Council/PH Committee Council
Agenda Item Bill for COVID Vaccine mandate
Your position on the matter Oppose
Representing Self
Organization

Written Testimony Please deny the mandate of the COVID vaccine passport. While many of us are choosing to receive the vaccine, it doesn't feel right for this to be forced upon the public and will cause great harm to local business and economy. Hawai'i has always been my home and a place I feel safe and this bill challenges that feeling of sanctuary.

Written Testimony	Feeling/being forced to get vaccinated and discriminated/stripped from my own personal rights and beliefs is wrong in every way. I personally have 4 friends who are suffering with health problems right after getting vaccinated. I personally have friend who's father died days after getting vaccinated. I do not trust nor feel comfortable with any of this. Not to mention all these mandates for none vaccinated people but vaccinated people and tourists have entitled privileges. Wrong!

Written Testimony I am in opposition of a mandatory vaccine passport.
It goes against my religious beliefs and against my constitutional rights.
There are FAR too many adverse reactions from the vaccine for me to come close to trusting this shot anyway.
God Bless America, land of the FREE home of the BRAVE.

I stand for the freedom to choose what is injected in my body. The vaccinated can still spread the virus. You are just allowing possible spreaders to go out and infect others simply because they are vaccinated. Vaccinated does not equal a negative covid test. Stop the segregation. Give people the freedom to choose what is right for their own bodies.

Written Testimony

Secondly, this virus is continuing to mutate. The CDC states that the vaccine was made for the original virus and is far less effective on these new strains.

Stop forcing fear down peoples throat. Start promoting an actual healthy lifestyle and a strong immune system.

If anything you folks have been doing would work, we didn't be in this situation almost two years later.

Maybe it's time to change the way you are handling this.

Written Testimony I oppose these recent mandates. And when they say majority has spoken! I think not. I think that they tried to do incentives to get the vaccine. Now they are making vaccine passports to travel to enter establishments. And when all said and done the governor and the mayor work for we the people! And when I say people I mean all people. The ones who share the same opinions as them and the ones who oppose

I do not consent to mandatory vaccinations. People should have the right to choose what is best for their bodies. Please do what is pono for all of the people of Hawaii. Everyone will react to medicine differently, and it is so important that we let people decide for themselves what they inject into them.

Please honor our rights and medical sovereignty.

Mahalo.

Written Testimony Segregating people is a slippery slope and we cannot afford to have history repeat itself. The Mayor needs to retract his statement that if this no vaccine/no entry program does not work, then he will enforce mandatory vaccines. He does not have authority to do that. No one does, not even Biden or the Supreme Court. People must choose what is best for them and they should not be bullied or threatened to conform. This is unconstitutional and inhumane. OPPOSE.

Written Testimony

I STRONGLY OPPOSE this bill for digital passports. Our island communities and business communities have gone through enough physical, economical, And psychological distress due to Covid-19 measures brought forth by the government. We have learned during this past year and a half how to social distance and comply with mask mandates that clearly have not been effective enough. Digital passports will only cause more harm to our people. We are one of the best countries in the world with some of the best Dr's and SURELY in a year and a half we have found other effective treatments for this disease. Let's be proactive, not reactive and explore other treatment options before forcing another mandate on the people. This mandate will only cause more harm. Mahalo

I oppose Resolution 21-194 due to the lack of science being used, as well as the segregation it will cause. It is personal medical information that you, TOMMY WATERS and ESTHER KIA'ĀINA are asking patrons to give.
Written Testimony It is business as well as their workers who will be making less money starting Sept 13, who are still recovering from 2020.

Where there is risk there is choice.

Written Testimony This idea is absurd. It is absolute medical tyranny. Whether for medical, religious or simple distrust reasons... no one should be restricted from travel for not being vaccinated for Covid. Or the flu... is that next?
Testing is very affective and a surer guarantee of health. The vaccinated can still catch and carry this virus. Testing requirements are one thing. A passport to travel for one single virus vaccination is another. Especially this one.

Testimony Attachment Travel to certain countries in the world, where you are likely to pick up something prevalent while there, require particular vaccines which have been proven over a long period of time to be effective w/o substantial side effects. The Covid vaccine is, for many reasons, not at all like that. My vote is an absolute NO to covid vaccine passports.

