City Council
Public Hearing
April 13, 2022

Submitted Written Testimony - April 11, 2022

Dear Members of the Honolulu City Council:

This is to request your indulgence concerning the following agenda item:

Bill 15 CD1.—I request that the Council work vigorously to identify funds to restore \$10 million plus related inflation to the Department of Design and Construction for completion of the Ala Moana Regional Park Beach Nourishment Project. Currently, most portions of the beach are difficult to access due to treacherous rocks that populate the shore's edge. (See images 1, 2, and 3 below.) As you know, the project was set to be undertaken during 2020, but the funds were redirected when the Covid-19 Pandemic struck. It is only appropriate and fair that these funds be restored so that residents and visitors alike can enjoy the full beauty of the Ala Moana Park Beach.

Thank you very much for your kind attention to this matter.
