Written Testimony

I strongly support Bill 27 (2021) which which would require an applicant for a special management area use permit to provide written notice of such presentation to owners of all properties adjoining the proposed project or present the proposed project to the applicable neighborhood board or appropriate community association prior to submitting an application to the Department of Planning and Permitting (DPP). The community affected by a project requiring an SMA has more knowledge of the area and the potential impacts than would not be common knowledge to DPP or even the applicant. Concerns raised by the community should be recorded and be part of the package submitted to DPP.

Agenda Item 1. Bill 27 (2021) - Relating To Special Management Area Use Permits
Your position on the matter Support
Representing Organization
Organization Kahalu'u Neighborhood Board #29
Aloha kākou,

On July 14, 2021, the Kahalu'u Neighborhood Board #29 adopted the following motion unanimously and I, serving as chair of the board, submit our testimony in support:

Written
Testimony

The Kahalu'u Neighborhood Board supports Bill 27 relating to Special Management Area Use Permits, which requires that, prior to submitting an application for a Special Management Area Use Permit to the Department of Planning and Permitting, the applicant must present the project to the neighborhood board of the district where the project is located.

Mahalo nui for your time and consideration in advancing this measure.

Me ka ha'aha'a,
Ka'ano'i Walk
Chair, Kahalu'u Neighborhood Board #29

Your position on the matter Support
Representing Self
Organization

I write in Strong Support of CR-223 Bill 27 relating to Special Management Area Use Permits, requiring that prior to submitting an application for a Special Management Area Use Permit to the Department of Planning and Permitting the applicant must present the project to the neighborhood board or appropriate community association of the district where the project is located.

Too often communities and residents are blindsided by project activities without notice, left to fight battles over zoning, environmental, health and safety concerns and violations when it's too late.

Written Testimony Projects should be required to go before the community associations first, before they ever have a chance to submit a permit application.

As Councilmember Heidi Tsuneyoshi said in today's Honolulu Civil Beat: "This is hopefully a way to get the community and developer on the same page instead of having so much division and tension within the communities."

Residents should be able to count on agencies like the DPP to do the job that they are mandated and entrusted to do in the public interest.

Written Testimony

Aloha Council,
I am in strong support of Bill 27, which requires community consultation prior to submission of any SMA permit to DPP. This will fix a big gap in the land use approval process, even if the community input is only advisory, that voice needs to be heard early and often. This consultation with either Neighborhood Board or Community Association will be a big improvement in transparency and accountability. I note the DPP has stated its support, which is encouraging.
With our sincere thanks to our North Shore Councilmember Heidi Tsuneyoshi, I ask you to pass Bill 27.
Mahalo,
Denise Antolini

Written Testimony Dear Council Members, Please support this measure which will allow communities to learn about and respond to proposed development in their neighborhoods. SMAs are uniformly important and intelligent management will be increasingly so as climate change effects increase. They are also a critical component in managing overtourism. Thank you for introducing and making this access to the people you represent.

Written Testimony I strongly support Bill 27. We need more public/community vetting of SMP projects prior to DPP action. Plus minutes of the public meeting should be required as part of the submittal to the DPP. No one likes development surprises.
