Dear Chair Elefante:

The applicant, Kamehameha Schools, respectfully requests a 90-day extension of time to hear and consider D-767, Approving an application for a Special Management Area Use Permit for the Punalu'u Stream Restoration Project. The proposed project will develop sustainable flood protection and restore Punalu'u Stream, its floodplain, and the surrounding ecosystem. Stream restoration work will also enable traditional agricultural activities in the area to continue with a reduced risk of chronic flooding. Because committees will not be meeting in December 2021, an extension is required for processing the SMA application.

We appreciate your continued review and processing of this SMA application. If you have any questions, please contact me at [jefrey@ksbe.edu](mailto:jefrey@ksbe.edu) or (808) 534-3977.

Respectfully submitted,

Jesse Frey, P.E.
