Agenda Item 21-194
Your position on the matter Oppose
Representing Self
Organization Hawaii Baptist Academy

While you believe that you have Hawaii's best interest at heart, "implementing a mandatory proof of "health Card" is not the direction we should take at this time. First of all, thank you for the privilege and the opportunity to voice my opinion.

Written
Testimony

Secondly, without pointing fingers to anyone, I believe we've got this whole scenario of COVID19 and the vaccination all wrong. As the old adage, "there's two sides of every story," Can you listen to the other side of the story that social media has kept hidden from the general public? Go to Calvary Chapel Komo Mai and scroll down to News We Can Use and please listen to other top experts in the medical field share their findings on both COVID19, the vaccination and it's cure. This is what, I believe, your constituents, the local people, our Ohana and fellow Americans need to hear that will give them a sense of hope and being able to see the light at the end of the tunnel in these most unsettling times. We need to come together and unite one with another instead of invoking fear and causing division within the family, between family and friends, closing our local small businesses, closing churches, increasing unemployment, loss of jobs, and ruining lives.

Lastly, please refrain further mandates. Minimizing the spread of COVID by passing another mandate is adding further negativity, hopelessness, detriment and undue stress on our already pressured community. I know your minds are made up into thinking this mandate is the best solution for all involved, but may I encourage all of you to take a deep breath, push all else aside, have an open mind and watch the videos. It is my prayer that you will see the truth and act on it to stop this pandemic from furthering ruining lives, deaths and hopelessness. Let's keep aloha alive by coming together and overcoming this pandemic with the truth.

Aloha...

This will further divide our community! The have against the have not! This is a terrible path down a slippery slope!
Please focus on where the need is warranted, our healthcare. Use our resources to provide for the overwhelmed hospital beds with alternative facilities that can be utilized with COVID relief funds....stop using it on mandates and tourism's safe travel programs. Offer more testing sites for those that can test instead of getting a vaccine. Keep the freedom to choose, and deter from the tyranny these mandates are causing.

Here's what I said-
Feel free to borrow any of these points and add to them:

Written
Testimony

Aloha,
As a concerned citizen of Hawaii, I would like to inform the committee that I OPPOSE the implementation of Vaccination Passports or other segregating mandates that require state intervention , violating medical privacy and constitutionally protected rights.
Not only are these mandates unnecessary due to the low death rate due to Covid-19 (only 285 over the span of 17 months, considering an average flu season sees approximately 600 deaths and that 97% of said Covid deaths also had an average of 4 co -morbidity with zero deaths under the age 18) , and that there are many proven alternatives to treat and prevent hospitalization (which are being intentionally repressed by Big Pharma and their allies in the media and governmental institutions), that the CDC director has said publicly that not only does the Jab NOT stop infection or transmission, and that implementation of a passport that would limit people's ability to make a living, operate a business or take part in normal Society is not only a blatant violation of natural Law and our US constitution, but also a very dangerous path to take for the future of Hawaii's people and the generations to come.
Furthermore, these experimental gene therapies have not even completed human safety trials, and will not be completed until the year 2023. So far the CDC's own reporting system - VAERS - (vaccine adverse effects reporting system- has officially listed over 10,000 deaths here in the US as well as hundreds of thousands of serious adverse effects. These numbers are also severely under reported, and it has been estimated that those numbers could be up to 90-99% higher! Even at the current report rate, these numbers are nearly double the deaths in 6 months than all vaccine deaths reported , combined, over the last 30 years! I personally know people who have perished after taking these injections as well as others who were injured and are now debilitated and suffering. It is NOT PONO to mandate such a medical intervention unilaterally with such an alarmingly high rate of death and damage.

Please do the RIGHT thing for the people of Hawaii , and vote NO to vaccine passports and mandates, including for state workers, fire fighters, teachers and health workers.

We the People of this Republic will not stand for violations to our medical sovereignty and will not comply with unreasonable and dangerous infringement upon our God Given rights to safety, choice and personal Liberty.

Thank you for taking this heart felt testimony into consideration.

Written Testimony

I STRONGLY oppose this bill. It is blatantly discriminatory and immoral. This level of government control and severe overreach has NEVER served to help the people of Hawaii or our nation. The destruction of the local economy and morale of the people who are the lifeblood of this state have suffered enough under arbitrary restrictions. My husband is an RN and has been at Pali Momi for almost 15 years. He and all of his co-workers have been taking care of Covid patients since the beginning. He is front and center: taking the risks to care for those most affected by this illness and still coming home to our two young daughters and myself after the end of the day. He, of his own mind and will, takes hygienic precautions to ensure his safety and ours. As the head of our home, that is his duty and OUR responsibility- NOT the role of the government in the least bit. He still continues to take care of Covid patients every week despite being placed under threat of losing his job (all because we believe that Jesus Christ is our Lord and Savior- not a "vaccine"). The measures being taken in this resolution cannot be justified. Shore up our hospitals and over-worked medical professionals. Spend money, time, and energy where there is the greatest need. There is government funding and support that has not been utilized for hospital staff like my husband. Lend them your full attention and stop messing with the lives of the people. That is YOUR job. Please stop causing harm and division amongst the people of Hawaii. The prejudicial rhetoric being used against people simply wanting to make informed medical decisions for themselves and their children has done enough damage. The persecution needs to end! End it now by terminating this resolution! It would finally be a step in the right direction for the people of Hawaii.

Our liberties are being stripped away before our eyes. We are no longer living in a free nation when a government or non-government agency can mandate a vaccine that half of the country has opted not to take.

Written Testimony

Residents and employees are hardly being "given a choice". Affordable at home test kits are already out of stock, and majority cannot afford \$100+ per week for testing. True, there are testing facilities that are free...but have any of you tried to get an appointment or looked at the operating hours? It's standard business hours, and most people cannot afford to take half a day, once a week, to go test. So basically, our hands are being forced. There really is no choice except to get vaccinated.

Let us be free. Our brave service men and women have given everything to ensure our freedoms. This is a can of worms we can not afford to open. What civil liberties get stripped next?

I oppose this Hawaii bill to mandate vaccine passports for entering establishments. This discriminates and infringes against my freedom of my health privacy.

Written Testimony Establishments do not ask people to show any type of proof that they have other deadly diseases such as aids or even non-deadly illnesses such as chicken pox. I oppose a bill that forces me to let others know about my health condition. HEPPA should protect all citizens.

Agenda Item RESOLUTION 21-194
Your position on the matter Oppose
Representing Self
Organization

I am vehemently against ANY mandate whatsoever.

You claim to use "science" to "make decision." The truth is, you CHOSE one side of "science" and push an agenda. There are countless reports of the adverse reactions to vaccines, especially for the Chinese Wuhan Flu Virus. VAERS, which is run BY THE CDC, lists countless reports of people who have had adverse reactions to all kinds of vaccines, most notable that the most reactions have occurred since the release of the Chinese Wuhan Flu virus.

Written
Testimony

How is it that while more and more people are getting vaccinated, the number of cases keeps rising? Do you know, that in order to be counted as "fully vaccinated" you must be 2 weeks or 14 days AFTER YOUR SECOND DOSE. So, when they're saying it's "unvaccinated" entering the hospital, which is it? People with only one shot? Two shots but within that 2 week period? Does that mean people with the vaccine are actually getting worse and not better?

Israel, the leading country with the most vaccinations is nearing critical infection again. How is this possible?

Sweden never locked down, never instituted any strict mitigating strategies and they are living just fine.

How is it that in OTHER STATES IN AMERICA, they are not locked down; their kids are free in school; their parents are working, going to sports, activities, events, movies, etc. with no fear nor masks? They are living their lives and those who are more susceptible need to take their own precautions. That's what we've been doing this entire time! People on dialysis need to make adjustments in their lives because of it. They don't ask US, people not on

dialysis, to make sweeping changes just to make them fit. People with cancer too, make decisions based ON THEIR OWN HEALTH NEEDS, NOT DEMAND THAT OTHERS ADJUST TO THEIR HEALTH LEVEL.

WHY HAVEN'T YOU AT MINIMUM COMPARED OAHU TO OTHER SIMILAR SIZED CITIES AND/OR STATES?! Why are we comparing ourselves to places like San Francisco, Los Angeles, New York, all of which have a population that is nearly double our own state?

How is it that we're using the SAME PCR tests from a YEAR AGO to test the "new" "Delta" variant? They (the FDA and CDC) said there is no test that isolates the the actual SARS-COV-2 strain. So, how is it then that they can detect this new "Delta" strain? Now, the testing sites are saying they won't have enough tests for everyone. So, instead of testing those WHO TRULY MAY BE SICK, you're making the healthy test, take up resources, all for the sake of what? And never mind that YOU FAILED TO ADDRESS the simple logic that MORE TESTS MEANS MORE RESULTS. And if it's scaled, ratioed, or proportioned MATTERS! Also, WHY CAN'T YOU GIVE ACCURATE NUMBERS?! WHY AREN'T YOU ASKING FOR ACCURATE NUMBERS?! WHY HAVEN'T YOU ASKED WHY THERE IS A DELAY IN REPORTING?! AND IF THERE IS A DELAY, YOU CAN DAMN WELL AGGREGATE DATA TO SHOW THE DAILY NUMBERS, NOT SOME LUMP SUM GARBAGE!

New York was also piloting something and of course, we just copied them. Just this week, New York teachers started to protest against mandated vaccines.

We have reached a boiling point, where even your own city officials have no clue as to how to enforce this mandate, leaving it up to individual businesses and persons to "report violations" and to "call HPD" according to Amy Asselbaye! She's on record saying these things. If they don't even know how to do it, why are you expecting people to follow it? I've been to businesses all over and their "contact tracing" is a joke! BECAUSE NO ONE CARES!

Why is it that you allowed "emergency proclamations" to continue to for so long without speaking up to higher councils? Why is it that you, who are ELECTED REPRESENTATIVES are not REPRESENTING the people who got you there in the first place? Why has it taken this long?

Expect a revolution to come

Written Testimony

I strongly oppose the vaccine passport being considered. Having recovered from the virus, my natural immunity exceeds that of vaccinated. Therefore I do not need a vaccine. Israel has done studies to prove this.

Testimony Attachment

Accept Terms and Agreement 1

Corona virus is 99.4% survivable. There are therapeutics available for early treatment that were hidden from the public, likely allowing needless suffering and death. Had these therapeutics been disclosed, the vaccines would not have been allowed under EUA.

Written Testimony I oppose mandated vaccines. The vaccine has been experimental, only reason Pfizer was FDA approved is because money talks and people in power can influence whatever they see fit in their eyes. Let people have the RIGHT to choose, and don't segregate those that choose against the mold. Alcohol is way more dangerous and yet we sell it legally here.

Written Testimony

I oppose the digital vaccine passport program that will restrict freedom of access to business establishments, etc. We live in America, the land of the free. The legislators need to focus more on early treatment versus forcing vaccines that alter the DNA of the population and contain toxic elements such as graphene oxide. 10 thousand physicians are suing the WHO to stop this insanity. Folks you need to test all visitors who are spreading the virus ...those who are vaccinated are spreading it. You must listen to the immunologist who are screaming at the top of their lungs to stop the vaccines....not force them into people who do not want them. I never thought I would see such censorship and blatant disregard for human rights in my entire life. Please focus on educating folks on how to boost their immune system, early treatment methods and give the tools the health care workers need versus restricting the tx practices. My family and I have all recovered from COVID and are unvaccinated. We will remain this way as I want my children to grow up and be able to reproduce. I served our country faithfully for 27 years in the air force and never imagined my right to freedom would be taken away. I risked my life to protect our freedom and democracy and way of life. Please educate yourselves and stop forcing folks to lose their jobs or get injected. This is a crime against humanity! May God have mercy on all your souls.

Written
Testimony

No entity/person should have any legal right over our personal/private anatomies. We are not sock puppets, we are humans. Humans who were born with the right to free will. Our Freedom of choice is suppose to be protected by those who GOVERN RIGHTEOUSLY, however, it does not give them a right to FORCE ANYTHING into our system. Stop selling us out for more MONEY. ANTHONY FAUCI AND CHRISTINE GRADY are defying the laws of nature by testing scientific theories that we refuse to take part in. That should be OUR CHOICE. No GOVERNMENT, NO SYSTEM, NO SOCIETY should EVER have the power to FORCE that type of slavery or extortion, on people, and any business thereof.

Written Testimony

Aside from religious and health concerns many have, myself included, determining how people live and what to put in their bodies should not be a governmental choice forced upon them. The CDC is continuing to gather new information and changing their view on a number of covid related items. Until there is more information and undeniable evidence and LONG TERM research, I 100% oppose. All this does is create a tool for discrimination and oppression for all people, and unfortunately many minority groups who already question the governments motives (as they should if they know their history).

I am firmly against Hawaii implementing a Covid Passport System that will require visitors and residents to be fully vaccinated or have a negative Covid test to utilize or access services and businesses that should be open to all. As citizens of the USA and residents of Hawaii we deserve the freedom to have a choice and not to be stripped of our rights like this! Please Hawaii rise up and make a stand against this terrible injustice. Every citizen of Hawaii deserves to have the right to decide whether or not they want to be vaccinated and should not be discriminated against or lose any privileges should they choose not to or be required to Covid test every time they want to utilize a public service. History echoes of this type of government control, stripping of citizens rights, propagandas of hatred and fear, discrimination and tyranny. Let's learn from the past, not repeat it!

Written Testimony It's ones options to get the vaccine or not. Mandating it and forcing those who don't want to isn't the right stance. I'm vaccinated and I still don't want to have to show proof of the vaccine to get into any facility. If anything all those people should be recently tested or keep they're distance from one another.

Written Testimony

I am a young healthy adult that opposes the idea/concept of a vaccine passport because the vaccine isn't effective. Requiring a vaccination won't make this virus disappear, being an airborne virus, COVID-19 will be around for a while to come. Even if the vaccine is ruled safe, it's absolutely not effective. This is because it can still be transmitted if you're vaccinated and you can still catch it if you're vaccinated. This "health" passport would NOT solve the problem of the current surge we are facing. A good option may be to make all incoming visitors test negative regardless of vaccinated status because vaccinated individuals could just be flying from the mainland or elsewhere and carry the virus right in unknowingly. Please reconsider this as it will hurt many businesses and put many people out of work.

Written Testimony

These mRNA technologies are not vaccines but gene therapy being developed for cancer and HIV patients. The mRNA injections tell the body to create hundreds of millions of spike proteins, while natural infection exposes a person to thousands. The spike protein contains an HIV envelop and a prion protein. Both of these are known infectious agents. The inventor of mRNA technologies, Dr. Robert Malone, states that all COVID vaccines should be stopped immediately. The initial premise that the lipid nanoparticle would stay at the injection site did not happen and the injection is traveling throughout the body causing vaccine-injuries. VAERS database reveals that this "vaccine" had killed more Americans in 4 months than all vaccines combined over 30 years. This information is being widely censored, due to the pharmaceutical industries huge monetary injection into both media and political arenas. Of the three people I know with serious vaccine injuries, all three have had serious negative impact to their ability to live alone, and/or maintain a job. Natural immunity is being ignored here in Hawaii. There should be free antibody testing sites offered by the state, or counties. Many of us have had this illness already. According to GAVI.org, the vaccine is said to be dangerous to those previously infected. Vaccine mandates discriminate against people who have already had CoVid-19 and ignores all previous epidemiological science known about viral outbreaks. One of the gravest concerns is that communities should never vaccinate during an active outbreak; doing so creates variants much quicker and thus prolongs the outbreak. Yet, this has been done. Why? Why did the CDC, NIH go against all previously known information, research, and knowledge about the human immune response? Furthermore, early treatments are actively being suppressed by this state, and many others. There are known cures for CoVid that greatly increase the survival rate for those with serious infections. There has been widespread censorship around these decades old, drugs. CoVid is here to stay and humans will have to develop immunity to it, just like the flu, but injections for all is not the answer. The known ingredients in these injections are of great concern... and it is not until 2024, after this first human experimental trials have been completed and evaluated, will there be any preliminary data on the impact of this experiment. Never before

has it been so easy to receive an injection, everyone who has wanted one has gotten one, there is no need for a government mandate... unless of course, this is about power and control and not individual health status.