This is completely unconstitutional and disgusting to make the people of Hawaii prove their health records to do basic activities in life. It is actually illegal to ask anyone their health records or vaccine history so why now do you think it's ok to violate people's privacy and take away their basic rights to do things and function in society? The people of Hawaii will not stand for this. The total deaths for the flu we're tallied more than the whole entire covid death count since the virus hit. Let that sink in. You don't care about our health you want power.

Written Testimony Every government mandate does absolutely nothing to stop the spread of the virus. Science tells us masks don't work. Science tells us you can contract, carry and spread Delta Variant even with a vaccine. Yet, you let vaccinated people walk untested right thru our airports and onto our streets. This resolution item is at best idiotic and at worst, strips us of our basic human rights.

I am a newly graduated nurse. I dedicated myself to schooling so that I may become a public servant and contribute to serving my community.

Written Testimony Now I am faced to walk away from the career that I love due to this vaccine mandate.

I do not support the vaccine card as it promotes discrimination and creates more divide amongst the community.

Written Testimony
Respected members of the council.
My name is Trevor Mullens. I'm a new resident of Hawaii. Though I have only been on the Island a short time, I am very concerned about the actions that are being taken by my new local government. Actions by all accounts are tyrannical and unjust to the people. Since Hawaii's admission to the U.S. in 1959, the people here are granted to the same inalienable rights to Freedom of speech, freedom of thought, freedom to act, and freedom to choose what is best for their health.
I implore you to think about the actions that have been taken, and even more so about the actions that are being considered regarding the requirements for vaccinations to live our lives as FREE AMERICANS!
Please do not turn our state and country into a social system that has failed countless times around the world. Social systems that people have fought and died to prevent. With that I end my comment. God bless America, and it's people.

I strongly oppose this bill for digital health passports. It is against basic human rights and the constitution. It is discrimination. it is not right. I do not stand for it. I do not condone it. I oppose this bill with every amount of energy I have. Vaccines can cause incredible and life-changing adverse reactions. Being someone who has been completely compromised by all of my vaccinations growing up, including ongoing seizing episodes for nearly a year, I say NO to forced vaccinations and digital health passports. Inhumane control will NOT be apart of our every day lives.

Please make good decisions. DO NOT legalize nor mandate Vaccine passports because it is used for segregation at its core. Health status is private. I am not anti-vaccine but pro-choice.

Written Testimony WE SHOULD promote healthy lifestyles by providing budgets to farmers we can eat locally and sustainably....no more imported processed foods. Also can organize exercise activities and educational info about health to pro-long life expectancy to the masses.

Thank you for taking the time

First of all , this is NOT about being anti-vaccine! This is about an enforced COVID-19 passport vaccine mandate here in Hawaii!

I am against a COVID-19 vaccine passport mandate for the following reasons:

- Written Testimony
1. It separates us humans even more
 2. Employees and workers might have to face termination by not complying with the mandate
 3. It violates our right to freedom and liberty and personal healthcare choice and decision

Whether or not a person chooses to take the COVID-19 vaccine should be based on a personal choice and healthcare decision. I am for reasonable COVID-19 testing and treatment!

Dear Committee and Trust Government Officials:

Why Hawaii needs to say NO to a COVID-19 Vaccine Mandate: A Partial, but Powerful list of important reasons why saying NO to the Covid-19 Vaccine will protect Hawaii.

According to the CDC Website, as of 8/30/21, VAERS received 7,218 reports of death in the US alone after taking the COVID-19 Vaccine.

This should be enough of a reason to prevent vaccine mandates.

Written
Testimony

According to the CDC Website, as of 8/27/21, VAERS received 2,301,708 reports of adverse effects in the US from the COVID-19 vaccine. This report is attached to this email. A partial list of excerpts are categorized in the attached spreadsheet. Some of the dangerous effects are summarized in the chart below. It is estimated that only 10% of all vaccine injuries are actually reported. That being the case, these numbers are presumed to vastly underestimate actual numbers of vaccine injuries.

