailua and I have grown up hearing of them and hope to hike them one day. Please find a way to allow a small number of permitted hikers to access the stairs. Thank you.

Written Testimony The benefit of having continued access to this crucial Oahu Treasure cannot be overstated. Personally, the opportunity to use this trail path at a very difficult period of my life and the memory there of, saved me from suicide and inspires dreams of returning to my home in the Pacific. Thank you for allowing my testimony. Aloha.

## Written Testimony

Name Allison Crisp  
Phone 8082021501  
Email acrisp@mac.com  
Meeting Date 07-20-2021  
Council/PH Committee Housing and the Economy  
Agenda Item RES21-154 (Removal of Haiku Stairs)  
Your position on the matter Oppose  
Representing Self  
Organization

A year ago I voted to oppose the removal of the Haiku Stairs and I will do the same today. The Haiku Stairs is an amazing and unique landmark that should be able to be managed so that all can enjoy the natural breathtaking beauty of O'ahu safely and while generating revenue for our state from tourist visits.

I STRONGLY OPPOSE the removal of this unique, iconic, and historically significant landmark, especially under such circumstances.

Written Testimony SAVE THE HAIKU STAIRS!!! Put them under management and make them available, with land access provisions that do not impact the neighborhood, and charge significant usage fees for visitors, implement a reservation process, and allow locals to hike them for free or minimal fees.

Please do not allow this amazing asset be lost for your citizen's enjoyment! PLEASE OPPOSE REMOVAL OF HAIKU STAIRS!

Mahalo,  
Allison Crisp, 1919 Date St. Apt. 3, Honolulu, HI 96826

Haiku Stairs is an international potential World Heritage Site and icon.

Written Testimony All of the valid Kaneohe residents' objections to the Haiku Stairs have been addressed in the FHS managed access plan. It can be run by a 3rd party and avoid any conflict with the neighborhood. Read the FHS plan- everyone has an opinion but if they read the plan, their conflicts have been addressed.

Organization

Written Testimony I believe the Haiku stairs are a Hawaiian treasure that should remain for future generations to use. The city needs to develop the stairs, provided parking and online signup with staffing, create access from the state hospital and charge users so that it remains something that is talked about worldwide and brings attention to the beauty of the Windward side. Mahalo for opposing.

### Written Testimony

The Hai'ku Stairs are a part of our history and a landmark of the island. In a time when we are tearing down all of our history, this is one thing that should stand so that future generations can experience the accomplishment of making it to the top, and enjoy the beauty of the island from such a picturesque viewpoint. This could turn into a revenue stream for the city as well if handled properly. There are enough people who feel strongly enough about the stairs to support it now and in the future, and many more who would pay to visit. Please let the stairs stand, and repair if possible so they can be enjoyed by everyone.

There is nothing else in the world quite like the Haiku Stairs. They add a wonderful and unique element to the Oahu experience and present a unique source of potential tourist revenue.  
Removing them would tell the entire world that we simply don't care about history.

Written  
Testimony

Aloha Kakou, I am a longtime resident of Windward Oahu. I have hiked the Haiku Stairs when it was still legally accessible and hiked extensively throughout Oahu and around the world. The Haiku Stairs are a significant cultural, historic, and natural resource. It is no more dangerous than dozens of other hikes. The problems with the surrounding neighbors are a result of poor management. With proper management the stairs can become an amazing resource for the community and visitors. To remove the stair would be a tragedy.  
Mahalo,  
Christian

Written Testimony There are creative ways to save HAIKU STAIRS. The Zion has the Angel's Landing, the Yosemite has the Half Dome, Hawaii should have the Haiku Stairs.  
If Hawaii has the Haiku Stairs, will be one of the main attractions to help bring tourists as well as prospects and revenues.

### Written Testimony

As regular visitors to Oahu from New Zealand, my family and I try to enjoy all the outdoor activities and sites of cultural significance that the island has to offer. The Haiku Stairs are a unique and culturally and historically significant feature that has the potential to be a major tourist drawcard and they are certainly a feature we have often lamented at not being able to access. Please do not make a convenient decision now that future generations will regret.  
Thanks.

Written Testimony The Haiku Stairs Hike is always voted the best hike in Hawaii. I think it is a shame that residents are not able to access this beautiful hike and that officials are considering removing it. I would pay a guide or entry fee if it allowed me the opportunity to go.