Written Testimony We must be given our freedom to chose. We act responsibility- masks, social distance, often taking COVID tests for peace of mind of family members who are older. My husband and I believe our health and fitness level is strong and we want the choice to be able to attend places without the “shame” of “ you didn’t take the vaccine”- this is a form of segregation and is not holding the vaccinated accountable for their social behavior. I oppose the vaccine passport.

Written Testimony I oppose of the vaccine passport! We have a right as AMERICAN CITIZENS to choose if we want to take something or not. I don't want to take something that hasn't gone through a lot of testing and simply rush to get approved by the fda. I have nothing against the people that take it but I am against not giving people a choice and forcing them to take it.

"There is no justification in taking away individuals' freedom in the guise of public safety"
- Thomas Jefferson

Written Testimony Our founding fathers believed it. I believe it. I STRONGLY OPPOSE vaccine passports!
Vaccine passports are NOT the answer to stop the spread of Covid! I strongly believe we are failing to meet the classic tenets of bioethical medical research and in particular, not being given the full breadth of information of the adverse event risks. In addition, these vaccines have failed all 10 tenets of the Nuremberg Code.

Written Testimony

I am writing today to urge you to OPPOSE Resolution 21-194. This resolution seeks to implement segregation and discrimination, which is not only illegal but immoral. Not to mention it is a direct assault on our citizen's Civil Liberties, as well as violation of the Privacy Act and HIPPA laws. In multiple ways, this resolution is unconstitutional, unethical, and immoral. Also, at this time, the vaccine has not been medically proven to be all that effective. The problems this resolution would create in no way outweigh the supposed "solution". This resolution only continues the slide into totalitarianism that we have been in on the past year and a half and we the people, who elected you, want it to end now. Please OPPOSE Resolution 21-194. Thank you.
Tracy Phippeny

Written Testimony

I, _____ Kaiwiloa Pemberton _____ STRONGLY OPPOSE Resolution 21-194; URGING THE CITY ADMINISTRATION AND THE STATE OF HAWAII TO IMPLEMENT A COVID-19 HEALTH CARD FOR ESTABLISHMENTS AT HIGHER RISK OF TRANSMISSION OF COVID-19.

The Committee on Transportation, Sustainability, and Health should immediately defer the above Resolution as it infringes on the rights, responsibilities and liberties of a free and independent people and society. The current resolution has local government overreaching to enforce on its citizens and businesses policies/orders which disrespect and disregard the sovereignty of our individual freedoms.

Vaccine passports ARE NOT necessary as businesses have the freedom to create and enforce their own health and safety policies based on their own principles and sensibilities and Individuals must retain their right to vote and participate with their dollars to support businesses which promote values and practices similar to their own.

The vaccines are widely available and those who want to receive it have already done so. The inoculations have not been proven to stop the contraction or transmission of the virus, only to mitigate negative health outcomes, as such they should remain optional. Large populations of Honolulu have contracted COVID-19 and recovered, granting them considerable immunity which is not addressed or accommodated for in the current Resolution, an omission which is equal to discrimination and natural/civil injustice.

Let the People Decide! With no proof the current inoculations stop contraction or transmission, a mandatory vaccine passport does nothing but hurt our economy and trust in local government. We do not want your mandates and we do not need your help to make decisions for ourselves, our families or our businesses. Let the people and local markets dictate the response to this pandemic and have the Mayor and City support the will of the people.

Given that vaccination does not prevent individuals from carrying or transmitting the SARS-CoV-2 virus, a vaccine health card creates unnecessary medical segregation and discriminates against those who cannot or will not receive vaccination. Additionally, these health cards fail to take into account the population with higher immunity received by recovery from Covid-19.

Written
Testimony

Vaccine health cards fail to solve the problem that they are alleged to do. Creating a queue of patrons in front of an establishment awaiting approval for entry just moves the issue to a different location. Preventing individuals from getting exercise when exercise and health have been shown to greatly improve survivability from the virus does not solve the problem.

Residents of Hawai'i should not be required to share their private medical information. The White House concurs with this, and has decided not to mandate "vaccination passports", stating citizens' privacy and rights should be protected.

I respectfully submit my opposition to this resolution, and request that our council members and government officials look to countries like Sweden as an example of how to successfully recover from this pandemic."

I, Cherise Kawamura STRONGLY OPPOSE Resolution 21-194; URGING THE CITY ADMINISTRATION AND THE STATE OF HAWAII TO IMPLEMENT A COVID-19 HEALTH CARD FOR ESTABLISHMENTS AT HIGHER RISK OF TRANSMISSION OF COVID-19.

The Committee on Transportation, Sustainability, and Health should immediately defer the above Resolution as it infringes on the rights, responsibilities and liberties of a free and independent people and society. The current resolution has local government overreaching to enforce on its citizens and businesses policies/orders which disrespect and disregard the sovereignty of our individual freedoms.

Vaccine passports ARE NOT necessary as businesses have the freedom to create and enforce their own health and safety policies based on their own principles and sensibilities and Individuals must retain their right to vote and participate with their dollars to support businesses which promote values and practices similar to their own.

The vaccines are widely available and those who want to receive it have already done so. The inoculations have not been proven to stop the contraction or transmission of the virus, only to mitigate negative health outcomes, as such they should remain optional. Large populations of Honolulu have contracted COVID-19 and recovered, granting them considerable immunity which is not addressed or accommodated for in the current Resolution, an omission which is equal to discrimination and natural/civil injustice.

Let the People Decide! With no proof the current inoculations stop contraction or transmission, a mandatory vaccine passport does nothing but hurt our economy and trust in local government. We do not want your mandates and we do not need your help to make decisions for ourselves, our families or our businesses. Let the people and local markets dictate the response to this pandemic and have the Mayor and City support the will of the people.

Written Testimony As representatives of the citizens of Hawaii your obligation is to vote to represent our wishes, not to vote for laws that YOU think are best for us. You do not have that authority. My family died in the Nazi holocaust. This is the same type of fascism that led to the murder of 6 million Jews. Vaccine Passports are unconstitutional and and infringement on our Constitutionally given rights. MY BODY, MY CHOICE!!!

"There is no justification in taking away individuals' freedom in the guise of public safety"
- Thomas Jefferson
Written Testimony Our founding fathers believed it. I believe it. I STRONGLY OPPOSE vaccine passports!
Vaccine passports are NOT the answer to stop the spread of Covid! I strongly believe we are failing to meet the classic tenets of bioethical medical research and in particular, not being given the full breadth of information of the adverse event risks. In addition, these vaccines have failed all 10 tenets of the Nuremberg Code.

Written Testimony

Gov. Ige please OPPOSE this mandate.
This is a discrimination to the stratosphere, not everyone can take a vaccine like people with immune disease , allergies and cancer survivors and that is science. I am highly allergic to a lot of medication, last time I took a vaccine I had adverse effect that half of my upper body was swollen and I was very ill right after I took it. This is very inhumane , to be tested every week just to go to work there's should be a choice when it comes to my own health. I don't go out when I am sick and contagious, it's just common sense.
There should be written studies and evidence that this Covid vaccine provides immunity and yet people we know who took the vaccine still get sick of Covid and yet they don't have to be tested to go to work unlike the ones that didn't take the shot.
There should be an alternative aside from covid shot. An antibody test should be considered.
Our families have suffered enough, not being able to gather , our kids not being able to go school , not being to go to work . And now we cannot go to a restaurant, gym, and the likes? When is enough?
Please , please reconsider for the sake of being human. We will all face death someday whether we take the vaccine or not, but to be discriminated and denied of services ? Isn't that an awful thing?

In light of recent events, as well as Dr. Fauci himself stating “the viral load in the nasopharynx of an unvaccinated person is the same as a vaccinated person” I’m sure you can use your head (possibly, I don’t have much trust), to see that even with vaccination rates in Hawaii being the highest across the country, with the Safe Travels Program being implemented for over a year, just for the community and island to be back at square one is inefficient in itself. Furthermore, as we repeat history before our own eyes, segregation hasn’t played out very well in the past.

Written Testimony

The vaccine mandate will hurt your local businesses and economy more than you think. Furthermore, I don’t believe you should implement any mandates that have not been written into law on businesses and peoples alike. This is not the way to go about “safety” for your people’s and on this island I would think you know more about colonization from the government than the mainland states. Colonization and a tyrannical government didn’t work out very well in the past, the locals fight everyday for their land back and I stand by them. This isn’t going to help your community or islands, nor will this put the trust you lack back into the locals hands.

Written Testimony

I, KIANI TABURA STRONGLY OPPOSE Resolution 21-194; URGING THE CITY ADMINISTRATION AND THE STATE OF HAWAI'I TO IMPLEMENT A COVID-19 HEALTH CARD FOR ESTABLISHMENTS AT HIGHER RISK OF TRANSMISSION OF COVID-19.

The Committee on Transportation, Sustainability, and Health should immediately defer the above Resolution as it infringes on the rights, responsibilities and liberties of a free and independent people and society. The current resolution has local government overreaching to enforce on its citizens and businesses policies/orders which disrespect and disregard the sovereignty of our individual freedoms.

Vaccine passports ARE NOT necessary as businesses have the freedom to create and enforce their own health and safety policies based on their own principles and sensibilities and Individuals must retain their right to vote and participate with their dollars to support businesses which promote values and practices similar to their own.

The vaccines are widely available and those who want to receive it have already done so. I strongly oppose vaccine passports. The vaccine does not hinder any individual from contracting the disease. I have personal experience with my entire family catching covid after being fully vaccinated while I am natural immune did not catch it after being exposed to the same Positive individual. There is no reason to mandate this passport as it will only hurt our local businesses. It will not stop the spread as we already know many are still getting sick being fully vaccinated. If we are going to test, we need to test ALL. Please stop this segregation. We all need freedom of choice, it is our right as American Citizens.

I am writing in strong OPPOSITION to resolution 21-194 COVID-19 health card.

Written Testimony I believe that natural immunity trumps any vaccine and it is something that should be discussed. Many doctors and even the CDC acknowledge that natural immunity works at protecting an individual from future infections.

Small businesses have been negatively affected by Covid-19 and this resolution (21-194) will further devastate businesses in our state.

-TS

I, Beatrice E, oppose this bill for reasons that it is harmful towards the community to impose medical restrictions that belong in our own hands and decision making.
It is wrong to give out vouchers, incentives, and other bonuses and reap hundreds of millions at the same time, whilst refusing to allow everyone else who did not fall for a manipulative tactic to function in society.

This puts pressure on businesses to refuse customers based on a prejudicial stance. They choose to lose customers and enforce a policy that discriminates against people's decision to not disclose their medical privacy to others, let alone organizations that it shouldn't matter whether or not they know this information.

We do not show proof that we aren't carrying sexually transmitted diseases with us everywhere or our history of recreational drugs. For a reason!

Written
Testimony

I also am highly against taking the V.

The V is invasive into our cellular construct and it's permanent and untested. The spike protein in this poisonous shot is a man made weapon. It can attach to any receptors in your body. Hence the inflammation in your kidneys, brain, and important organs i must add. People feel their lungs filling up with water after receiving their dose. Our bodies are not built to react to synthetic material.

Why are children getting heart attacks from the V? I don't want to be hospitalized the rest of my life and that is the risk.

Hawaii will either suffer major precautions or receive backlash from those of us that value choice over a Virus that has turned into a complete scandal.

Thank you for your time.

(Resend because I listed wrong committee on previous)

I strongly appose to this bill! This is an infringement on the rights of the people. We have had many struggles through our country's history yet freedom still rings! This bill would take away the very freedoms our country was founded on.

The Pledge of Allegiance reads: "I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

Written Testimony

Here it is defined:
This nation was founded with a commitment to secure liberty and justice for all. ... Justice is generally interpreted politically as "equal protection under the law" or the absence of discrimination by government in protecting "life, liberty, and property"—as described in the 14th Amendment to the U.S. Constitution.

With this bill liberty would be lost. One group would be free to travel, enter into shops and another denied. Today it is a vaccine passport. In the past it was a yellow star in Nazi Germany. Please appose this bill, holding to the freedoms and liberty which our country was founded on.

Thank you

Written Testimony

What will this accomplish?? This is all to force, manipulate, bully, & coerce more people into getting this injection and IT WILL NOT WORK!!! What about naturally immunity for all of those that have already had Covid, what about all the people that will continue to test positive even after their quarantine and isolation, what about the people that have adverse indications that don't allow them to get the vaccine, or allergies, or autoimmune issues that don't allow them to get it. You do not get to restrict people from living their life because of their personal medical decision!!!! This is NOT OK. The state does not our physician. This will not be tolerated. The vaccines don't protect against getting & spreading the virus that's a proven fact we can all agree on!!! Why would anyone with a brain feel this is what is best?! This will destroy businesses, divide the citizens and cause more HARM then good. I ask you as a human being with a heart to reconsider this. Think outside the box, get more and different opinions and better solutions. Advocate for therapies on EVERY island. Try to actually save lives. This is your chance to retract this unlawful proposal. I can guarantee that you just lit a fire under a lot of people and they will NOT be silent and sit back and allow this. The next 2 months will be rally's, protests and 100opposition. Our numbers are growing and we will not be comply to such ignorance. MAKE THIS RIGHT for your people, your citizen, OUR state.

Written Testimony I am a business owner with 25 employees and I strongly oppose this bill. Heads up that I have a enormous influx of job inquiries from people looking for work that have quit their jobs bc they were forcing them to get vaccinated and standing strong in their decision. You will see a many businesses suffer.

Please do not move this resolution forward. These policies are not based in epidemiological science, and unnecessarily divide our people. This course of action would bring us dangerously close to what many have described as medical apartheid. There are treatments, medicines, and therapeutics that drastically increase survivability of this infection. As well, and perhaps most importantly; it has been accepted now that vaccinated individuals still contract and transmit the infection that they are vaccinated against. So predicated access for ALL to services and day-to-day opportunities on whether or not you have received a Pfizer investigational vaccine only makes sense to the private corporation selling the product for profit. Please do not do this to the Aloha State.

I oppose vaccine passports. I think the focus should be providing resources and budget on assisting the hospitals. Many of this assistance appears to be reactionary to the recent influx vs proactive. Also this assistance does not appear to be fully implemented regarding additional staff and equipment at all hospitals. Most of the island is already vaccinated. It shouldn't be forced on anyone. Those fearing infection has the option to get the vaccination. Fearing infection for those who can't get the vaccinated from specifically unvaccinated people has already been proven false as the CDC said that vaccinated people can infect this group of people as well. All these mandates seem to resolve around the finite resources at the hospitals. What has been to boost that resources? How much of that is up an running?