Illness Incidents Reported
Severe Respiratory Illness 8920 (1793 were of ANAPHYLACTIC SHOCK , REACTION)
Blindness, Visual Problems 4488 (1229: blindness)
Acute Myocardial Infarction, Angio related 3928 (this is only a partial list of cardiovascular related disorders that began with the "A")
Behavioral/Psychiatric, including Psychosis 3796
Balance, Vestibular Problems 3099
Bell's Palsy 2850
Acute Kidney Injury 1134

Appendix Problems 963
Abortion 863
Leukaemia 746
HIV 15

According to the CDC Website, as of 8/27/21, VAERS received 12,660 reports of SARS-COV-2 Positive tests, even after taking the vaccine.

Highly esteemed medical doctors and scientists from all around the world are coming forward in increasing numbers begging for the cessation of the vaccine due to their research findings regarding the adverse effects of vaccines on human health.

They also report of their concerns that people have not been given informed consent when given the vaccine. A group of doctors have filed a lawsuit in Alabama carefully outlining this concern and many others, including:

- falsified reports of positive COVID tests and deaths,
- exceptionally high settings on COVID tests that even Dr. Fauci was quoted as having said are insignificant
- the availability of several drugs that have been safely used for more than 50 years which have been proven to treat and prevent COVID-19.

Vaccines causes infertility in pregnant women, as indicated by Dr. Michael Yeardon, the former VP of the vaccine maker, Pfizer.

Vaccines do not prevent the transmission of COVID and weaken natural immune defense. They are ineffective against mutations of the virus.

Vaccines are experimental and we do not have adequate information concerning the long-term effects on humans.

The emergency order to go forward with the vaccines failed to research the use of existing medications for the prevention and treatment of COVID.

Failure to give informed consent prevents people from knowing what is in the vaccine, what the risks are, and whether or not ingredients contained in the shot they are taking violates their views on abortion since vaccines contain aborted fetal cell tissues.

Vaccine shedding subjects non-vaccinated persons to increased risks of contracting COVID-19.

Non-vaccinated persons are contracting COVID-19 from the vaccinated.

Thank you for your attention and careful consideration of these important details. Let's keep Hawaii safe and say "NO" to vaccine mandates.

"Dataset: The Vaccine Adverse Event Reporting System (VAERS)"

"Query Parameters:"

"Title: covid 19 vaers"

"State / Territory: The United States/Territories/Unknown"

"Vaccine Products: COVID19 VACCINE (COVID19)"

"Group By: Vaccine Type; Symptoms"

"Show Totals: True"

"Show Zero Values: False"

"___"

"Help: See <http://wonder.cdc.gov/wonder/help/vaers.html> for more information."

"___"

"Query Date: Sep 3, 2021 1:54:50 PM"

"___"

"Suggested Citation: Accessed at <http://wonder.cdc.gov/vaers.html> on Sep 3, 2021 1:54:50 PM"

"___"

Messages:

"1. VAERS data in CDC WONDER are updated every Friday. Hence, results for the same query can change from week to week."

"2. These results are for 514,270 total events."

"3. Rows with zero Events Reported are hidden. Use Quick Options above to show zero rows."

"___"

Footnotes:

"1. Submitting a report to VAERS does not mean that healthcare personnel or the vaccine caused or contributed to the adverse" "event (possible side effect)."

"___"

Caveats:

"1. <p> VAERS accepts reports of adverse events and reactions that occur following vaccination. Healthcare providers, vaccine"

"manufacturers, and the public can submit reports to VAERS. While very important in monitoring vaccine safety, VAERS reports"

"alone cannot be used to determine if a vaccine caused or contributed to an adverse event or illness. The reports may contain"

"information that is incomplete, inaccurate, coincidental, or"

"unverifiable. Most reports to VAERS are voluntary, which means they"

"are subject to biases. This creates specific limitations on how the data can be used scientifically. Data from VAERS reports"

"should always be interpreted with these limitations in mind. </p> <p>

The strengths of VAERS are that it is national in scope"

"and can quickly provide an early warning of a safety problem with a vaccine. As part of CDC and FDA's multi-system approach to"

"post-licensure vaccine safety monitoring, VAERS is designed to rapidly detect unusual or unexpected patterns of adverse events,"

"also known as ""safety signals."" If a safety signal is found in VAERS, further studies can be done in safety systems such as"

"the CDC's Vaccine Safety Datalink (VSD) or the Clinical Immunization Safety Assessment (CISA) project. These systems do not have"

"the same limitations as VAERS, and can better assess health risks and possible connections between adverse events and a vaccine."

