Better Building Benchmarking Program

Committee on
Transportation, Sustainability & Health
June 14, 2022

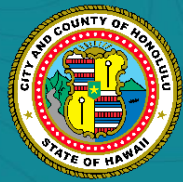

MAYOR'S MESSAGE 96
TSH

Proposed Amendments

- **Extend the timeline for initial reporting** to June 30, 2023, and extend timeline for phases II and III to June 2024 and 2025 respectively, to ensure utilities, property owners, and key stakeholders are prepared for implementation (*Sec. 1.3 Benchmarking Schedule*)
- **Clarify what data the City will disclose** and disclosure process to enable additional review by and time for property owners (*Sec. 1.6 Publication of Data*)
- **Clarify building owner/lessee shall report** rather than landowner and add other requested definitions for further clarity

Proposed Amendments

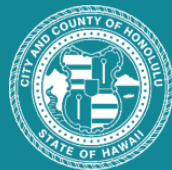

- **Revise penalties** and establish an annual cap on fines to ensure property owners are not unreasonably burdened in instances of noncompliance
(*Sec. 1.5 Penalty for Violations and Enforcement*)
- **Provide flexibility** where aggregated-whole building data cannot be obtained from a utility through additional exemption or extension options
(*Sec. 1.4 Exemptions & Time Extensions*)