People deserve to have a choice! Our freedom & livelihood shouldn't be determined by a vaccine card. Our medical information & decision to take the vaccine is our own! By passing this law, you are forcing local people, native Hawaiians, taxpayers & good citizens to lose their jobs. WE DON'T DESERVE THAT! Please cancel this law! It isn't fair & it won't do well for the residents of Hawai'i! Plus, more than half of the island is vaccinated but our numbers are still rising! IT DOESN'T ADD UP! Think about our future!

Written Testimony

I am against mandating vaccine passports because the news just reported only 17 healthy people have died of covid in the state of Hawaii. You should be encouraging healthy lifestyles instead of mandating a vaccine that is obviously not working.! Vaccinated individuals are also spreading the virus, so there's no point in getting a vaccine. I would rather choose to live a healthy lifestyle than inject a foreign substance in my body that could possibly cause more harm than good. Taking away "our right to choose " should never happen in Hawaii or America.

Written Testimony

I, Cherise Kawamura STRONGLY OPPOSE Resolution 21-194; URGING THE CITY ADMINISTRATION AND THE STATE OF HAWAI'I TO IMPLEMENT A COVID-19 HEALTH CARD FOR ESTABLISHMENTS AT HIGHER RISK OF TRANSMISSION OF COVID-19.

The Committee on Transportation, Sustainability, and Health should immediately defer the above Resolution as it infringes on the rights, responsibilities and liberties of a free and independent people and society. The current resolution has local government overreaching to enforce on its citizens and businesses policies/orders which disrespect and disregard the sovereignty of our individual freedoms.

Vaccine passports ARE NOT necessary as businesses have the freedom to create and enforce their own health and safety policies based on their own principles and sensibilities and Individuals must retain their right to vote and participate with their dollars to support businesses which promote values and practices similar to their own.

The vaccines are widely available and those who want to receive it have already done so. The inoculations have not been proven to stop the contraction or transmission of the virus, only to mitigate negative health outcomes, as such they should remain optional. Large populations of Honolulu have contracted COVID-19 and recovered, granting them considerable immunity which is not addressed or accommodated for in the current Resolution, an omission which is equal to discrimination and natural/civil injustice.

Let the People Decide! With no proof the current inoculations stop contraction or transmission, a mandatory vaccine passport does nothing but hurt our economy and trust in local government. We do not want your mandates and we do not need your help to make decisions for ourselves, our families or our businesses. Let the people and local markets dictate the response to this pandemic and have the Mayor and City support the will of the people.

Written
Testimony

Vaccinated people are carrier of the virus and they can share it to others or get sick themselves. There is no need for faulty PCR tests or a vaccine which already has been causing many deaths according to VAERS. Discriminating a large part of our population according to a faulty assessment of health risks is against our Constitution, Liberty of religion and common sense. It would allow full government control and suppress civil liberties. In the light of successful therapeutic treatments to prevent and cure Corona viruses, there is no legal justification for a so called vaccine

Written Testimony

I am a nurse, mother and grandmother. I adamantly oppose the totalitarian Resolution 21-194. It is unconstitutional and violates HIPAA laws. It also does not take into consideration those individuals who have recovered from COVID with better natural immunity than a manufactured vaccine. It is not the governments job to prescribe or enforce vaccinations. It is an individuals right to determine their own medical care in consultation with a their physician. In 1976 a swine flu vaccine that killed 3 people was suspended then a better vaccine was developed. We currently have over 9,000 US deaths related to the COVID vaccine and 450,000 side effects to include heart attacks, strokes, neurological disorders, anaphylactic reactions, blood clots , myocarditis.reported in VAERS (CDC's Vaccination Adverse Effects Reporting System)

Countries did not shut down over the Hong Kong flu in 1968 or the swine flu in 2009 which also caused many deaths

I do not want to live or have my children live in a state or country that wants to follow communist ideologies such as North Korea, Cuba, Russia, China etc. "IF YOU CHOOSE SECURITY OVER FREEDOM YOU DESERVE OR WILL HAVE NEITHER" Ben Franklin. Let us not forget the lessons and wisdom our forefathers incorporated into the constitution so we all could have the freedoms that made America. I want those same freedoms for my children and grand children. Power once obtained is not easily given up.

I strongly oppose the passing of a bill that is very clearly discriminatory. Regardless of political stance, gender, race, age, if a person has decided not to get a non-FDA approved vaccine then they should have that choice and no one should be discriminated against for a personal choice. It's our CONSTITUTIONAL RIGHT to decide what we put on or in our bodies (I'm talking about masks too). After a year of masking and now a vaccine that over half of Americans have we are no better off, things no longer add up, you are all lying to the very people who put you in your office and it's disgusting. Let people be free, let them use the brains and the sense the good Lord gave them to make choices for themselves. Tyranny can not and will not win, this is America, land of the FREE!!

Written Testimony

I OPPOSE Resolution 21-194; BEGGING YOUR ADMINISTRATION AND THE STATE OF HAWAI'I TO NOT HAVE VACCINE MANDATES. To enforce these vaccines on its citizens and businesses are against our rights! It took heartaches, blood, sweat and tears to get where we are. Now that will be all taken away if we choose not to get vaccinated. My ex Mother inlaw Royleen Kunewa Cordeira took the vaccine last Thursday, stating feeling sick the 1st and 2nd day. On the 3rd day she passed. These vaccines are not for everyone. Just like peanuts, some ppl are allergic to certain ingredients. We do not know what's in these vaccines. My cousin Paul Alferez Sr. also took the vaccine and his body started shutting down. He passed on the 10th day. I am begging you to investigate why some ppl are dying and to please not mandate it. We do not know the long lasting side affects it will have on us. Vaccine passports ARE NOT necessary as businesses have the freedom to create and enforce their own health and safety policies based on their own principles and sensibilities and Individuals must retain their right to vote and participate with their dollars to support businesses which promote values and practices similar to their own. The vaccines are widely available and those who want to receive it have already done so. Large populations of Honolulu have contracted COVID-19 and recovered. Please Let the People Decide! Mandatory vaccine passport does nothing but hurt our economy and trust in our local government. This is gusting us more than it is helping!

Written Testimony I strongly oppose this bill. It violates our personal medical freedoms and our freedom to run a business without descrimination against employees or patrons. Government should not be dictating health mandates, every human has different conditions and considerations and this bill is only going to make a difficult situation worse for everyone.

Written
Testimony

I, _____ Logan Solano _____ STRONGLY OPPOSE Resolution 21-194; URGING THE CITY ADMINISTRATION AND THE STATE OF HAWAII TO IMPLEMENT A COVID-19 HEALTH CARD FOR ESTABLISHMENTS AT HIGHER RISK OF TRANSMISSION OF COVID-19.

The Committee on Transportation, Sustainability, and Health should immediately defer the above Resolution as it infringes on the rights, responsibilities and liberties of a free and independent people and society. The current resolution has local government overreaching to enforce on its citizens and businesses policies/orders which disrespect and disregard the sovereignty of our individual freedoms.

Vaccine passports ARE NOT necessary as businesses have the freedom to create and enforce their own health and safety policies based on their own principles and sensibilities and Individuals must retain their right to vote and participate with their dollars to support businesses which promote values and practices similar to their own.

The vaccines are widely available and those who want to receive it have already done so. The inoculations have not been proven to stop the contraction or transmission of the virus, only to mitigate negative health outcomes, as such they should remain optional. Large populations of Honolulu have contracted COVID-19 and recovered, granting them considerable immunity which is not addressed or accommodated for in the current Resolution, an omission which is equal to discrimination and natural/civil injustice.

Let the People Decide! With no proof the current inoculations stop contraction or transmission, a mandatory vaccine passport does nothing but hurt our economy and trust in local government. We do not want your mandates and we do not need your help to make decisions for ourselves, our families or our businesses. Let the people and local markets dictate the response to this pandemic and have the Mayor and City support the will of the people.

Agenda Item RESOLUTION 21-194
Your position on the matter Oppose
Representing Self
Organization

I, Shawn Mizukami oppose Resolution 21-194 for the following reasons:

The vaccines are showing to be ineffective and possibly the cause of the virus mutating and spreading. There are studies to show that there are medications that have been successful in reducing Covid related deaths, but they are not being implemented here in the US. Please see the links below for the information. The vaccine passports are another form of discrimination. No one should be denied the opportunity to enjoy a social outing just because of their vaccination status, especially if they are taking the precautions of wearing a mask or social distancing. That is just wrong, and sends a wrong message to people. With this, I humbly ask that you put a stop to the vaccine passports. Other countries are starting to realize that the vaccines are not effective and are suspending their programs. I urge you to do the same.

Written Testimony Thank you for your consideration on this matter.

Aloha!

I'm writing out of frustration and worry. I own a local organic produce company and deal with a lot of farmers and restaurants across our state. We are all concerned about covid and our overburdened health care system, those are both uncomfortable truths that absolutely need to be addressed but vaccine passports and mandatory vaccinations are not the answer. As we now know, both the vaccinated and unvaccinated can spread covid so it would be one thing if this was about protecting employees and public safety but it's not - it's about punishment. Using private companies to enforce a government mandate - that isn't even law - to coerce people into getting a vaccine with no long-term studies is a dangerous precedent.

Not only will this increase costs for businesses but also funnel more people to big box stores and restaurants that generally don't buy local - because you can order online and have your food delivered or picked up curbside - punishing local businesses and farmers even further. You are asking the people who feed us to not only survive being shut-down with reduced capacity and income but to also somehow enforce this.

Our current crisis is directly caused by a lack of government foresight and mismanagement, not because of unvaccinated people, they are just the straw that broke the camel's back. There are about 3500 people currently in the hospital in Hawaii, only 450 of them have tested positive for Covid. That's about 10%. Hawaii's healthcare system has been overburdened and understaffed for decades, this is not new. I worked in local news for more than 15 years and we did MANY stories about a lack of space, nurses, and ICU beds - especially on the neighbor islands. Yet here we are decades later AND 18 months into a pandemic and we've done nothing to address this. Covid isn't going anywhere and we need long-term solutions not knee jerk reactions.

Vaccines save lives, no doubt, but they should be reserved for the elderly and

immunocompromised. We should not be giving healthy people a vaccine with no long-term studies - that is ludicrous - especially when there is a 99% recovery rate. What we need is a population that isn't reliant on pharmaceuticals to fix their problems. The only thing we hear about personal responsibility is to get vaccinated, when if the government cared about us being "healthy" eating better, losing weight, and getting exercise would be a huge topic of conversation, but it's not.

Obesity, hypertension, gout, diabetes, high blood pressure, and a lot of cancers are directly linked to dietary and lifestyle choices and that's who generally fills hospitals and drives up insurance rates for everyone. In fact, most people who got very sick and/or died from covid have multiple prior health issues from the list above. How is that a "my body, my choice" situation but this isn't? And who benefits from all of this? Pharmaceutical companies. Pfizer more than 40 billion dollars in 2020 and 3.5 billion in the first quarter of 2021 alone, even though they were previously hit with a 2.3 BILLION dollar fine for lying about the safety of their products, suppressing science/information, and paying kickbacks to providers to prescribe their drugs.

Between the 5-10% of people who can't get the shot, the 5-10% of people who won't, and those who already have natural immunity - which according to a new study is much more powerful than getting the vaccine - we are closing in on max vaccination rates. So then what's the plan? Are we going to keep giving booster shots and segregating our community for eternity?

Also, where's the military in all this? If this was a humanitarian crisis in another country we would send in the troops. Don't they have beds/ships/doctors that can lend a hand?

I know I don't have the answers but what I do know is local people and small businesses have been hurt enough by this pandemic and shouldn't be the ones pushed to the frontlines to solve a crisis that by all accounts is not their fault. I humbly ask you to think about what this means and how this will affect our lives moving forward. And from a big picture perspective, do we really want to be forcing people to get something with no long-term health studies? The National Childhood Vaccine Injury Act of 1986 means vaccine manufacturers aren't financially liable for their products, which means if you are injured, die or have a serious reaction there's nothing anyone can do about it. Pharmaceutical companies are liability-free but businesses and the government aren't and that is not a lawsuit or guilt trip I want to be a part of.

Thank you so much for your time, I implore you to make the right decision and not to support vaccine passports or mandatory vaccinations.

Mahalo nui,
Melissa

Written Testimony I adamantly oppose this Resolution as it violates citizens' Constitutional and medical rights. This is a gross overreach of governmental authority and it does not represent the citizens that our representatives are called to serve. I am outraged over this proposed "health card" and urge our State and County leaders to oppose this Resolution.

I oppose vaccine passports because it will unfairly discriminate and segregate a group of people who medically cannot get vaccinated or by choice oppose vaccination or for religious reasons. I do not oppose an individual's choice to vaccinate.

Written Testimony Submitting a negative covid test or being vaccinated does not guarantee to protect patrons or customers as there are emerging scientific evidence indicating vaccinated individuals can carry as much of the viral load as the unvaccinated, thereby creating medical uncertainty of the vaccine's effectiveness in preventing transmission and or infection of the virus and its variants.

I am very strongly opposed to this bill. It is almost as if we are trying to be pushed into FORCE vaccination. I have nothing against the vaccine, but this is something I cannot agree with. We do not ask for people's flu shot info or whether they got their meningitis shots either because that's confidential and medical records should not be shared like that. This is wrong. And I strongly oppose this bill.

As a small business owner it is very difficult to stay afloat and to find employees. I do not feel it should be my job nor do I desire to be a vaccine police. I also do not feel the government should be telling me what I have to do In The area of vaccines. I believe every business has the right already to make this decision and the government should not be wasting our tax dollars on passing and enforcing more regulations on businesses. I understand you are trying to combat a situation that seems insurmountable but more regulations on businesses is not the solution.

Written
Testimony

I strongly stand for the people of Hawaii's freedom to choose to be vaccinated or not vaccinated. Requiring a vaccine passport program to restrict access to employment, certain establishments, and other venues and places of public accommodation violates this freedom to choose. America is still a democracy, giving people their freedom to choose what is best for them as an individual.

I strongly oppose this bill!

Written Testimony I am STRONGLY opposed to this bill, it contributes less to slowing the spread of COVID-19 than it does undermining the social-economic well being of our collective citizens and businesses. I am in favor of common sense actions, but this resolution carries things too far. As a government representative, I know that you feel compelled to take quick action, but please step back from this, reassess the potential damage, and remove this legislation.

Governor Ige please oppose this resolution. We the people of Hawaii want to retain our freedoms and support the local businesses without being FORCED to vaccinate. It is ridiculous to be forced to take a covid test every time before my family and I want to go to a restaurant or go to my gym. Plus the restaurants have followed all the rules by remodeling for the 6 feet apart as per CDC instructions and yours at their expense!

Written
Testimony

The steps by which the government is taking are a disgrace. The people of Hawaii should be given free will to elect to participate in a vaccination program or refrain from getting the vaccine. To require vaccinations for workers and keiki is a violation of the freedoms that we are guaranteed. You cannot get people to "comply" by threats and force, which is exactly what this is. All of the mandates, et al have targeted local families and increased their hardships while giving a "free pass" for all visitors. These types of proposals are no longer about the vaccine and have become a fight for our basic and inherent freedoms. Please restore freedom to the people and strike down this and similar legislation.