Written Testimony I oppose taking the Haiku stairs down. These stairs are a part of Hawaii's history! Whether they are open to the public or not they are a relic of the past that should not be destroyed. Have you hiked them? I have traveled the world and would consider these stairs one of my personal 7 wonders of the world! Please do not destroy these!

### Written Testimony

It would be a shame to lose the iconic Haiku Stairs. I believe that if they were maintained and people had the opportunity to pay to go up there the issues of trespassing in neighborhoods would be resolved. It only happens now because they believe it's one of two options to access the stairs. The stairs offer a one of a kind experience with amazing views of the east side.

Written Testimony The Haiku Stairs must be preserved as an artifact of the Second World War as well as a world-class hike that is unequaled.  
According to polls, more Hawaii residents want to keep the stairs than a minority that wants them removed.

Written Testimony Don't tear down the Haiku stairs! It's bad enough that we've been waiting years, even decades for them to be open. There are ways to manage it responsibly so that the neighborhood nearby is not disturbed. Get on with choosing a vendor to run it instead of wasting a million plus tax payers dollars on destruction.

Written Testimony I am an active older hiker and I cry over the decreasing access to hikes that I have hiked for many years. I have never had the opportunity or the time to climb Haiku Stairs. Now that I'm retired, I have time. But now I may not be able to because of all this turmoil. Many hikes have been closed and are being closed because some people are bothered by people trying to access a trail. Please find a way to keep the Haiku Stairs open and available.

Written Testimony Removing the stairs is a horrible idea and waste of money in such a critical time for the island. Let the stairs area become a revenue generator to preserve history and local culture for years to come.

Written Testimony We went up and down those stairs weekly when I was a kid. Getting to the top was achieving a little bit of heaven. This is a state treasure and should be set aside to become a park! Do not eliminate this wonderful attraction!!

Your position on the matter Oppose  
Representing Self  
Organization

Written Testimony I oppose the removal of the Haiku Stairs. It is an important historic engineering achievement and a beloved hike. Reservations could be required as well as fees, and a guard could regulate access. Hikers could be required to sign waivers of liability. Fees could go toward maintaining the stairs and paying for the guard. It seems that the effort/expense to remove them could be better directed someplace else.

### Written Testimony

The bill if passed would be snatching defeat from the jaws of a hard earned victory via the efforts of the late John Goody and other similarly involved. These individuals including yours truly, made efforts to not only preserve this unique historical and recreational resource but made diligent efforts to address all concerns. These efforts resulted in a win-win management model wherein community concerns were addressed and the resource could be used by locals, such as myself, and tourists. The State and likely County would benefit via indirect and possibly direct taxes or fees on the use of the resource. Another recreational resource in the County's portfolio of such adds multiple facets of value. Tearing them down screams defeat and a value loss for posterity. That would be an horrific legacy tfor future generations.

Written Testimony I feel it would be a shame to remove such an iconic and historic piece of Oahu. It is a place that should be managed for limited access, much like Hanauma Bay. It should be a place of education, and one to be enjoyed by hikers aware of the physical requirements necessary to scale the mountain.

Writing in support of maintaining our valued treasure, the Ha'ikū Stairs. We only have one chance to do the right thing!!! Accessing the stairs legally, safely, and friendly to the neighbors will prevent the problems we have today, where access is only done illegally.

Written Testimony Therefore at the 7/20 meeting, I OPPOSE RES21 - 154 under Housing and the Economy.  
Mahalo,  
Bob Bachman

Written Testimony I strongly oppose this bill. The Ha'ikū stairs are too unique to let go of so quickly. There are more options out there for managing the stair, and there are many more of us who want to see them preserved, than the vocal minority who want to see them destroyed. Mahalo for you service to our community.

### Written Testimony

I support the removal of Haiku Stairs. It is high time that this matter concludes, once and for all! The disruption that hiking in that area has caused to the residents of that area is incredible - noise in the area from 2am in the morning on as people begin hiking those stairs "to see the sun rise!", to hikers using residents' yards as their bathroom, as well as the danger that hikers may encounter which may cause HFD/HPD to have to fly their helicopters to the rescue and/or hike up and down for the same; our HFD and HPD employees endangering their lives as well!. There are other, safer areas where people can hike to see the Windward side view and the sunrise! It is TIME to end this and close the steps for the RESIDENTS of this community who are tax payers and kama'aina to this land! Get with it, City Council and please do the right thing!

