Chair
Committee on Public Infrastructure and Technology (PIT)

RE: Follow-Up Questions from August 25, 2021 PIT Committee Discussion
Regarding HFD's Three-Month Fire Safety Report

Mahalo for Honolulu Fire Department's (HFD) participation in Wednesday's PIT Committee informational briefing regarding Department Communication D-581 – Three-Month report relating to Fire Safety.

I would appreciate HFD providing a written response to my August 23, 2021 questions, as well as an update on the following questions:

1. How many fires involving residential condo properties built before 1975 and with a height of more than 10 stories have occurred since 2014?
2. How many fires involving smaller residential condo properties built before 1975 and with a height below 10 stories have occurred since 2014?
3. How many fires involving residential condo properties built before 1975 and with exterior hallways have occurred since 2014?

We look forward to your prompt response by Tuesday August, 31, 2021. Please contact Senior Advisor Kimberly Ribellia at kribellia@honolulu.gov if you have any questions regarding this matter.