I, Suzanne K Martinson STRONGLY OPPOSE resolution 21-194; URGING THE CITY ADMINISTRATION AND THE STATE OF HAWAI'I TO IMPLEMENT A COVID-19 HEALTH CARD FOR ESTABLISHMENTS AT HIGHER TRANSMISSION OF CV-19.

Written
Testimony

Let WE THE PEOPLE decide! With no proof the current inoculations stop contraction or transmission, a mandatory vaccine passport does nothing but hurt or economy & further divide us.
I do not want your mandates and I do not need your help to make a health decision for myself, my family or the businesses I choose to frequent!
Let the people and local markets dictate the response to this pandemic and have the Mayor and City support the will of the people.
Thank you.

Agenda Item RESOLUTION 21-194
Your position on the matter Oppose
Representing Self
Organization Aloha.

A word that seems so simple. Yet, aloha means so much to me, my ohana, and to the people of Hawaii. Aloha can be defined as love, affection, peace, compassion and mercy. The word unity also comes to mind when I think of aloha.

However, RESOLUTION 21-194 is the exact opposite of what I understand to be Aloha. Because of this, I am in opposition to RESOLUTION 21-194.

Written Testimony

Mandating a digital vaccine passport program to "restrict individual access to employment, certain business establishments, and other venues and places of public accommodation" is DISCRIMINATION. This will continue to lead us down a path of DESTRUCTION and the DEATH of our culture and Hawaii as we know it to be.

Our state needs the people of Hawaii. ALL of us, not just those who you elected officials "deem worthy" to be a part of society. Put an end to this segregation! RESOLUTION 21-194 is not Aloha, it is not Hawaii. End it now.

Written Testimony

I oppose resolution 21-194 and encourage you to find another strategy to promote vaccine administration. It is unacceptable for our leadership to impose medical advice and mandates for the entire populous when clearly there is an issue with breakthrough cases (I have witnessed this in my own vaccinated household). The Vaccine Passport as a measure for public safety is FAULTY and brings an unfounded sense of protection for our communities. Vaccinated humans are not immune and therefore should not be given priority to use of recreational spaces. Before you suggest "everyone will be safe if everyone is vaccinated" you MUST provide some support on what to do about the issues of breakthrough cases and how we can prevent the spread of Covid through personal hygiene and self-care, without segregating our communities. Lastly, have you considered the burden you're placing on business owners to mitigate this mandate for you? You're putting hard-working people in a very uncomfortable position with no support for the pushback and loss of business. What's your game plan for resolving the issues that will come along with this agenda? You're failing us.

Written Testimony I am in strong opposition to a bill that takes away my freedom to choose and essentially extorts the local populace into taking medical treatment or be punished. I am also against any mandates which take away my medical privacy. It is a direct attack on my family and I and it would be considered an act of war on the population.

This is how it started in Auschwitz Germany. Discrimination. Imposed health interventions against people's wills. If you have not learned about history I suggest you go read it or listen to the survivors. Joseph mangala was a madman. This can NOT again. This goes against the Nuremberg code, this goes against human rights and medical privacy. If you bring this vaccine passport into reality you yourself and your children will regret it down the line you may not be able to see it now but it will happen and then it will be too late. Absolutely no vaccine passports or medical interventions and post on people ever. This is the United States uphold your oath

Written Testimony The vaccine has not prevented infection.
The vaccine has not prevented transmission.
The vaccine has not prevented death from covid.
There is no science that shows that only unvaccinated people are getting infected or transmitting the virus. In the wake of new strains, all vaccinated and unvaccinated people will continue to be agents to transmit the virus.
Therefore, a health card that only isolates unvaccinated people is discriminatory and will not stop the spreading of covid.

Written Testimony

Myself and my family are not going to participate in the vivid vaccine trials of 2021. I am extremely grateful for our medical industry and at the same time know that for myself in order to make an educated choice on my own behalf regarding the safety and efficacy of said "mRNA vaccines" when the time comes that I feel confident on the vaccines or believe that the people in control of our present situation has gained my trust I will do all the needed research on my own behalf to decide whether the said experimental vaccine is safe for me and my children. If being segregated from my community that I love and try to protect to the best of my ability for my choice to choose to do with my body as I see fit then whatever road may lie ahead I will confront it with aloha, love, and grace. I refuse to live in a society that discriminates against healthy open minded individuals. I wish your committee the best with utmost respect.

Written Testimony

We do not want the vaccine mandate

I, Emilia H. Silva STRONGLY OPPOSE Resolution 21-194; URGING THE CITY ADMINISTRATION AND THE STATE OF HAWAII TO IMPLEMENT A COVID-19 HEALTH CARD FOR ESTABLISHMENTS AT HIGHER RISK OF TRANSMISSION OF COVID-19.

The Committee on Transportation, Sustainability, and Health should immediately defer the above Resolution as it infringes on the rights, responsibilities and liberties of a free and independent people and society. The current resolution has local government overreaching to enforce on its citizens and businesses policies/orders which disrespect and disregard the sovereignty of our individual freedoms.

Vaccine passports ARE NOT necessary as businesses have the freedom to create and enforce their own health and safety policies based on their own principles and sensibilities and Individuals must retain their right to vote and participate with their dollars to support businesses which promote values and practices similar to their own.

The vaccines are widely available and those who want to receive it have already done so. The inoculations have not been proven to stop the contraction or transmission of the virus, only to mitigate negative health outcomes, as such they should remain optional. Large populations of Honolulu have contracted COVID-19 and recovered, granting them considerable immunity which is not addressed or accommodated for in the current Resolution, an omission which is equal to discrimination and natural/civil injustice.

Let the People Decide! With no proof the current inoculations stop contraction or transmission, a mandatory vaccine passport does nothing but hurt our economy and trust in local government. We do not want your mandates and we do not need your help to make decisions for ourselves, our families or our businesses. Let the people and local markets dictate the response to this pandemic and have the Mayor and City support the will of the people.

Written Testimony As a grandmother of two innocent children and mother to their mother who are residents of Maui, I STRONGLY OPPOSE any and all variations of any type of "vaccine passport," including RESOLUTION 21-194. As free and equal American citizens we are guaranteed, freedom to travel, work, and enter public buildings and other facilities and live without DISCRIMINATION. These are our God-given rights which are protected by the Constitution of The United States of America. We have a free choice about any medical treatment without coercion, duress and intimidation and this passport will promote all three of these. Further it will divide the population into the haves and the have-nots, promote aggression and violence and increase economic, spiritual and emotional distress. This is discrimination any way you look at it and must be stopped. OPPOSE THIS BILL.

The Covid-19 vaccine has numerous side effects and risks that are known; the long term effects are still uncertain. Please refer to the attached VAERS report for 2021. The vast majority of cases listed are from the Covid vaccine .There is also evidence of the effectiveness of the vaccine waning; requiring a third dose. What will happen when that third dose loses efficiency? The requirement to continue on with boosters three times a year? What effects will the continued exposure to these vaccines have on our bodies and our childrens? People should not be REQUIRED to take something that has such high risks to their health involved. Individuals should have the right to choose for themselves and keep their medical decisions/preferences private.

I strongly oppose the vaccine passport.. How is this legal..I believe this is segregation. My ancestors were segregated in their own country (India) and told to drink from the same water fountains as dogs. Also, my mom was a refugee out of her country (Uganda) when dictator Idi Amin expelled all the East Indians simply because of their race. Blangiardi's recent actions are comparable to those of Idi Amin and the British in India.

Written Testimony I am strongly opposed to this bill. As an individual who is unable to receive the shot due to medical illness, this bill directly impacts my quality of life. It is very apart to that the current government of Hawaii does not care to listen to its residents and respect their cries to limit tourism. Instead you have chosen to attempt to implement a bill that is encouraging the segregation of its people and will not solve the overarching issue. Preventing non-vaccinated members of the community from entering majority of business will not reduce the spread of covid-19. There is no evidence that shows that vaccination status impacts the spread of Covid-19 in fact the shot is only claimed to reduce personal symptoms of the vaccinated member. This does not have anything to do with public health and this bill further proves that the Hawaiian Government does not care about the actual opinions and health of its people.

I am opposed to any legislation or mandates that infringe upon my constitutional rights. Limiting travel - in any form is against my rights. To limit where I can go, my ability to work at my job, and what establishments I can do business with is also a direct attack on my rights. You have taken an oath to protect our constitutional rights. Whether you believe in Him or not, you as leaders are accountable to God for every decision you make and you WILL answer to Him directly.

I should not be forced to take an experimental vaccine which has not been given the test of time like other vaccines. Robert Malone, the inventor of the mRNA vaccine speaks of the dangers of this vaccine and the ineffectiveness also.

<https://rumble.com/vlx5og-dr.-robert-malone-inventor-of-mrna-vaccines-talks-about-dangers-of-covid-19.html>

Written Testimony

I have been an educational assistant for 25 years as an employee of the state and now am looking at losing my job over not getting an experimental shot that isn't even recommended by its inventor?? Unheard of!!

And in the video you hear him talk about how the vaccinated have the same amount of viral load, if not more, than the unvaccinated. Data is showing that countries that have a high percentage of vaccinated citizens are now getting outbreaks! If the vaccine works, common sense would tell you that the cases should be lower in these countries.

<https://fee.org/articles/harvard-epidemiologist-says-the-case-for-covid-vaccine-passports-was-just-demolished/>

Now because of the ineffectiveness of the vaccine they are starting to push a third shot. When

will it end??

I urge you to do the right thing and defend our constitutional rights!

Written Testimony I completely oppose this bill. I don't believe it is the best course of action for our state. I think it will negatively impact our local economy, divide our community and ultimately doesn't represent the aloha we stand for here in Hawaii. Please reconsider this bill and allow communities to come up with more creative solutions to eliminating the spread of Covid-19. Thank you.

Written Testimony

As a Maui resident for 21 years, I am a past student of the public school and maui college many different jobs and currently now an employee with Hawaii DOE as an elementary school counselor. I am advocating against vaccine passport. Our Country and our state is suspended to have the freedom to choose this things. We play the pledge of allegiance everyday in school. We stand proud with our hand over our heart and honor our country. Which is supposed to be the land of the free. Not the land of mandatory injections. I want my 10 month old son to grow up in the kind of world I did as a child. Please do not pass this.

Written Testimony
Aloha,
Thank you for your time and effort in protecting the peoples of Hawaii, I oppose the vaccine passport to travel freely amongst the community and travel. As we've seen in the current news, people with vaccines are still capable of spreading covid. I understand the push for vaccines and I believe everyone who wants to get one should have the freedom to get one, but I also believe that people should be allowed the freedom to not get one based on their own beliefs. All that can be done is to provide access, information, and allow people the choice. It's only when you start stripping people of their freedoms, that you will have people protesting against and fighting against the very thing you're trying to provide them access to. All that will happen is a protest against businesses and governments in order to protect people's rights to choose. We've been seeing this all over the world.
Learn from other's mistakes and do not try to implement a vaccine passport.

To the Constitutes of our Hawaii Government/Council:

You are the men and women who we put our trust and loyalty in for making the grand decisions for the best interest and well being of our community. It is concerning that our human right and civil liberties are being stripped and violated for highly bureaucratic motives. Not for the people!!!!!!

I am writing this letter in opposition to the Vaccine Pass program! This is more tyranny by creating absolute FEAR among communities and families enforcing a stigmatized division among the vaccinated and un-vaccinated people of Hawaii.

I want to share categories of FACTS that I know for the life of me you have heard more than once and have not consider the benefit of the doubt that the COVID-19 vaccine is not a viable solution but is the death wish for all humanity. I want to state factual categories why there are contradicting information on the COVID-19 vaccine, and it should have never ever been administered and later MANDATED!!!!!!

The experimental vaccine by the agenda driven Pharma's like Moderna, J & J, and Pfizer are criminal!!!

SCIENCE FACTS:

-Side Effects of the COVID vaccine (SARS 2)-

- *Fatal blood clots that commonly affects the heart and brain resulting IN cardiac arrest and a stroke

- *Increased of spike proteins migrating to the organs and especially productive organs, reducing sperm production and ovary disease.

- *Increases risk of Cancer

- *Severe side effects of Myopericarditis (inflammation around the heart) are being reported and confirmed on average teenagers. We are talking about teenagers that are now being mandated to take the shot with all this concerns or even fatal reports. This is LUDICROUS!!!! There are reports that the youth's immune system is 99.8% beats COVID 19 naturally. Why you want to change that?!

- *Auto immune diseases within 2- 3 years for the vaccinated

Studies that 80% Of women in their first trimester who were vaccinated miscarried up to the middle of their pregnancy. The cells that made up the placenta; life force for the baby is destroyed by the spike proteins. There is no conclusive study that COVID 19 is safe and affects fertility in women.

The vaccine produces a ADE (auto dependency). That means more variants are being produced by the vaccine. That will lead to more shots and boosters planned by false reports that the "variant" is deadly. How does that make sense?!! Why have more shots when it is against us!!!

Medical experts, doctors, and scientists have come forward and made a point to disclose the horrific side effects of the vaccine to the Senate and absolutely nothing was done about it! There is suppression of information of the true side effects from this deadly vaccine.

WITH ALL HAVE BEEN SAID AND REPORTED ON SIDE EFFECTS—WHY WOULD YOU RISK IT!!!!

THERE ARE REPORTS OF WAYS TO PREVENT, EARLY TREAT COVID, AND SUSTAIN YOUR IMMUNE SYSTEM, BY CERTAIN DOSAGES OR ENZYME, VITAMIN C, A, D3.

LAWS:

The Nuremberg Code was established to carry out medical ethics for medical programs and experiments not forced or coerced toward human beings. There are 10 principles that were widely accepted by the World Health Organization (WHO) and the United Nations, Educational, Scientific and Cultural Organization (UNESCO). Ultimately, the ethical principles and guidelines of the Nuremberg Code

The vaccine is less than a year old and classified as experimental, can be considered by FDA for full licensure (adults only) is when the trials are expected to conclude on Oct 27, 2022, and January 31, 2021 for Moderna and Pfizer respectively. FDA approved the COVID SARS 2 vaccine for ages 16 years old and older. This contradicts all have been said about EUA versus FDA. Please see the LIGHT!

The EUA; Emergency Use Authorization is the mechanism to facilitate the availability and use of medical vaccines during public health emergencies. The FDA may allow unapproved vaccinations when certain criteria have been met to diagnose, treat, or prevent life-threatening diseases, to include there are no adequate, approved, and available alternatives. Thus, the contradiction that these products or vaccines are approved under an EUA means these products/vaccines are investigational and experimental, studies were not completed. There are available alternatives that were approved and went through medical trials for years such as Hydro chloroquine and Ivermectin.

Since EUA means the product/vaccine is investigational and experimental only and approved for emergency use, it is prohibited from being MANDATED by federal law, and individual consent to use the experimental product. Informed consent to individuals has the option to accept or refuse the product!

It is unlawful that the State of Hawaii is mandating a vaccine to the employees where either you take the vaccine, have tedious measures to take weekly covid-19 tests or it will be grounds for termination. It's hard enough a lot of employees work hard as civil servants servicing the public to honor the State, and we have no SUPPORT!!!! This is unlawful under the SCOTUS Law that protects the individual liberty to choose medical treatment.