"</p> <p> Key considerations and limitations of VAERS data: Vaccine providers are encouraged to report any clinically"

"significant health problem following vaccination to VAERS, whether or not they believe the vaccine was the cause. "

"Reports may include incomplete, inaccurate, coincidental and unverified information. The number of reports alone"

"cannot be interpreted or used to reach conclusions about the existence, severity, frequency, or rates of problems associated"

"with vaccines. VAERS data are limited to vaccine adverse event reports received between 1990 and the most recent date"

"for which data are available. VAERS data do not represent all known safety information for a vaccine and should be"

"interpreted in the context of other scientific information. </p>"

"2."

"3. Some items may have more than 1 occurrence in any single event report, such as Symptoms, Vaccine Products, Manufacturers, and"

"Event Categories. If data are grouped by any of these items, then the number in the Events Reported column may exceed the total"

"number of unique events. If percentages are shown, then the associated percentage of total unique event reports will exceed 100%"

"in such cases. For example, the number of Symptoms mentioned is likely to exceed the number of events reported, because many"

"reports include more than 1 Symptom. When more than 1 Symptom occurs in a single report, then the percentage of Symptoms to"

"unique events is more than 100%. More information: <http://wonder.cdc.gov/wonder/help/vaers.html#Suppress>."

"4. Data contains VAERS reports processed as of 08/27/2021. The VAERS data in WONDER are updated weekly, yet the VAERS system"

"receives continuous updates including revisions and new reports for preceding time periods. Duplicate event reports and/or"

"reports determined to be false are removed from VAERS. More information: <http://wonder.cdc.gov/wonder/help/vaers.html#Reporting>."

"5. About COVID19 vaccines: For more information on how many persons have been vaccinated in the US for COVID19 to date,"

"see <https://covid.cdc.gov/covid-data-tracker/#vaccinations/>: <a target= .. One report may state that the patient"

"received more than one brand of COVID-19 vaccine on the same visit. This is a reporting error, but explains why the total number"

"of reports may not equal the total number of COVID-19 vaccine doses.

Written Testimony The vaccine is not approved by the FDA. The Pfizer vaccine that is approved is not available. How can the government mandate a vaccine that is not approved by their own agency. It is unsafe and can cause blood clots and heart trouble. Covid has a 99% survival rate so there is no need for a vaccine that doesn't work.

Written Testimony I here by oppose the vax passport . Other means of decreasing the spread of this virus is work on our immune system , have vax people visit businesses at a set time while the unvaxd can go at a different time . There is ways around this . Pressure to be vaxed will have unreasonable repercussions.

Chill yo roll little kitty, EVERYONE SHOULD HAVE A PERSONAL CHOICE, have the choice to get vaccinated or stay unvaccinated! Yes I mean it's not vaccine, VACCINE! It's A mRNA, "Messenger RNA is a type of RNA that is necessary for protein production. In cells, mRNA uses the information in genes to create a blueprint for making proteins. Once cells finish making a protein, they quickly break down the mRNA. mRNA from vaccines does not enter the nucleus and does not alter DNA." DON'T KILL US, but SOS!

Written Testimony I support bringing back the pre-travel testing for international or domestic travels into Hawaii whether a person is vaccinated or not. This will allow our island to still remain open but also to screen those thousands of travelers coming into our island with possible exposure.

Written Testimony

I feel that it is essential for ALL incoming travelers to pre-test before coming to the State of Hawaii regardless of vaccine status. We all know that vaccinated individuals can still catch and spread Covid, meaning residents and tourists alike are still bringing it to the islands. We also know how easy it is to falsify vaccination cards, granted the state only caught a few. Lastly, all the incoming tourists and residents to opt to quarantine for 10 days instead of testing or getting vaccinated are not being tracked or checked in on. The minute we did away with pretravel testing, our numbers have been steadily increasing. If the state refuses to shut down, at least make it mandatory to pre-test! It's the only way to ensure the safety of our islands.

