  - (D) The director shall then determine the amount to be raised by the initial tax rate for each class of property for the budgeted tax year as follows: multiply the figure determined under paragraph (C) for each class of property by the total number of tax parcels in the class for the budgeted tax year; and

- (2) The mayor may propose to the council that the initial tax rates be adopted or be increased or decreased for any class of property. The tax rates proposed by the mayor must be set forth in the form of a resolution transmitted to the council at the same time that other revenue measures for the budgeted tax year are transmitted.