. Is this MUTUALLY EXCLUSIVE OR OXYMORON!!!!

Record Keeping & Documentations:

CDC records on sites are skewed and not correlating with actual numbers of covid-19 patients who were admitted, treated, and died

The VAERS results are true to relate the deaths are 100x more a death rate by the COVID shot versus the Influenza shot.

Unvaccinated people are being misrepresented and mistreated in the workplace and in society!
Inconsistencies on what is and not allowed in the workplace and community as to exposure, quarantine,
and safe practices, PPE is so coagulated that it MAKES NO SENSE AND LOGIC!!!!!!

All of this is OPPRESSION, SUPPRESSION, STRESS AND DURESS!

This is human experimentation is next to genocide. There is ZERO justification why this deadly
vaccination still not pulled but now a MANDATE?!!!!!!

WE ARE THE PEOPLE OF HAWAII AND WE NEED TO BE AS ONE COMMUNITY HELPING EACH OTHER AND
WORKING ON COHESIVE AND COMPROMISED RESOLUTIONS. THE HAWAII PEOPLE MAKE HAWAII
WHAT IT IS...THE ALOHA STATE. WE WILL LOSE OUR HAWAII PEOPLE IF MORE MANDATES ARE
ENFORCED AND VIRUS PASSPORTS ARE CREATED. WE LOSE OUR PEOPLE WE LOSE HAWAII. IT WILL
NEVER BE THE SAME!

LOOK AT IT LOGICALLY AND MAKE A STANCE FOR OUR PEOPLE THAT ALL HAS BEEN SAID ABOUT THE
COVID VACCINE IS A LIE AND CORRUPTIVE!

SAVE OUR CHILDREN AND SAVE HAWAII!!!!!! IT IS YOUR DUTY TO EDUCATE AND RESEARCH FOR THE
PEOPLE.

STOP MEDICAL APARTHEID= A SYSTEM THAT DISCRIMINATES AGAINST OTHER HUMANS!!!!!!

Written Testimony STRONGLY OPPOSE MANDATORY VACCINE AND VACCINE PASSPORT. I choose what's right for MY body, not the Government. Who has carried out MANY experiments on the American Public such as the TUSKEEGEE incident. Wake up. Mandates are NOT law. What you're pushing is genocide in the form of UNTESTED mRNA therapy. But you know this already, right?

Written Testimony There are many people who do not want to be vaccinated and feel that there is toxic material in the vaccine that will affect your health it is there right as a human being to decline the vaccination this Vaccination mandate would create many problems for people who do not want to be vaccinated they will not be able to use the facilities Or go to the store there will be chaos people will not be happy It will put the lives of everyone in the community in danger due to uprising that may occur

I oppose this bill with no hesitation!!! This is uncalled for and impractical. Having a room full of vaccinators will not solve anything. Everyone should be adhering to the same protocol and health measures whether they are vaccinated or not. I am so appalled as to how our government officials don't get this! ANYONE can carry the virus and people that have given in and gotten the jab should NOT be treated differently and praised for it. We are all in this together and the unvaccinated (for many different reasons) should not be segregated and treated any differently. Come on now, we all know this, be smart and have common sense. Why not try promoting healthier lifestyles and diets and taking supplements instead of spending all your time thinking of ways to separate everyone!

Written Testimony
My name is Jonathan Ilae Jr. I've been a resident of Hawaii since I was born here in 1990. I support everyone's decision to either be vaccinated or not because I believe that we have the freedom of choice. This new mandate that is being put into affect will harm our local economy more then the state already has. My main concern is the gyms being forced to obey this mandate. For people like myself, and many more in our community's the gym is a getaway. It not only helps with the physical aspect, but also applies to a mental aspect. By doing what is being done you're denying people the freedom of protecting their mental health through fitness and a healthy lifestyle. All I ask is to stop punishing the hardworking people that use the gym to help with their mental health. And lastly I'd like to mention that this mandate will not only hurt the individuals that attend the gyms, but also the small business owners that depend on the gym goers to support their families, and to help keep their businesses alive. Mahalo for your time.

Written Testimony I STRONGLY oppose this mandate - this mandate is a violation of our personal rights and is extremely discriminatory. Local people who have lived here for generations will be excluded from "normal" day to day activities simply because of their vaccination status? Is there any other "class" of people who is treated this way? Sexual predators? Drug dealers? This clearly isn't about health - it's about punishing those who are exercising their freedom to choose. This is a dangerous and slippery slope - why isn't this open to debate and public input? Many local families and businesses will be hurt by this. It is a good reason to close our business and LEAVE this state.

Written Testimony I believe in the constitution of the United States, and the right to choose. I do not believe in forcing people or mandating Vaccinations, it always should be someone's choice when it comes to their health not the government. By law you can not force American citizens to do so. You are the only state going to the extreme with this Vaccination mandate!! Shame on all of you who want to take away people's freedoms.

It is illegal to ask for our medical records, it violates privacy and property rights as protected by state and federal law.. A retailer can not deny entry based on vaccination status. Specifically:

- 1.. The Fourth Amendment of the U.S. Constitution states, "The right of the people to be secure in their persons, houses, papers and effects, against unreasonable searches and seizures, shall not be violated."
2. Title III of the U.S. Civil Rights Ac prohibits discrimination based on medical condition (i.e. unvaccinated)in private businesses such as grocery stores, banks, restaurants, hotels, retail stores and all public facilities including schools.

Written Testimony 3. Any person who violates your rights can be held liable under Title 18 USC Section 242,deprivation of rights. Penalty for this crime can include life in prison or death penalty.
4. It is ILLEGAL to require proof of vaccination as a condition for entry or service to any private business or public establishment

In addition, this "shot" which is not a vaccine has killed 45k people according to a lawsuit filed in Federal Court, Hawaii District. Case 1:21-cv-00343-DKW-RT

The virus has never been isolated, there is no proof that it exists. Requiring a shot for something which doesn't exist is immoral and criminal. You are not serving the people who you are suppose to serve by even considering this shameful resolution, so I ask, who do you serve and p protect, it's not the people. I submit that you follow the money and find out who is paying our government for this fraudulent action and behind it you will find Big Pharma.

Written Testimony The vaccine has not prevented infection.
The vaccine has not prevented transmission.
The vaccine has not prevented death from covid.
There is no science that shows that only unvaccinated people are getting infected or transmitting the virus. In the wake of new strains, all vaccinated and unvaccinated people will continue to be agents to transmit the virus.
Therefore, a health card that only isolates unvaccinated people is discriminatory and will not stop the spreading of covid.

Written Testimony I am writing to you in great opposition of 21-194. I do not want to inject myself with the Covid-19 vaccine that is designed to modify my DNA through mRNA and DNA technology. Furthermore the side effects have no long term studies, side effects that include death. I have underlying conditions that this injection could exasperate and lead to severe consequences on my body, including death. By mandating this injection, you are not giving a choice but an ultimatum whether we want freedom or living under conditions that impede my life mentally and physically on countless circumstances. I am an American citizens that takes pride in living in the land of the free. You are intentionally and wrongfully attempting to take these rights away and causing division and fear! Science does not back up the push for this mandate.

Written Testimony

My name is Jessica Chirico and I am a resident on the island of Kauai. I oppose RESOLUTION 21-194 that would restrict individuals without vaccination to move about freely in society. It is a human's right to decide what is appropriate and what is not appropriate for one's body. It is medical discrimination to restrict individuals who have chosen to not take the vaccine at this time. It is not right to try to force or coerce said individuals into taking a drug that hasn't even been around for a year. There is so much we don't know at this time, and to impose these sort of mandates would wreak havoc on our community, economy, and the mental health of our citizens.
Thank you for reading.

Written Testimony

Aloha,
My name is Will I am a resident of Oahu, Hawaii. Firstly, I strongly oppose "Resolution 21-194" and the need for vaccine passports. It is wrong and goes against everything America stands for. We has humans should be able to choose what we take and do not take. This vaccine can be dangerous and harmful to our body. This new science of mRNA is still very new and the fact that it changes our dna to build a protein to fight off infection is discomforting.
In conclusion, I do not believe in this taking of our freedom with resolution 21-194. We can do better than this. Thank you for the opportunity to speak, this comes from a place of love and Aloha.

Mahalo,

Will

Vaccinated people are carrier of the virus and they can share it to others or get sick themselves. There is no need for faulty PCR tests or a vaccine which already has been causing many deaths according to VAERS. Discriminating a large part of our population according to a faulty assessment of health risks is against our Constitution, Liberty of religion and common sense. It would allow full government control and suppress civil liberties. In the light of successful therapeutic treatments to prevent and cure Corona viruses, there is no legal justification for a so called vaccine

I believe a passport is against our freedoms. This is not keeping America free to choose and free to personal privacy.

Written Testimony You are taking these freedoms away if you make a passport mandatory and this is not right! We have the right to keep our freedoms!

If you make this mandatory you are going down the road to taking our freedoms away. Freedoms men and women have died to allow us to have.

America is supposed to be a free country and this is not freedom!

Written Testimony Aloha,
I wanted to testify to the illegitimacy of this bill. requiring Health cards for functioning in a society is unconstitutional and should not be supported. This is an act of medical segregation, only I and my doctor are allowed to know what is on my medical records. should any restaurant, gym or high potential infectious business be able to see into my medical choices. NO. Should anyone be able to ask you or know wether you have aids or not? Everyone should be responsible for their own body and own choices. If they feel that they need the vaccine then they should have a choice, not forced to do so. You are elected officials and should act as representatives of the people not acting for your own best interest.. People should have the choices!!

I oppose the use of vaccine passports. Decisions regarding one's health should be made between the person and their doctor, period. Government can enact reasonable safety measures for the population but the citizens of Hawaii are capable of making responsible decisions. If one feels sick, they should stay home. Employers should encourage sick people to stay home. If one has low immunities, they should avoid crowded places. This is not rocket science. For those who choose to behave irresponsibly, they will have a greater chance of getting Covid. We don't have to interact with those people, and we all know people like that in our social circles. Government's responsibility is to provide reasonable guidelines of public safety, not force mandates born out of fear. Yes, positivity test results have risen and the numbers of those needing hospital care have increased as well. I believe there are untapped resources such as the military who have medical teams and equipment that could be deployed, if needed. Please share facts and not fear. Please guide and not mistreat the trust of we, the reasonable citizens of Hawaii. Mahalo for this opportunity to share my voice.

Written
Testimony

This virus has proven to be resilient and terrifying. It is up to us as a people to come together and stop the spread. It is not a matter of being pro vaccine or anti vaccine any longer— but a matter of prolonging and ensuring the health and safety of our people as a whole. The “vaccine passport” will be an incredible implementation to our society bringing peace of mind to myself along with my Kupuna who are scared to go out in public in fear that an irresponsible third party will get them sick. We all deserve some sort of normalcy amid all the chaos and change that has ensued due to COVID-19 and this passport will allow us to go on with everyday life alongside our keiki and Kupuna without fear.

Roldan Ohana & Hamakua Christian Fellowship
Aloha,

Written
Testimony

My family and Christian Fellowship are in strong opposition to this resolution. Not only are there thousands of people with natural immunity to this illness in our state now but the reality is the death rate to this illness in our state is only 0.9%. Study after study is proving the natural immunity to COVID is more effective than the vaccine and the vaccinated are still getting and spreading COVID. This vaccine is not effective and is proving to cause thousands of injuries and deaths as the VAERS counts continue to climb.

It is outrageous that elected officials are feeding on fear campaigns driven by the pharmaceutical industry to violate our constitutional and medical rights. This is not only unacceptable but shameful. Please educate yourselves. The countries who have more than 70% vaccination rates are drowning in COVID infections and hospitalizations. Israel is the perfect example with 78% vaccination rates and some of the highest rates of covid infection. Over 58% currently hospitalized are the vaccinated. Why does our news keep this very important information away from those who need to hear it most?

The science does not prove this vaccine is effective against this virus.

Dozens of molecular and cellular biologists as well as virologists and pathologists have attested to the fact that distributing this vaccine and developing it too early could potentially cause a surge of mutations and variants. Given the number of "breakthrough" cases in Israel and Great Britain with extremely high rates of vaccination this would certainly prove to be the case.

If you are too fearful to think logically about this issue and look into these international examples thoroughly ask that you please consider what forcing a potentially variant causing

vaccine might do to our islands. The injuries and deaths caused by this vaccine could very well cost people their lives. We should be given the choice to inject or not inject.

We cannot tolerate panicked, fear based decisions that have clearly disregarded the available independent research and examples of what is working and what is failing in regard to COVID. Forcing vaccine passports on an entire population whether they have natural COVID immunity makes not logical sense.

My ohana and Christian Fellowship strongly and urgently call you to look at the world examples and seek the factual information of how many thousands of people in our state now have natural immunity including several in our family and organization. This is a new kind of discrimination and it is unethical and immoral to do so.

Mahalo for your time.

Written Testimony

I and we (captured under our businesses and employment) oppose and contest mandatory vaccination cards, vaccinations, testings & masks for the following reasons backed by research.

- FDA reported the ineffectiveness of masks.
- Vaccinations numbers rise, as does COVID-19.
- Testing procedures are evidentially inadequate and lowly scored for accuracy.
- Violation of our constitutional rights
- Violation of HIPAA regulations
- Insufficient time, research & data to strongly support any mandates re: COVID-19.
- Discrepancies in policy/procedures including but not limited to, reports made by government officials re: statistics of morgues and hospital utilization in contrast to reports of anonymous whistle blowers.
- Hidden numbers of vaccinated COVID positive individuals despite evidence indicating that vaccinated individuals can still be a carrier.
- There are alternatives to vaccinations.
- Inadequate time to seek alternative solutions.
- Global evidence of countries/states that are seeking holistic/alternative approaches are demonstrating lowered numbers of COVID-19.
- FREEDOM. CHOICE. TRANSPARENCY. LIBERATION. JUSTICE FOR ALL. BREAKING THE TOXIC CYCLIC PATTERNS DEPICTED IN US HISTORY, BASED ON DIVISION, POLITICS, BULLIES, POWER, CONTROL, FEAR....

Written
Testimony Aloha! I am Doctor Cassandra Page, a Hawaiian National and dual citizen and official of the World Government. I live on oahu and have a congregation, "Flaming Hydra". What you are proposing is entirely illegal on state, federal, national and international levels. It is seen as an act of war and will be treated as such at federal and international levels. The office of the director of national intelligence as well as the NSA, SECRET SERVICE and the CIA have been contacted by myself on 9/1/2021 about this proposed mandate and future plan for forced / mandatory vaccinations. Mayor Blangiardi and director SCOTT HAYASHI know who I am well enough to consider what I say. Refer to congressional records regarding PROJECT CASSANDRA. Or perhaps ask Hillary Clinton and Donald Trump who I am. Your police department is already in trouble and so are the sponsors of the repulsive proposed Mandate. Congressional record volume 163 number 208. The project did not end, it went top secret. So, unless you have top secret clearance to confirm what I say, I suggest you take my word for it. If it affects me negatively then it will affect other world leaders and people in federal government and other nations as well, and is seen as a direct threat and act of war.

I have been providing members of my congregation vaccine exemption letters and will continue to do so. I suggest you consider that in place of requiring people to show their private health/ medical records.