I am a 72-year old kupuna living in neighboring Kailua - we have our own challenges, for sure! But as 'ohana to people who live in that area, I support this bill wholeheartedly.

Mahalo. Mahealani McClellan

Your position on the matter Oppose  
Representing Self  
Organization

Written Testimony There is history behind the stairs and it's such an attraction on the island. They should be preserved and highlighted, not demolished. It will be such a shame if the stairs are lost.  
I would love to one day to be able to climb the stairs as I'm sure there are so many others that feel the exact same way. Please preserve them.  
Thank you

Written Testimony Please protect the Haiku stairs. Although not original, they are historic and should be cherished. It would be a loss to lose these iconic stairs and not reopened to the public, even if it were controlled access by permit hikers only. Frankly, think of the revenue that could generate to offset their maintenance cost. Volunteers could lead walks and it could be very well done.

Me and my family have waited for years to hike these stairs. We've been to Hawaii 11 times and will make a special trip when they become legal to climb.

Written  
Testimony

I am opposed to removal of the Haiku Stairs. There is nothing like it anywhere. It is a treasure for Hawaii's hikers, and there ought to be a way to relocate the entry so that it doesn't force them to trespass on private property. Also, it is my understanding that a private organization has been formed to control use and collect fees to support maintenance. They ought to be allowed to succeed.

Written Testimony DO NOT remove the Haiku stairs!!! We (my wife and I) oppose this! Instead provide controlled access via Haiku Valley as in the old days when the Omega station was there. All problems will then be solved!

Written Testimony Please do NOT remove the Ha'iku Stairs. These stairs are a critical part of the island's history and it would be tragic to remove. Instead, use as an opportunity to boost tourism. Much like the gorgeous beaches, these stairs are world famous!

Written Testimony For me, hiking the Haiku Stairs (in the 1980's) was a magical experience that everyone should have the opportunity to do. We should save the stairs and treasure that experience.

Written Testimony This wonder of the world is not only too beautiful to take away from those (worldwide) willing to take the hike, but the state spent so much money making it very safe! Surely, it would cost more to take it down, especially when the state could CHARGE money for people to do these stairs, which I know they would be happy to pay for this once in a lifetime experience! Please don't take them away, it is such a waste on so many levels.

Written Testimony The Haiku Stairs are such a unique part of what the Koolau Mountain offers those who love the outdoors. They are particularly special to those of us who grew up with it in our backyard. They are cherished in Hawaii, and renowned world-wide. Please protect the stairs!

Written Testimony I vehemently oppose the removal of these historic stairs. They should be repaired, maintained and open to the public in a limited and controlled capacity. a nominal fee for entry will help create revenue for its maintenance.

Written Testimony I lived on Oahu for 5 years and the Haiku stairs are an iconic infrastructure that should remain. With the right resources and safety measures, I believe this could be an attraction of high benefit to the council and the community if given the chance.

### Written Testimony

In my view,the view from the top is the best view of any other spot on Oahu. I want to take my grandkids up there when they are older. I think the stairs are super-safe with handrailings on both sides for safety and to help you climb up and down. Of course some spots need repair but small price to pay for a killer view. Figure out the logistics of parking, neighbors, fee, etc. and please keep the stairs for visitors and locals.

Written Testimony The Haiku stairs are a treasure that should not be removed. I am in strong opposition to removing them. I have lived in Hawaii 26 years and have never had the opportunity to experience them. They should be repaired and reopened with managed access. Let the residents have access to the stairs to enjoy this amazing experience.

Written Testimony I'm highly against tearing down the stairs. These stairs are a part of our history and allows people to see a part of our island that cannot be seen anywhere else. There are limited areas to hike on our island, it's a mistake to remove one of the most fantastic ones. Please consider refurbishing and making the place safer.

Housing and the Economy

Written Testimony RES21-154

Oppose

I think that Haiku stairs are a major tourist draw, and it would be foolish to dismantle them.

Written Testimony The Haiku Stairs are very safe... safer than a lot of other Oahu trails. I'm in my 60s and I have started from Moanalua Valley Neighborhood Park, hiked to the top of the stairs, and then come down the stairs. The stairs were by far the easiest part of the hike.