I am opposed to vaccine passports. We are getting to a place where peaceful protest will end and civil war will be our only option as many of our rights are being infringed upon like rights protected by the first, fourth and fifth amendments things that you all have sworn to defend. It started with mandating mask with exemptions like religious and medical exemptions yet businesses have not allowed those exemptions. Now you mandate a vax or test to go to places without exemptions and have costed people their jobs because again businesses create more stringent requirements then the mandate. Having no exemptions and checking papers is clear violations of the fourth and fifth amendments. What about people who have already gotten covid they already have natural immunity which is 13 times better then the shot. No science is being used to force the shot on people who already have immunity. Again it's not about being able to go out and eat in a restaurant, bar theatre, etc. It's about being able to travel freely, forge for food, go to work and make a living. All of these things are becoming impossible to do and will only get worse with a vax passport.

If you implement the vaccine passport then you are an enemy of liberty.

Written
Testimony

The reaction by our state leadership has been shameful. Instead of bringing people together, you have divided us. You have created fear, anger, and prejudice, rather than courage, love, acceptance. You turned this healthcare crisis, into constitutional crisis, I have no doubt this nation will survive this pandemic as it has in the past. But I promise you this if you take basic Civil Liberties away from the People. This nation will not survive. If you take our basic Civil liberty away from us, we will stop being Civil with you. Back off!!!

Written Testimony

A vaccine passport will cause segregation and hate crimes. Per the CDC and our Department of Health Director, vaccinated individuals are just as contagious as unvaccinated individuals. Business establishments should have the CHOICE to determine their own policy of who they welcome into their business. They are owners of their OWN business and the government should not have power to control how they run their business! This is WORSE than a SHUTDOWN! Controlling what and where we go!!!! This is tyranny to its fullest! With all the VALID research coming back that anyone can get covid, whether you are vaccinated or not, is enough to stop anyone from continuing to push towards vaccine passports and mandates.

I oppose to have the governor or mayor control our freedom of choice. My vaccination status should not be held against me where ever I decide to go!

The vaccine does NOT stop transmission which is the problem! So a vaccine passport will not help stop the transmission of covid, the cases will remain high until this variant runs through the people of Hawai'i.

Research how viruses work and how to accept that covid will never go away! Figure out ways to live with what is happening plus fix our very broken healthcare system that is improperly treating covid! Everything we do for Hawai'i should be ideas that help us come together and unite against this virus. What you want to do is cause more separation and fear for anyone to simply live the ONE life we have!

Written
Testimony I oppose this. Hospitals aren't filling up with vaccinated people, nor are they filling up with tourists. Therefore this bill is a waste of time and resources.. There aren't enough tests, the tests are painful and inconvenient, and it's a nightmare to administer for everyone. Please stop wasting time on useless regulations, and instead please encourage and incentivize vaccination for unvaccinated population groups and make vaccines more readily available at low-vaccine rate locations like the north shore and the west side.
Respectfully submitted,
Kathy Moses Benson

Even the most widely different variant from the Wuhan sequence is 0.3%. That means it is 99.7% similar.

18 years ago with the SARS COV 1 virus, the difference with the Wuhan sequence is 20%. Those who contracted it developed natural immunity to that virus and that immunity also applies fully to this virus (with natural immunity). 80% similar is more than enough!

Blood drawn from volunteers who contracted SARS COV 1 (18 years ago) showed to kill all the current variants easily.

Variants are causing trouble in those that have been vaccinated because vaccines only carry single strains unlike natural immunity where the immune system meets and confronts whole family of strains.

Written
Testimony

We are seeing areas with higher vaccine rates having more trouble with variants because the vaccines are not effective at dealing with mutating strains from other strains outside the strains used in vaccines, whereas natural immunity is able to confer longtime, if not life long immunity, as shown by the research done on SARS-COV-1

Yes there are some that are unvaccinated contracting the virus but they will come away with natural wide spectrum immunity, most likely for life. As for why the fully vaccinated are getting sick again? Because the vaccines are ineffective.

This virus is new but it is similar to the 4 other family of corona viruses that cause the common cold. It's since been tested and found that at least 30% of the population, probably more, had been completely immune already.

For the aged and with chronically ill this may be a serious illness but for most who are healthy, it is a mild illness. Plus there are very effective anti inflammatory drugs that can be used to treat this. But early treatment is the key.

To run any medical diagnostic test without first establishing a false positive rate is misuse, an offense and plain wrong, because the false positive numbers must be subtracted from the gross number. Otherwise the end number is a misrepresentation of true numbers.