Like I said, I am a member of Federal, NATIONAL and world government. This is seen as an act of war and will be treated as such. My contact information as well as more info is listed and stated on the letter that I am including. If you move forward with this planned act of war, you will feel the effects in every way possible. Attacks will come in ways you may not expect. However, keep in mind that I am non violent and with no criminal record, and I am not threatening anyone. I am stating facts. If you remember the hawaiian history, then you remember how powerful the dragon magic of the gods is.

It is not something you want to test.
Aloha.

Written Testimony
Aloha, I strongly urge you NOT to support this bill. This will not help the situation at all. The CDC has said those with the vaccine can still spread and get sick from Covid. And we are still seeing those with the vaccine getting Covid. It is unconstitutional to deny the right to choose what is injected in someone's sovereign body. And unacceptable to force the injection on people to participate in society. Where there is a risk, there must be a choice.
This will only create more problems and issues. The control is unacceptable. Please think logically. There is absolutely no reason to mandate a vaccine passport when Covid is still spreading even among with the vaccine.
VOTE NO!
Mahalo nui,
Darby Partner, certified professional midwife, Kona, Hawai'i.

Written Testimony I strongly oppose this idea. The vaccines are proving ineffective, otherwise they wouldn't need boosters and fully vaccinated wouldn't be getting and transmitting this virus. So, if the vaccines don't work, then the passports are useless. You would be bringing back segregation, based on health status. Jim Crow laws were wrong then and they are wrong now. Natural immunity from prior infection is proving stronger and longer lasting than the vaccines. Would you segregate those with superior immunity who have no use for the vaccinations and would be put at risk from them? Please think critically about what you are doing, why you are doing it, and what you think will be the result. Is this about my health? I'll protect my health how I see fit, thank you very much. There is no proof of asymptomatic spread, so give that up. The Supreme Court has said more than once that it is NOT the job of the government to keep us safe. That's my job. It's YOUR job to PROTECT our liberty. This measure would have the opposite effect. Thank you.

It is wrong for any business or organization to implement a discriminatory policy against anyone that works at the establishment or wants to visit the establishment vaccinated or not. Both vaccinated or not can spread the viruse. We have to leave it up to personal choice. Inflicting further restrictions will only drive people further apart. Why when we have so many people vaccinated do we have such a large rate of cases. The vaccine obviously isn't doing what we are being told it does. You have to look at the facts.

Mandate Free Hawaii

I am wondering why our elected officials have chosen to mandate a covid health card which is not a law and a huge infringement our freedoms of choice? This is a violation of the US Constitution and completely illegal. This will cause necessary legal problems and is wasting taxpayers dollars.

Have you seen that Japan recently came out with the recommendation of giving covid patients Ivermectin?
Here is the link:

<https://t.me/c/1189078220/685>

Tokyo's Medical Assoc. Chairman holds live press conference recommending ivermectin to all doctors, for all Covid patients.

Written
Testimony

Also, India and Latin America reduced their COVID deaths after using Ivermectin, and the Fact Checkers are desperately trying to cover this up...

https://www.thedesertreview.com/news/national/ivermectin-obliterates-97-percent-of-delhi-cases/article_6a3be6b2-c31f-11eb-836d-2722d2325a08.html
<https://t.me/c/1189078220/872>

Why are we using an experimental "vaccine" when Ivermectin works? This is a game changer! VAERS and the CDC have reported many injuries and deaths from the "vaccines."

Are we making the best decisions for our people and are you working for the people? Have you investigated what is actually in the "vaccine?"

Here is a link to a scientist who went through the 4 "vaccines."

Dr Robert Young discovers the true contents of the drugs being distributed to adults and kids.
PARASITES, METALS, NANO-PARTICLES AND GRAPHENE OXIDE FOUND IN
VACCINES!!!

<https://t.me/c/1189078220/858>

Freedom is the backbone of the United States of America.

The masks are also an infringement of rights and actually caused more deaths during the Spanish Flu in 1917.

I am a retired Fire Captain/Paramedic of over 20 years and I was privy to data about how masks do not stop viruses. Viruses do not live outside the body. On a box of masks, it clearly says on it, "DOES NOT PROTECT YOU FROM VIRUSES."

Lockdowns, masks, and vaccines do not work. This is how tyranny works. Please make the decisions for the people and not the corporations. Thank you for your time.

Shame on all you council officials elected BY THE PEOPLE and FOR THE PEOPLE, who do NOTHING FOR YOUR PEOPLE. The children are watching you create a future for them that will not only segregate and discriminate, but also muzzle their voices, because of the FREEDOM OF CHOICE that they are GIVEN based on the CONSTITUTION. You cannot amend the CONSTITUTION. It was created to PROTECT, WE THE PEOPLE, from pilauticians and tyrant government officials. Protect us from YOU! How do you sleep at night knowing that you will go down in history as the biggest CROOKS to ever walk the face of this earth?

Written Testimony

I resigned from my job as an educator because my RIGHTS have been stripped from me. I will no longer be a part of the sickest injustice to humanity. I went from being a hero to ZERO in a matter of months. I have chosen to speak out against your discriminating narrative, and I WILL NOT BE SILENT.

If agenda item RESOLUTION 21-194 is put into action, you will have done your part to create the biggest injustice to humankind. Why are we being punished for the rights given to us? The rights fought for us to live in a free society? This is genocide. Just as the Jewish people fought for their rights to live and exist, WE, THE PEOPLE, are doing this NOW. If you pass this agenda item, you will be contributing to the deaths of thousands of children, women, men, and kupuna. You will have blood on your hands for destroying humanity. What for? Money, power, and greed. TYRANNY.

I write this testimony with GOD on my side. He is watching. He is

waiting. HE WILL NEVER LET HIS PEOPLE DOWN. Ask yourself this question when you are laying awake at night: what side of history will you be on? GOD has a special place for his people and an extra special place in HELL for the ones who are responsible for this injustice on humanity.

ACTIONS SPEAK LOUDER THAN WORDS. Show us what is right. That's why we elected you.

To Whom It May Concern,

Written
Testimony

I am writing to you today to let you know that I strongly oppose the “health pass” that you are trying to implement. This is a blatant overreach of the government and a violation of our rights to privacy. The covid “vaccine” is still experimental and none of the pharmaceutical companies are set to be done with long term studies until 2022 and 2023. The Experimental Use Authorization (EAU) given to the covid shot means that it must be voluntary and citizens must not be pressured or coerced into getting it. The FDA "approved" shot, Comirnaty, isn't even on the market yet and is "legally distinct" from the current EUA Pfizer shot. The health pass is a form of coercion to pressure private citizens to get vaccinated in order to participate in society (i.e., go to restaurants, to the aquarium, shopping, etc.). This is a violation of federal law under FDA 21 U.S. Code 360bbb-3 “Authorization for Medical Products for Use in Emergencies.” The health pass also violates the Nuremberg Code, which I will attach below for you to read.

Additionally, this “pass” is extremely discriminatory. Many people either don’t want the shot for a myriad of reasons OR are not allowed to have it due to medical or religious reasons (i.e., the Johnson and Johnson shot contains aborted fetal cells and both Moderna and Pfizer used aborted fetal cells in their trials, which goes against MANY people’s religious beliefs). Thus, the health pass is discriminatory against those with certain religious beliefs and practices and a violation of religious freedom under the First Amendment, as well as discriminatory against those unable to get it for medical reasons.

Lastly, the CDC and WHO have all stated publicly that the vaccine does not stop transmission, and fully vaccinated people are still testing positive for covid-19. This should tell us all something. It takes years of studies to determine safety and efficacy of a vaccine,

and people should not be penalized for choosing to decline warp-speed, experimental and liability-free products. The health pass in Hawai'i is a slippery slope, and I'm asking you to put a stop to it. This will be the end of our liberty when the government is able to freely access our health data and when we are no longer allowed to participate in society without the shot. Thank you for your consideration and your time.

Respectfully,
Alexandra Marshall

As a small business owner and one that believes in personal freedoms and has been struggling to stay in business during the extended shutdowns and restrictions. To say that it has been tough, would be the understatement of the century. We have been surviving for over 25 years, but all of these governmental regulations that have done little to help in the short or long term. I strongly oppose Resolution 21-194 because it discriminates against our brothers, sisters, mothers, fathers and children of our community. Also as a business owner, two of our employees are unvaccinated and have made the personal choice to not get vaccinated due to the low mortality rate and ability to develop higher immunity against future strains by recovering from COVID. We also rent out our location to another small business owner who has also chosen not to be vaccinated for the same reasons. This would effectively cause me to fire these two individuals who are essential for my business' success and also lose a great source of revenue that is needed now more than ever. This resolution would also cause a major reduction in our member base, again, in a time where businesses like mine need every single member to keep the doors open. I implore all of you to oppose this resolution and any other resolution or bill that places restrictions on businesses and customers.

Vaccines are our best chance of getting life back to normal and beating COVID; however, forcing and coercing our friends and family members into only making medical decisions that the government approves of is wrong and immoral.

In addition to being immoral, it is also illogical. Vaccinated people like myself can STILL spread the virus, so keeping out the unvaccinated will not help us reduce the spread. If anything, it will create a false sense of security among the vaccinated and could cause the virus to resurge. All that vaccine cards will do is divide the people of our island into two distinct classes that will receive either punishments or rewards depending on the arbitrary rules made by the governor. We should not be further dividing the Aina. With patience and Aloha we can slowly get our people immunized.

Written Testimony

Furthermore, the vaccine card will further complicate an already messy employment situation in Hawaii. One of my employees is unvaccinated because she got COVID in 2020 and has testable and measurable antibodies, so she is adequately protected against COVID, even without the vaccine. A program like this could potentially force me to terminate an employee who has done nothing wrong, and is a threat to nobody. The science DOES NOT support vaccine cards.

Mahalo for taking time to hear me out. I want to reiterate that I am PRO-VACCINE, and I encourage everyone to get it, but a vaccine card mandate will bring nothing but more misery and problem to an island that is desperately in need of Aloha.

For the sake of our island and our businesses, PLEASE stop this bill.

We are the United states of America. Land of the free, home of the brave. Vaccine passports not only violate our constitutional rights, but they strip us of our freedom. This is tyranny. The creator of this bill is a disgrace to the state in the country. You are NOT for the people. You were elected to help the people of Hawaii, but you only care about yourself in your wallet. Do you think vaccine passports are going to drive people to get it?!?! No. It actually pushes them further away. It is unlawful; a HIPAA violation to ask for health records. Is unconstitutional and you know it, however, I'm not so sure you are familiar with the constitution to begin with. Who do you think you are to force an experimental treatment on your citizens and state employees?!? Maintaining an experimental treatment for a disease that has a 99% recovery rate is pure asinine. How about you mandate healthy eating and exercise? That would decrease the severity of most cases. But...no...you would never do that. Why? Because this has never been about a virus, this has always been about power.

I am testifying against the vaccine passports. I do not agree with the proposals to vaccinate or show proof of recent testing just to eat at a restaurant or go to the gym. When Covid shut us down the first time, a request to help our locals business went out. Typical Hawaii, we did exactly what needed to be done. The local community went out and supported our local businesses even when money was tight just to keep businesses running. I believe that if you follow through with vaccine passports, the businesses will eventually lose a lot of patrons and many businesses won't survive. This is why I believe the vaccine passport is a terrible idea. We are trying to rebuild Hawaii not hurt it. We live in the United States for a reason. This is the land of the free. The land where we have the freedom to make our own choices. Please stop taking our freedom away.

Aloha,
My Problem with The Passport

- a. False immunization
- b. Re-infection
- c. re-enacting segregation
- d. unvaccinated children
- e. violation of HPPA law
- f. 8,000 + Homeless Due Process
- g. Tourist passports ?
- h. Elders and sickly that cannot take vaccine
- h. Unconstitutional

Does this State have the man power to distribute this passports in a timely manner to the millions of people on this island . (Both tourist and Residents) ? This is see as big mess that will cost millions of dollars, cause segregation, it's unconstitutional, and it's in violation of HPPA law. The State. Ann make laws and them break them, the state cannot swear on the constitution and then act in manner as if it is irrelevant. The States job is to ensure law, lively hood and safety for all residents. Why spend money to do a passport that will cause a much greater problem when all you have to do is shut down for at least 20 days to a month . Covid is active for 10 days in a person... if we lock down for a month everything should come to a halt. This is much wiser then spending millions or billion for a passport that will cause influx in disease due to false immunity and a symptomatic carriers who have passports .

The Hospital will be able stabilize, Business, schools etc. can sanitize and prepare better ! Shut down is the only way to bring The wide spread at a halt. Choose wisely you could be saving your own family

members life ! Remember all of our children is at risk, there is no vaccine for them.

	The Knights of Aloha is a political organization that stands up for Faith, Family and Freedom. On behalf of our members and many in the Oahu and Hawaii community we stand opposed to this measure.
Written Testimony	The government should be of, for, and by the people. This current Resolution puts government over the people. The inoculations are not proven to stop the virus and thus, need to remain optional. Additionally, the resolution, as is, discriminates against an entire class of people who have contracted and recovered from COVID-19. Those people can not get a negative test and have no medical need to be inoculated. This order opens the city up to legal action by this group and must be amended to recognize natural immunity as an important and respected factor in the fight against this virus.
	Please listen to the voices of real people.

RE: RESOLUTION 21-194 — URGING THE CITY ADMINISTRATION AND THE STATE OF HAWAII TO IMPLEMENT A COVID-19 HEALTH CARD FOR ESTABLISHMENTS AT HIGHER RISK OF TRANSMISSION OF COVID-19.

Comments Only

Dear Chair and Committee Members:

The Grassroot Institute of Hawaii would like to offer its comments on the proposed resolution 21-194, which would urge the city administration and the state of Hawaii to implement a digital COVID-19 passport for “establishments at higher risk of transmission of COVID-19.”

We share the concerns of the American Civil Liberties Union about the privacy, security and access issues that could be caused by a digital vaccine passport.

Furthermore, we have grave concerns about the overly pervasive mandates for vaccine

passports that would split our residents into separate tiers. At the least, those would include individuals who have been vaccinated, those who have religious or medical exemptions from the mandate, those who simply have not been vaccinated, and possibly those who have been vaccinated overseas with vaccines not recognized in the U.S.

In the view of the the ACLU, if vaccine passports are to be used at all, they should be primarily paper-based, for three reasons:

>> An exclusively digital system would increase inequality for individuals with less access to digital technology, such as people who are homeless, low-income, have disabilities or elderly.

>> Centralized digital systems are not good for transparency, privacy and user control, and a trustworthy decentralized digital system, such as with blockchain technology, would be difficult to create.

>> Digital systems are ripe for inappropriately sharing or leaking user data, such as to a big company seeking to track user movements from one establishment to the next.

The ACLU argues that these issues could deter individuals from getting the vaccine, and that any passport system could shut out individuals unable to take the vaccine because of certain medical conditions or access.

It also could shut out individuals who have already taken a COVID-19 vaccine widely available overseas that is not recognized in the U.S. These fully vaccinated persons would question whether they should also take a vaccine recognized in the U.S., and whether that is even medically necessary or advisable.

The efficacy of widely mandated vaccine passports is highly suspect, and a digital passport brings up significant equity and civil liberty issues. The New York measure upon which this Honolulu resolution is based is already being challenged in court and has been criticized for its intrusions.