Your position on the matter Oppose  
Representing Self  
Organization

I strongly oppose taking down the Haiku Stairs. They should be treasured, not thrown away! Destroying such a precious place should not be an option. The turn of direction concerning Stairway to Heaven feels like a betrayal after the progress made towards preserving the stairs and opening it to the public again.

Representing Self  
Organization

Written Testimony This is a historic trail with Grand views.  
No one has gotten hurt on the stairs.  
People have died trying to get to them since they are closed. More people are hurt at our  
beaches than hikers, But we do not close them

Written Testimony Please do not destroy or remove Haiku stairs.  
They can be repaired and maintained by local organizations.  
This is all brought up by one group that live near the stairs. There are easy solutions for their issues.

### Written Testimony

I believe there is amazing potential for Hawaii and surrounding areas to benefit from the Haiku Stairs becoming a managed attraction. These stairs were my sole reason for visiting Oahu and were what brought me to Hawaii to begin with. Even without the stairs in place, hikers are taking less-safe routes to see the top of the ridge. I believe the stairs and the land surrounding the stairs should be respected by all guests (tourists and locals alike) but there needs to be more management involved. This sight changed my life for the good, and it is an accessible way for us to experience the beauty and magic of our planet!!

Written Testimony  
Testimony Attachment  
Compromise is what elected officials were voted in to represent. These haiku stairs are an iconic symbol of adventure from Hawai'i to the world, notwithstanding a cherished local activity. Don't buy into the noise of the opposition. There is a concerted island community effort that recognizes the stairs can stay and the residents of haiku can still be happy

Written Testimony The stairs are a heritage and a resource that, if managed well, can benefit the local community and be a huge draw for people from around the world. What a pity to remove something so special! Regulate it well and charge admission. Turn it from a liability to an asset.

Your position on the matter Oppose  
Representing Self  
Organization

Written Testimony Aloha, I am writing to oppose the dismantling of the Ha'ikū stairs. I feel it could be ran cost effectively and set up in a way to respect the neighborhood. It's an experience like none other and should be shared with those craving a slice of heaven on Earth. This is our home. Don't tear down all that hard work.

Written Testimony The haiku stairs are an incredible historic sight and would benefit Honolulu when managed in a positive way. An entry fee and registration to regulate visitors, the fee could get used to maintain the stairs or for other projects, schools aso. It is already a tourist attraction so why taking it down with all its future benefits and possibilities?

### Written Testimony

Haiku stairs, aka stairway to heaven, is an iconic hike on the island of Oahu. We don't have the Kalalau Trail. We don't have the Waimanu Valley hike or Kilauea National Park. We don't have a Haleakala or Sliding Sands Trail. We still do have Stairway to Heaven. It is a hike that offers breathtaking scenery and many aspire to complete it. I know it has led to injury to some. What hike on Oahu hasn't? Residents in nearby neighborhoods complain about hikers traipsing through their community... Let's work with them and also not post guards at very early morning hours (encouraging hikers to get there even earlier).

Written Testimony Closing one hike will put pressure on other hikes. This hike can be safe if it is fixed up and has a legal parking area. I don't live on that street, but I do live on a street connected to a hike and also deal with tourists and hikers. I don't mind them. I do mind that the county hasn't provided a trash can for them to use.

The main complaint u get fr neighbors, is the parking. State shoud provide parkn somewhere open & charge ppl. There's not a lot of foot traffic like Diamond Head, to justify closing this hike. Also, there's not enough healthy ppl on this island to make the long trek up & down. One has to have terrific cardio & no knee/ hip issues.

Written  
Testimony

State should focus on getting The Rail on schedule - THAT's going to be the MOST expensive project for this island, not this hike. It might make us bankrupt, like when Greece overborrowed for the '2004 'Olympics. Forward this to Ige & our Budget Committee. Increasing our taxes overtime, won't be able to cover for a new Aloha Stadium & The Rail- what in da hek are u guys thinking?!? And adding more hotels & condos for more property taxes, hA! MORE TRAFFIC, MORE COMPLAINTS. This issue of closing & doing upkeep for The Haiku Stairs is infinitesimal in comparison.

The Rail budget will blow up in ur face. State should of done it when Fasi recommended it years back, b/c traffic in the future will be deadlock randomly throughout the day w/ all this ongoing construction.

Dumb-dumb-dumb!

Written Testimony Haiku Stairs is a world-class attraction that should be saved for locals and visitors. We have fought for many years to save it from destruction and was blindsided by current administration. Community members should realize that making it legal will keep most people from trespassing and a legal place to park will be implemented.