This is not my opinion but words spoken by Dr. Michael Yeadon, former Vice President and Chief Science Officer of Pfizer for 16 years.

Thank you for your attention.

Respectfully,
Susan Higa

Written Testimony

I strongly oppose resolution 21-194. It is wrong. It is segregation. Stop making humans treat each other like this. Stop overreaching. My dad is vaccine injured. His injury is second item on the list of possible adverse reactions for covid-19 vaccine. To this day, he is paralyzed and has brain damage since 2001. Where there is risk there must be choice and informed consent. I also demand an in person council meeting discussing the risks of vaccines and the unlawful government overreach.

Written Testimony

This is tyranny. Why is the unvaccinated being punished and segregated from vaccinated people when vaccinated people are also highly contagious and can spread the virus per CDC and our Department of Health Director also said it herself at the news conference. The vaccine does not stop transmission which is the problem! Businesses and establishments also have no CHOICE to determine their own policy of who they welcome into their establishment which is completely wrong. You continue to say you are not for a "Lockdown" yet you are putting businesses at risk of losing financial income to support their business by mandating vaccinations with employees and patrons! This is WORSE then a SHUTDOWN Major Blangadri and Governor Ige! This is clearly segregation and the government is falsely using the Emergency Proclamation as an excuse to have control of peoples choice! Lt. Governor Green received funds from Pfizer dating back years and have alliance with this company and now in a "pandemic" he is pushing the vaccine for financial gain. This type of government overreach is setting dangerous precedence to in oppressive type government. It is our body and our choice. Why should government workers who stand frontline through hard times be mandated to get vaccinated when they are the very ones who decided this would be their career to protect the public and knowingly know they may not come home to their families because of their line of work and if they don't because of self choice they may lose their career that they've put their life's on line for all of us. It appears that a workers work ethic, performance and professionalism is no longer important to hold a job, it's either your vaccinated or fired. My vaccine status should not dictate what I can and cannot do! I also will include,

What if you Lt. Governor Green and Mayor Blangardi did not have a choice to do something the government instructed you to do, and you lost your high paying position because of your choice not to? How would you feel? You just lost your entire career because of a personal choice that had nothing to do with your performance, or professionalism but just because you chose not to.

You also say listen to your physicians and theres science. Well there is doctors all over the world who say vaccination is not the only cure and there is ALTERNATIVES. Now who do the people believe if there's doctors who say otherwise? This does not make sense and is not the American way. I oppose the Governor, Lt. Governor and Mayor to have control of our freedom of choice!

Mayor Blangardi you ARE IGNORANT and not COMPETENT to hold office! I demand you step down immediately! We need LEADERS not FOLLOWERS!!!!

This is my first time writing on here to represent myself, my voice, and my family. This is my first time joining in to practice my freedom of speech, to practice my privilege of living in the United States, and to practice my privilege of having constitutional rights.

I know that it is a difficult task to be a leader, and I can't even begin to contemplate the decisions you have to make to manage and run our government. I feel for the leaders who run our state. I ask and urge our leaders to humbly pray and ask for guidance in making these big decisions that will affect our communities.

Written Testimony I am choosing to be vaccinated. I am on my 1st dose of vaccination. My 14 yr old daughter is as well. We are currently waiting to take our final dose next week. She chose to be vaccinated because of the mandate that you proposed this year on students playing sports. It's her freshmen year and all she requested to do is join the volleyball team. Although it was her decision to take the vaccine, as a mother, I was terrified. I prayed the whole time while taking the vaccine because I did not know if and what kind of symptoms we would both receive.

Put yourself in my shoes for a minute. Think about the mandates that you are bringing into our communities. I have a whole family parents, siblings, etc that have not been vaccinated but are scheduled to be vaccinated. They choose to be vaccinated not because of your mandates, but because we put faith in God. I urge you to think about your calling as Leaders of our government. God has chosen you at this time and dispensation to lead us.

I oppose your medical mandates. I oppose the vaccination passport. You are limiting what God has given us, you are limiting our constitutional rights. I ask that you go back to the drawing boards, to listen to the communities, to revise, to find and initiate other ways to help our community fight covid.

I pray over your decisions, that you will humble yourselves to listen and hear every concerned Hawaii citizen in here.