We urge the committee to shelve this resolution so as to preserve the safety, privacy and open access to daily life of its citizens and visitors.

Thank you for the opportunity to submit our comments.

Sincerely,

Joe Kent
Executive Vice President
Grassroot Institute of Hawaii

Written Testimony

Aloha,
I truly hope this testimony finds you healthy and well. With the utmost respect that I have for our government, the city Council, and Mayor Blangiardi, I would like to submit this brief testimony As the pastor of Inspire Church, I humbly state that vaccine passports might have some benefit for the slowing of the spread, but I think the damage outweighs the good. The damage will include, and this is not an exhaustive list; further loss of whatever small businesses remain (gyms and restaurants), Long term strain on relationships caused by division, and set precedence on stripping people of their civil liberties and rights as American citizens.

I realize that these are very difficult decisions to make, but I do believe that there are other creative solutions to help stopping the spread but I am not in support of these measures.

Thank you for your time. Aloha and God Bless
Mike Kai

Written Testimony

Here are some proven facts.

- Vaccinated people can spread COVID.
- The vaccine is not proven and is know to have killed people AND the pharmaceutical companies cannot be held accountable due to the protection of the Government. These 2 facts should be enough for freedom of choice to get the vaccine.
- If a person got Covid they have the natural antibodies to fight off covid.
- I have a patron that is a registered nurse that CANNOT take the vaccine due to allergic responses and APPROVED by the Doctors. She has already got COVID so has the antibodies. HPH will not make her take the vaccine - NOTE she is not an anti vaccine person.
- All companies are not created equal. I like most small boutique studios are a small member base. Fact My wife is a Dr, I house top leading Drs, one is on the Covid protocol unit for all hospitals in Hi. Nurses, PT, nutritionist etc. I have had over 12000 checkins since November and NOT 1 contracted case. We even worked with the DOH for a whole week and they gave us verbal kudos on our systems. I am sure other small business owners are taking this seriously.

MY WHOLE LIFE SAVINGS AND NOW 500k in Government DEBT due to Covid is in our businesses. Throwing mandates like this, hurt if not, WILL SHUT DOWN small businesses. At that time will the State of HI pay our landlords? Our debt to the Federal Government? I doubt it. I share this because we TAKE COVID PRECAUTIONS Seriously, WE PROMOTE HEALTH! Does this make us equal as bars and restaurants? Definitely not. I can speak for the restaurants that I eat at weekly and they are following the rules and doing what is best for their patrons.

To conclude; Small business owners can and have proven ourselves to be a part of providing

a safe community. We nor the people need mandates. We are not children and can fend for ourselves.

The proposed mandate WILL NOT slow Covid down, that is fact, but would cause chaos locally, division of our community, create un-deserved criminals and economical disaster.

**KNIGHTS OF ALOHA
PUBLIC TESTIMONY ATTACHMENT
SEPTEMBER 2, 2021
RESOLUTION 21-194
COMMITTEE ON TRANSPORTATION, SUSTAINABILITY, AND HEALTH**

I, Channey Tang-He **STRONGLY OPPOSE** Resolution 21-194; URGING THE CITY ADMINISTRATION AND THE STATE OF HAWAII TO IMPLEMENT A COVID-19 HEALTH CARD FOR ESTABLISHMENTS AT HIGHER RISK OF TRANSMISSION OF COVID-19.

The Committee on Transportation, Sustainability, and Health should **immediately defer** the above Resolution as it infringes on the rights, responsibilities and liberties of a free and independent people and society. The current resolution has local government overreaching to enforce on its citizens and businesses policies/orders which disrespect and disregard the sovereignty of our individual freedoms.

Vaccine passports **ARE NOT** necessary as businesses have the freedom to create and enforce their own health and safety policies based on their own principles and sensibilities and Individuals **must** retain their right to vote and participate with their dollars to support businesses which promote values and practices similar to their own.

The vaccines are widely available and those who want to receive it have already done so. The inoculations have not been proven to stop the contraction or transmission of the virus, only to mitigate negative health outcomes, as such they should remain optional. Large populations of Honolulu have contracted COVID-19 and recovered, granting them considerable immunity which is not addressed or accommodated for in the current Resolution, an omission which is equal to discrimination and natural/civil injustice.

Let the People Decide! With no proof the current inoculations stop contraction or transmission, a mandatory vaccine passport does nothing but hurt our economy and trust in local government. We do not want your mandates and we do not need your help to make decisions for ourselves, our families or our businesses. Let the people and local markets dictate the response to this pandemic and have the Mayor and City support the will of the people.

I make this testimony of my own free will with no undue influence. Thank you for your consideration.

Additional testimony:

Aloha. I am a very healthy person and have been healthy my whole life. this includes working out at least 5x a week. I believe in my God-given immune system, fresh air and I am pro freedom, that includes medical freedom. I have heard / seen both sides of this argument and this makes more sense to me. Besides the masks not even really working, the vaccines are not FDA approved - human trials don't finish until 2023. I do not feel safe putting something like the covid vaccine in my body. Thank you for listening to the people. God Bless

Please do not instigate the vaccine passport. It will turn businesses into vax cops.
It will discriminate against those who do not wish to get vaccinated for religious reasons or other personal reasons. I feel like I'm in Nazi Germany, being dictated to by authorities who Claim to have my best interests at heart but do not. Despite so many being vaccinated at this point, the number of Covid cases are rising. Is the virus mutating because of the vaccine and becoming ever more powerful?
What about deaths from the vaccine?
So many unanswered questions and yet the Mayor and City Council press on with the passport.
Please stop this madness.
Mayor Rick, as a business person I would think you'd be more supportive of small businesses? So many have suffered. So many have not survived. The passport will make things worse.
This is an opportunity to diversify our economy and become self sufficient. Never mind tourism. See to the needs of the local people and support diversification of our economy.
No more mandates! The virus will pass if we don't keep feeding it new ways to mutate and grow stronger. Slow down the vaccine campaign and let things calm down.
Yes, we have a pandemic and yes people are dying. Nature is doing a reset. This is a tragedy, but forced vaccination will not help. Slow down. Look at all the ways to stay healthy. Support diversity and individual choice.
PLEASE BE REASONABLE!

I Carleen Burns oppose the Vaccine Passport that the state wants to mandate. Covid-19 vaccines permanently alter the functions of the immune system and normal cell growth which are two major life activities listed in the ADA Amendments Act of 2008. There have been many deaths and serious side effects due to this so called vaccine. My three sisters have taken it and all have suffered from some adverse reactions to it. One sister now gets reoccurring shingles the other sister has had severe pain in the arm she got jabbed in. Therefore after continuous research of this so called vaccine based on my rights as a US citizen and human being I am totally against this mandate.

Both vaccinated and unvaccinated can contract and transmit the virus so enforcing passports is only discriminatory and an infringement on human rights. A passport will have a crippling effect to local businesses and residents. How can businesses be held accountable or enforce this passport when just about every business local and corporate is currently hiring and understaffed, not to mention the backlash that will come with that position I doubt many will be keen on hiring in to work like that. The vaccine is experimental using brand new science never before used on humans, it's not proven effective and it's not proven safe; we do not know the consequences of this science in our bodies down the line or in our future generations. Hard working citizens of our communities are being backed in to a corner, threatened with their livelihood, treated like second class citizens and being blamed for a pandemic that has nothing to do with the unvaccinated aka healthy bodies over an experimental vaccine and that is not right.

Organization WARRIORS AT EASE

During my tenure as Executive Director of Warriors at Ease (WAE), we served nearly 5,000 veterans in Hawaii from all branches of the military. Our organization provides wellness classes for veterans who are struggling with PTSD and physical disabilities. We rely on community centers, fitness facilities, and yoga studios to continue our vital mission.

Many of the veterans we serve are unable to take the vaccine due to underlying health conditions. Since COVID, WAE has adapted protocols to keep everyone safe. We've also significantly downsized our operations, often to the detriment of the mental health and physical well-being of our veterans.

Written
Testimony

Just today, I received a distressing text from a veteran who served multiple tours in Afghanistan. Two years ago this veteran was suicidal and WAE programs enabled him return to a healthy state. He is already experiencing an enormous amount of stress over the situation in Afghanistan, and now he is deeply concerned about what will happen to the programs that he's relied upon here on island to maintain his well-being.

I OPPOSE this legislation and have grave concerns at the third order effects it will have on our local community.

Meeting Date 09-02-2021
Council/PH Committee Transportation, Sustainability and Health
Agenda Item Resolution 21-194 - COVID-19 HEALTH CARD
Your position on the matter Oppose
Representing Organization
Organization Aloha Freedom Coalition

I strongly oppose Resolution 21-194 - Advocating for the COVID-19 Health Card.

After the rush of pharmaceutical companies to bring a coronavirus vaccine to market, No pharmaceutical product or procedure should ever be forced or coerced as a condition of employment, participation in community events, schooling or travel, particularly a fast-tracked, experimental vaccine that is free from liability for any harm it might cause — reaction, injury or death.

Under the PREP Act of 2005, the Covid-19 vaccine will have near blanket immunity. That means if a patient has an adverse reaction to the vaccine, no one will bear responsibility — not the vaccine manufacturer, not the doctor administering the vaccine, not the government body or employer who decided to mandate the vaccine. It is the patient and the patient alone who will be left with the consequences and the medical bills.

Written Testimony

That is exceptionally alarming given the fact there are major safety concerns with the Covid-19 vaccine. Very simply, vaccine manufacturers cannot ensure the long-term safety of any Covid vaccine. The mRNA technology being used in several of the vaccines is unproven and has never before been approved for commercial use. There is much that is not understood about mRNA vaccines and their long term effects are completely unknown.

Under current U.S. Supreme Court law, in order to mandate a medical intervention there must be an epidemic that imperils the entire population. For people under 70, the survival rate after Covid infection ranges from 99.5 percent to 99.9 percent. Furthermore, the Covid-19 vaccine is not proven to prevent transmission; it's merely shown to lessen symptoms. Given the above — and the fact that there are a variety of preventative measures for coronavirus as well as treatments that have been successfully used by healthcare clinicians around the world — there is simply no basis upon which to require healthy people to take the

vaccine. Those at risk from Covid-19 due to age or comorbidities should be provided the vaccine at the first opportunity, but the rest of us should not be forced.

Vaccination is just one approach to dealing with a virus such as Covid-19. It is not THE only approach. In the absence of a true emergency, it is up to each person to decide how to care for their body based on their own individual judgment and unique physiology.

Personal choice, not public pressure or coercion, must be the only factor in getting the COVID-19 vaccine. I urge you to make sure that public policy paves the way for all of us to make responsible choices about what precautions we take and the best way to care for our own health.

The Health Card violates our 4th Amendment Rights. The Fourth Amendment ensures our privacy and security:

4th Amendment

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures shall not be violated, and no warrants shall issue but upon probable cause supported by oath or affirmation, and particularly describing the place to be searched and the persons or things to be seized.

Further, this Health Card goes against HIPPA LAW:

The Health Insurance Portability and Accountability Act of 1996 (HIPAA), gives you rights over your health information. You do NOT have to give your health care documents or information to anyone.

Therefore, you cannot be forced to obtain this Health Card in order to receive certain rights and privileges.

Legally, a person cannot be treated differently because they choose NOT to take a vaccine. As U.S. Citizens, we have the liberty to say, "NO to vaccines."

Thank you for listening to my voice;
may wisdom guide, as you make this monumental decision, that will affect the wellbeing of us all and the future generations to come.

Organization American Association for People with Disabilities
Dear Madame Chair Cordero and Honorable Committee Members,

Respectfully, I am strongly urging of the city administration and The State Of Hawai'i to not implement a COVID-19 Health Card or Digital Passport for establishments at higher risk of Covid-19.

Before I continue this individual opposing testimony, I'd like to introduce myself. I am a proud and productive citizen as well as a citizen with a disability. I represent the American Association of People with Disabilities, and I have found over the years we who are disabled are an orphaned minority group. Along with Children, Disabled People are grossly misrepresented, underserved and lack transparent advocacy in order to support personal autonomy. The opinions and voices of disabled people are rarely heard when it comes to public affairs, politics, and business.

Written
Testimony

In the wake of this Pandemic over the past 19 months I have witnessed my Freedoms and Quality of Life perpetually dissipate in numerous ways that many of us can certainly relate to. On first account I have seen that we (disabled people) lack even more of a voice and representation in our communities, schools, homes, work environments and even with state agencies such as DHS. We are constantly discriminated against and not supported to share in the decision making process for matters that directly effect each individual citizen, significantly. It's disheartening. It dismantles the spirit.

Now, there are miracles, and the fact that I survived a very serious accident is proof of such

miracles.

I believe God bends Divine Laws for miracles.

My life is a miracle.

My faith is strong.

God is my first witness and advocate.

To advocate for myself and All People.

Man is not above his own Laws of the Land or the Laws of God.

I've been disregarded, abused, dismantled and discriminated against. I have been raped of my autonomy and there are thousands upon thousands of "me" that are not justly represented. Disabled individuals make up 15% of the population, are the largest minority group, and yet have less than .01% say in our social ecological system. Directly due to a lack of adequate advocacy and quality support to advocate for ourselves at such levels of governance.

"The World Bank estimates that 20% of the world's poorest people have some kind of disability, and tend to be regarded in their own communities as the most disadvantaged."
(World Bank)

"Women with disabilities are recognized to be multiply disadvantaged, experiencing exclusion on account of their gender and their disability. (Disabled World.com) - United Nations data base

And as I observe a society of unassimilated people make decisions from a state of panic, hysteria and dramatization I am in awe at the lack of basic compassion, lawful consideration and impartiality. These decisions effect me in ways I doubt most take time to or consider.

With that being said on the introduction of who I am and what fraction of our population I represent. I'm here to be an example of basic compassion, lawful consideration and impartiality, to offer my individual voice and lawful right to oppose implementation of Digital Passports and PCR Tests for O'ahu and the Island chain; Kō Pae 'Āina.

Please bare down with me here, for this is a road down to perdition we're all upon.

I am called to quote Revelations Ch. 4: 11 "you are worthy, O Lord, to receive glory and honor and power; for you created all things, and by your wheel they exist and were created. "

The scripture is my first Comment and it was almost all I wished to share. I wish to share this specifically because it is what I truly believe. I am a creation of the Lord, my God. I give the glory, honor and power the Lord. I am created in his image: 1 Corinthians: Ch. 6 : 19 "Or do you not know that your body is a temple of the Holy Spirit within you, whom you have from God? You are not your own, for you were bought with a price. So glorify God in your body."

I am sworn to an oath, I vow to serve the Lord by truth and faith.

I empower myself and invoke religious rights, to honor my body as a temple and not be subjected to coercion, fraud, abuse or unlawful medical interventions.

Citing -

The First Amendment to the U.S. Constitution says that everyone in the United States has the right to practice his or her own religion, or no religion at all.

First Amendment -- to guarantee the separation of church and state. This fundamental

freedom is a major reason why the U.S. has managed to avoid a lot of the religious conflicts that have torn so many other nations apart.

The Free Exercise Clause of the First Amendment gives you the right to worship or not as you choose. The government can't penalize you because of your religious beliefs.