Written Testimony Unbelievable to me that this even needs a vote. Did we have to vote to oppose destruction of the Diamond Head trail? Lanikai pillboxes? And the Haiku Stairs are a thousandfold more deserving of preservation considering the effort and engineering that they represent. OPPOSE, of course.

### Written Testimony

This trail is a state treasure. A lot of work and money were put into installing the stairs. It is one of the most beautiful hikes in the world. Keep it open for the public.  
It is also excellent exercise for our residents. The government has to stop treating us like children. It's time for people to take responsibility for their actions. Make a law that if you were on the trail and hurt yourself you are liable yourself, not the state. It is time you stop treating us like children and telling us everything we can and cannot do in our every day lives.

Written Testimony I do not agree with the removal of the Haiku stairs. Please find a way to fix it, restore it so it's safe to use. Set in place a permit request and charge a fee for it, for those that want to use it. Set up a committee to protect the environment where the stairs are located and educate those who wish to visit.

### Written Testimony

It appears this committee wants to eliminate history. There is a group, a very large group, wanting to take the responsibility for repairing and governing the use of the Haiku Stairs, but this committee appears to want to eliminate one of the most critical acts of destruction, on Oahu. There's more to Pearl Harbour than the Arizona. Letting people experience what the People did, in the early 1940's, in attempt to make sure this destruction never happens to Oahu, again. I have the Haiku Stairs on my Bucket List and if you eliminate the Haiku Stairs you eliminate the opportunity for me to ever return to Hawaii. I have visited Hawaii, many times from Canada and I even lived in Waimanalo for 6 months. Generally, the stairs are in good condition. Control the number of people using the Stairs and you can control the impact it has on the community. Control, means legally allowing people to ascend the Stairs and fining those who break the rules.

Dear Sir or Madam

Written  
Testimony

Please do not destroy this unique part of WWII History. I would suggest to reopen it to the public. This would be beneficial for a) people to remember the men of honor b) create a hiking experience unique to the world c) help to protect the nature and neighborhood.

Best  
Matthias

Written Testimony This trail and these stairs should be preserved for Hawaii residents and visitors. Tearing them down is taking away a wonderful natural resource for our community. It saddens me that people will instead have to continue to trespass. You can prevent this mistake from happening by voting against this measure.

Organization

Written Testimony I think regulating haiku stairs would be a much better decision than tearing it down. Have individuals buy passes as we do for so many other destinations like diamondhead would provide funds to the community. Also, please fix your website coding as it was incredibly hard to input the proper date for this meeting.

Written Testimony The Haiku Stairs are a national treasure.  
Dismantling them is incredibly short sighted.  
I am sympathetic to property owners at the base of the stairs who are pushing for their removal but a middle ground can surly be found for the greater good of all people who enjoy this unique piece of world history. I am strongly in favor of preserving The Haiku Stairs.

### Written Testimony

The stairs are a world class, one of a kind, historic structure. The removal would be a tragic loss. What is required is leadership! The problem of noise and conflict with the neighbors could be solved by reopening the old parking area in the valley and providing access via the maintenance road that was used during h3 construction. This has never been an impossible solution. It requires people who are willing to lead and get the job done. Do not let this structure go to waste.

A spectacular piece of history should be treasured not destroyed. The stairs are one of the greatest hikes in the world, tearing them down would be a huge loss.

I have been waiting years to legally climb the Ha'iku Stairs. This is a unique, healthy activity which can not be duplicated anywhere else in the world. With so many areas of Oahu being invested in, preserving this outdoor experience should be a priority of the City Council for future generations.

With respect to those living in the area and concerns for rescues which have occurred without proper management, like with other popular outdoor island activities, many of these issue can be dealt with positively when those who care most are part of the solution process.

Thank you, appreciate your time in this important matter,  
Richard Marshall  
Pearl City, HI

Written Testimony Since the hiking trail and the stairs are damaged due to wear and tear, we as a community will love to gather some funds to repair the damages to make the hike available to the public.

Written Testimony We need to work together as a community to help repair the Haiku Stairs so that the site can remain an attraction to the public. Once the Haiku stairs become safe and easily accessible, this will help drive up the tourism industry and bring more excitement to the island. We need to reserve the island's beauty and as long as there are strict guidelines placed we should be able to keep the place better than it was.