Written Testimony I don't like the fact City Officials would have the power to do something like that. This is what's happening in Australia, the quarantining and isolation of their own citizens. And it really scary to think that it could happen here.
We CANNOT ALLOW ANYTHING LIKE THAT HERE IN HAWAII OR ANYWHERE IN THE U.S.!!!

Aloha, I support the action of testing all regardless of vaccination status. The vaccine was developed for the alpha variant. Per the latest science we are at 93 % delta variant. This means the vaccine is only lessening symptoms in 7 % of the virus that is out there. Vaccinated carry the same viral loads and per the Israel data and other sources carry higher viral loads. The fact that vaccinated individuals have been excluded from testing to push vaccines is a crime. Let's not continue this stupidity any longer. Please test all but please use other tests then the PCR test which everyone knows has a class one recall per the CDC.

I STRONGLY oppose this ridiculous anti humanity resolution. You have made it abundantly clear that your vaccine is worthless. (vaccinated must wear masks, get tested, etc). So why on earth would you want to impose on the freedoms of yourselves and your posterity? Obviously, it isn't about health. Sorry, you just made it super super obvious that your only care is about control. Aye! That's awful. How dare you destroy paradise for your own selfish interests.

Enough wit dis already! Shame on you! Let the people be free. Don't infringe on the peoples rights. We won't stand for this atrocious behavior.

Health pass is a sham. It is a flat lie to say that this card will some how give a people a pass that are healthy because they have been injected. it is a lie that this means that the state is claiming health for the people. When a nation has to force folks to get injected with anything it is a serious issue and at the same time not enforcing clean water, healthy food, immune boosting herbs, education. I am vaccinated, i am socially distant, i am following protocols and i am more committed than ever to keep divesting from systems that the only answer to health for capital gain. to force injections knowing that the people injected can still pass and contract the sickness. I just traveled and i watched all the vaccinated entitled rude people flocking to this island in this germ warfare game. Shut this island down as it was and you will actually protect the people and get the kids to school and get people to work. But to encourage influx of global populations to these islands and then forcing vaccination is wrong. A health pass is legalized segregation and medical apartheid. That was also legal but it doesn't make it right. Human health and body autonomy can go together but capitalism above human life will never maintain a healthy society unless the goal is to uphold white supremacist framework. Greatly opposed to this health pass and i am not an antivaccer. I support mask mandates, vaccine choice, and true health care for the people.

"We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono."
We reserve the right to control our destiny, to nurture the integrity of our people and culture, and to preserve the quality of life that we desire.
We reaffirm our belief in a government of the people, by the people and for the people, and that with an understanding and compassionate heart toward all the peoples of the earth

Written Testimony

Let it be understood and give heed those who do not choose to be vaccinated remain protected by our constitution they shall not be hindered in any way from: the freedom to travel, free fair and equal entry and exit into commerce, Free religious observance and exercise the thereof. Governments were instituted among men to protect these rights. Any form of government action which would infringe on the unalienable rights of men is a criminal stealing of power. Whoever even entertains this type of bill should be removed from office for extreme unawareness of their duties and for being oblivious to the meaning of the rights of the people which they are elected to protect. Know this that 'governments derive their just powers from the consent of the governed' We the people have not given power to the state to choose our attire, our medical treatments, our religion, our family structure, and so on; the State of Hawaii shall not meddle in these sacred aspects of life in any way, Further any attempt by the state to steal power over the people from the people shall be understood by both parties as an act of war by the STATE OF HAWAII against 'We the People'. In the name of Jesus I command the wayward STATE OF HAWAII and all its parties to submit to the Constitution of the State of Hawaii. Individuals reserve the right to be in public healthy or sick, those who are worried about sickness should pray or avoid exposure, but never at the expense of another mans unalienable rights.

I am strongly opposed to this bill for several reasons:

On the grounds that it violates our civil rights and privacy.

The lack of a federal privacy law leaves digital vaccine passports vulnerable to privacy breaches.

Written Testimony It doesn't solve the glaring problem of vaccination inequality and discrimination.

It risks reinforcing a system of haves and have-nots when our poor and marginalized communities are already suffering disproportionately in the pandemic.

Thank you for considering my concerns.

Susan