To impose a vaccine passport or be subjected to PCR tests is to penalize Citizens that may have Religious beliefs or medical issues that go against Vaccines and PCR tests. To impose a vaccine for a passport:

1. Such conduct is a violation and it is direct abuse of Human Rights. Coercion, and bullying to undergo any type of medical intervention is outrageous.

It is my personal belief there is a creator, that I will refer to as YAHWEH M'KADDEESH: "The Lord Who Sanctifies, Makes Holy" The word Kaddosh means holy, to dedicate, set apart, sanctify.

I am therefore sanctified by God, YAHWEH M'KADDEESH, to make my life legitimate and binding by religious sanction.

Leviticus 20:8 "Keep my decrees and follow them. I am the LORD, who makes you holy." God sets us apart to deliver us and bring us into the Holy Place. In the Old Testament laws and commands were to guide the Israelites towards holiness. Now we are sanctified through the blood of Jesus.

I am indeed sanctified and I will observe my rights to treat my body as a temple of the Lord.

2. Should these passports be approved this will further deepen the segregation running palpable toxicity through our body. This is creating apartheid.

My father fought for indivisibility, inalienable rights and freedom. He served as a medical paratrooper.

My grandfather fought for this country as well.

And my brother currently has served in the naval forces for 3 decades.

My Father and Grandfather died from injury complications from their service and Patriotism. Are both of their deaths in vein?

3. Will these passports be successful? Or is this a shot in the dark?

4. Opposition to Vaccines and Vaccine Passports, based on religious freedom rights and the Nuremberg Code of Ethics: Regarding scientific findings by PhD Christina Parks "it's been found that the vaccines create antibodies to neutralize the virus, these antibodies then take the virus and infect the cells." This leaves those who receive the vaccine more likely to suffer from flu, flu symptoms and other related illnesses in the future.

5. Vaccinated are 13 times more likely to catch COVID-19 than those with natural immunity - reported from Tel Aviv University

6. Psychological abuse from being forced to adhere to medical intervention against ones beliefs or interests will be undignified and severely painful. This pandemic has cost many lives and sanity, and it will continue to cost many lives and the sanity of our social structure.

7. There are successful options for alternative treatments and there should be funding to seek more alternative treatments. To represent a wider and diverse group of citizens and their

interests.

8. I'd like to also note that: 94% of the Hawai'i State Covid-19 deaths were Indus with underlying health issues and conditions. Out of the 589 deaths in Hawaii State, 3%,- that is to say 17 people were the only fraction who are reported to have died from Covid without any underlying conditions.

9. Now this is a very important measure to take into account; in the webinar on September 1st, held on Hawai'i Island by Mayor Mitch Roth in Kohala. - A Healthcare representative and the Mayor stated the hospitals and related testing facilities "do not have enough PCR tests to fill the current demand." I won't be getting into the efficacy of these tests, but what I ought to bring to light is the fact that: If individuals are being forced to take tests in of not able to take vaccines for any and all valid reasons, how will any of these citizens that are not able to take the vaccines are not choosing to take the vaccines able to successfully take the test every 48 hours to be able to have the vaccine passport to enter businesses?

This is a very dangerous loophole with a flawed system

Flawed System example: to have people that are not able to take the test, because of them not being provided an adequate amount or number for the people that are going to require this option.

10. This will subsequently leave a mass of people unable to conduct themselves freely in every day life tasks and interests.

I urge you to recognize that all of our voices, religious rights and concerns need to be heard and respected on this matter of vaccine health cards / digital passports.

"For when we stand together on any issue, we have the power to create lasting change." - AAPD, Official Statement

I strongly urge you, Madame Chair and fellow Committee members to listen closely to all voices, work with all of our invested and interested citizens, to develop rules that align with people's:

I. Beliefs

II. Religious Rights

III. Medical freedom

IIII. Personal Autonomy

We should include these options to be reviewed for updates:

- preventative measures, as a priority.

- An adequate number of tests with valid efficacy.

- Better funding for our hospitals!!

- Funding for support of our teachers faculty and staff. So, we have better options for distance-learning And can have a budget that reflects the need for more teachers to be hired.

- We need to not discredit other doctors who are interested in being a part of the development for treatment.

- Limiting travel to essential again and minimizing the impact from tourism

Pardon me, I know this was long, but I must say that our governments rules and amendments to laws should never compromise our Human Rights; which includes my right to religion. My life is my religion.

For someone like myself, to be forced into taking this vaccine for the passport is honestly terrifying.

With already having a stroke at 37 years old from this year of stress and poverty; experiencing seizures, vertigo, anxiety and depression is from these very health and concerns for my freedom.

It becomes so heavy that I lose track of time, I become anxious and fear drowns me. I am nearly lost to this madness. I suffer. My 6 year old daughter suffers.

Trying to operate with the system for PCR tests sounds like a recipe for quite the disastrous reality and a lot of very angry, scared and stressed citizens.

Inclosing, the Department of Human Services issues and enforces law that states private health information remains confidential.

If none of the religious conviction, scientific evidence or truth are enough, then consider that fact of our private health information being exposed.

God Bless each one of you,

Me ka ha'aha'a
El-ia

Hello, I am writing in personal testimony, as well as representing a team from Hawaii Organic Farmers and Hospitality workers that rely on the health & safety of both our community and visitors. We are strongly opposed and would like to request the stop of any mandated vaccine passports for the state of Hawaii. At this point in time, signs are showing the vaccine is not stopping the spread or contagion of the virus. In fact, I feel that the virus is giving many people a false sense of security and confidence that they are not infectious. By doing so, we are encouraging the heavy traffic and travel to the islands and our local businesses, by those that are vaccinated but could still be very much contagious. We are also highly concerned that the vaccine itself could be causing the spread to worsen, as vaccinated individuals may be carrying a higher viral load than those without the vaccine, as well as causing the virus to mutate. This is what we are currently experiencing in the delta variant.

Written Testimony

My fear is that this could be absolutely detrimental to many of our beloved businesses and organizations here on the islands. With much of the community opposed to medical mandates, sharing my same sentiment that it should be "My body, my choice" and not live in a fascist dictatorship (more and more our federal government is trending in this scary direction), I believe this will cause a massive downfall in the economy and customers visiting local business. This could literally close the doors of many places of commerce for good. As a state, we must stand up against these mandates that are taking it too far, before it is too late. If we truly are a democracy, this should be the people's choice to maintain their own health.

The state should be providing free and accessible testing for all, in order to prevent the spread. Everyone coming into the islands should receive free testing at the airport, which is a much more practical way to keep our community safe.

Lastly, this article shows who is truly getting sick and admitted as COVID patients. We need a better response to this health crisis, and preventing the general public from access to food, shopping and supporting their local businesses is simply not the answer. Thank you for your

time. Please stand up for the people of Hawaii.

Written Testimony We've struggled the last 1 1/2 years and survived And now this??? Let people make their own choices at this point! To force us to police our businesses and discriminate against those they choose to take care of their own health their own way ... is absurd. We promote and serve health That is our business. We know enough to make our own personal decisions. This terrible flu will not go away Hurting our already damaged economy even more is not the ANSWER. Promoting HEALTH is and you all know that.

Aloha,

Written Testimony

I am writing in strong opposition to this proposed resolution to require proof of inoculation in order to enter certain establishments. As a student of history and a person of Jewish descent, it is very obvious that this is the start of some very upsetting discrimination that is similar to what happened in the Second World War in Nazi Germany. We are at a point where the unvaccinated are being blamed for the dramatic rise in new daily infections, very similar to how the Jews were blamed for all of Germany's ills in the late 30's and early 40's.

Coincidentally, requiring anyone to get an unapproved inoculation against their will is in direct violation of the Nuremberg Code. If you're not familiar with the Nuremberg Code, I strongly urge you to look it up. It is the trials that took place for all of those who forced the Jews in concentration camps to be subjected to medical trials, not unlike what is going on today. The penalties for breaking this code are quite strong. I have attached a copy of the Nuremberg Code for your review.

To deny entry into any public business is akin to making Rosa Parks sit in the back of the bus again. And to require the businesses to ask the health/vaccination status of every patron is in direct violation of HIPPA law. When will you be requiring businesses to show blood glucose level test, negative HIV tests, negative herpes test, negative TB tests, etc? Where does it stop?

I understand that many are terribly afraid of a virus with a greater than 99% survival rate. As a Covid survivor I know what it is to be sick for several days with a raging fever, body aches and lingering cough. However, to institute a mandate that citizens of the United States of America have to produce their papers in order to go out to a meal or have a drink with friends is not only abhorrent, it is also illegal. I understand you folks have no other ideas on how to mitigate the threat from Covid, but illegally trouncing our Constitutional rights is not the path

to choose.

Those who would give up liberty in exchange for a little potential safety deserve neither safety nor liberty.

With warmest Aloha,

Chris King

THE NUREMBERG CODE

1. The voluntary consent of the human subject is absolutely essential.

This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, over-reaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved, as to enable him to make an understanding and enlightened decision. This latter element requires that, before the acceptance of an affirmative decision by the experimental subject, there should be made known to him the nature, duration, and purpose of the experiment; the method and means by which it is to be conducted; all inconveniences and hazards reasonably to be expected; and the effects upon his health or person, which may possibly come from his participation in the experiment.

The duty and responsibility for ascertaining the quality of the consent rests upon each individual who initiates, directs or engages in the experiment. It is a personal duty and responsibility which may not be delegated to another with impunity.

2. The experiment should be such as to yield fruitful results for the good of society, unprocurable by other methods or means of study, and not random and unnecessary in nature.

3. The experiment should be so designed and based on the results of animal experimentation and a knowledge of the natural history of the disease or other problem under study, that the anticipated results will justify the performance of the experiment.

4. The experiment should be so conducted as to avoid all unnecessary physical and mental suffering and injury.

5. No experiment should be conducted, where there is an a priori reason to believe that death or disabling injury will occur; except, perhaps, in those experiments where the experimental physicians also serve as subjects.

6. The degree of risk to be taken should never exceed that determined by the humanitarian importance of the problem to be solved by the experiment.

7. Proper preparations should be made and adequate facilities provided to protect the experimental subject against even remote possibilities of injury, disability, or death.

8. The experiment should be conducted only by scientifically qualified persons. The highest degree of skill and care should be required through all stages of the experiment of those who conduct or engage in the experiment.

9. During the course of the experiment, the human subject should be at liberty to bring the experiment to an end, if he has reached the physical or mental state, where continuation of the experiment seemed to him to be impossible.

10. During the course of the experiment, the scientist in charge must be prepared to terminate the experiment at any stage, if he has probable cause to believe, in the exercise of the good faith, superior skill and careful judgement required of him, that a continuation of the experiment is likely to result in injury, disability, or death to the experimental subject.

["Trials of War Criminals before the Nuremberg Military Tribunals under Control Council Law No. 10", Vol. 2, pp. 181-182. Washington, D.C.: U.S. Government Printing Office, 1949.]

Representing Organization
Organization WE THE PEOPLE & THE FUTURE OF AMERICA

I ***DO NOT*** support the vaccine passport. STATE AND FEDERAL GOVERNMENT NEED TO OPEN UO THEIR EARS AND LISTEN TO US THE PEOPLE AND NOT MONEY OR MEDIA! LISTEN CLOSELY BECAUSE WE ARE GETTING VERY TIRED OF REPEATING OURSELVES!!!

Written
Testimony

1. America was founded on the freedom of choice and religion. Those who want the vaccine should have the choice to do so and those who do not support it should not be forced into doing such. I DO NOT AND WILL NOT EVER NEED THE GOVERNMENT TO MAKE DECISIONS FOR ME OR ANY CITIZEN WHO DOES NOT DESIRE IT!

2. I'm a firm believer in the bible and I believe the vaccine passport is what Jesus warned about in the end times, that no one will be able to buy or sell without the mark of the beast. For religious regions I will not submit to being assigned such passport and will be extremely disadvantaged and become a second class citizen after serving in our country's armed forces on active duty tours to the Middle East in the United States Navy fighting for the very thing you punks think you can take away, FREEDOM BABY!

3. I am not harming those who support the vaccine by my refusal to get vaccinated. I do not believe the vaccine is for our health and wellness. Those who support the vaccine believe it is extremely effective and gives them a slim to none chance of dying from covid. If they fear I will expose them to covid by not being vaccinated they are not at risk I am. That is only logic based on pro vax beliefs.

4. I on the other hand, do not trust the government or big corporations enough to inject myself and my child with this vaccine. Covid has left us all with many questions. It is unlike any disease the world has seen before. To me, it is not out of the realm of possibility that there are nefarious ulterior motives connected to what is going on in our world today. The government experimented on African Americans with the syphilis virus, experimented on our own military with agent orange, and numerous other covert operations that did not put the people and their health first. SECTION 201, BILL GATES, JOHN HOPKINS, FAUCCI,

BIDEN, HILIARY, AND SO SO MANY MORE NEED TO BE SENT TO PRISON!
Govenor of Hawaii as should also be removed and face criminal and civil consequences! Our
lives and for damn sure the children's lives are not yours to ever control. You as city, county,
and state officials should be held for treason against the american people. I should not have to
trust such government with my life.

4. I am not the only one who is opposed to the vaccine passport. Many people are willing to
lose their job before getting this vaccine. Mandating the passport will push our already
unstable economy into collapse, likely cause riots, and further devastate our state and nation.
But government has never been good with money, hence fiat currency, credit bubble,
inflation, and may other failures on state and federal government!

5. People are afraid and are entitled to feel this way. Our fear is founded on history. The
vaccine passports open the door to much greater invasions of our privacy and brings us closer
to communism that so many Americans have lost their lives to protect us but know this many
more are willing to die for this cause.

Everyone around the world needs to see this for what it is! If there ever was a hill worth
keeping, fighting, and even dying for if it if necessary, THIS IS IT FOLKS!!! WE THE
PEOPLE NEED TO SET A HARD STANDARD OF WHAT WE WILL AND WILL NOT
TOLERATE AND MAKE IT VERY CLEAR. EDUCATION, BIG PHARMA, POLOTICS,
FUNDING, FINANCES, PRISONS, BAIL, BIG CORP, TECH, OIL, TERM LIMITS,
VOTING, DRUG LAWS, GOVERNMENT ACCOUNTABILITY, CURRENCY, AND
MOST IMPORTANTLY THE FUTURE OF OUR CHILDREN ALL NEED TO BE
CAREFULLY EXAMINED AND REFORMED TO PUT THE POWER BACK TO THE
PEOPLE WHERE IT IS WRITTEN IN LAW! WHAT WORLD WILL WE GIVE OUR
CHILDREN AND WHAT EXAMPLES ARE WE GOING TO SET. MYSELF,
PERSONALLY... I WILL DIE ON MY FEET BEFORE I WILL EVER SERVE ON MY
KNEES! BE JUDEGED BY 12 BEFORE BEING CARRIED BY 6! GOD SPEED TO
AMERICA, ITS NATION'S GREAT PEOPLE, AND TO ALL THE BADASS MILITARY
MEN & WOMEN PAST & CURRENT THAT DIED AND SACRAFICED FOR THIS
NATION!

EVIL WILL ONLY WIN THE DAY GOOD MEN DO NOTHING! THIS IS THE WAY!
I FIRMLY OPPOSE RESOLUTION 21-194 AND ANYONE WHO TRIES TO ENFORCE
TRYANNY!
