April 18, 2023

The Honorable Tommy Waters
Chair and Presiding Officer
and Members
Honolulu City Council
530 South King Street, Room 202
Honolulu, Hawaii 96813

Dear Chair Waters and Councilmembers:

SUBJECT: Eleventh Triennial Kapiolani Park Trust Report

As the manager of the Kapi'olani Regional Park (KRP), the Department of Parks and Recreation (DPR) is tasked to submit a report every three years for review and approval by the Trustees of the Kapi'olani Park Trust that recaps how the property was managed, from day-to-day operations to capital improvement projects.

Attached is the Eleventh Triennial Report, which summarizes how KRP was managed from April, 2020 to March, 2023.

Should you have any questions regarding the report, please contact me at 808-768-3001.

Sincerely,

A handwritten signature in black ink, appearing to read "Laura H. Thielen", is written over a horizontal line.

Laura H. Thielen
Director

Attachment

APPROVED:

A handwritten signature in black ink, appearing to read "Michael D. Formby", is written over a horizontal line.

Michael D. Formby
Managing Director

DEPT. COM. 263

Kapi'olani Park 11th Triennial Report 2020-2023

In accordance with the 1991 Circuit Court ruling (Amended Findings of Fact and Conclusions of Law and Decision and Order, filed June 28, 1991), in *City and County of Honolulu vs. Warren Price III and Kapiolani Park Preservation Society*, S.P. No. 89-00 15 ("1991 Order"), which requires the Trustees of the Kapi'olani Park Trust (the "Trust") to file a report with the Court on the Trustees' administration of the Trust once every three years, following is the 11th Triennial Report of the Trust for the period from April, 2020 to March, 2023.

The 11th Triennial Report is a summary of how the Executive Branch of the City and County of Honolulu (predominantly the Department of Parks and Recreation ("DPR" or the "Department")) has managed the day-to-day operations, maintenance and running of Kapi'olani Park Trust property over the prior three years. It provides an updated summary of the City's management of the Trust property, which includes major/minor construction projects, types of activities, events, programming etc. It also includes updates on the seventeen recommendations included in the 2013 Kapi'olani Regional Park Recreation Capacity Study (Study or 2013 Study).

BACKGROUND

Dedicated in honor of Queen Kapi'olani in 1877, the 200-acre Kapi'olani Park remains one of the City's largest public spaces. Recognized as the second oldest park land managed by DPR, it continues to be one of Oahu's most popular parks where residents and visitors can enjoy the large green open space with many outdoor recreational activities.

Kapiolani Park is part of the Kapi'olani Regional Park ("KRP"), which encompasses both Trust land and non-Trust land. A vast majority of KRP is on trust land however, KRP also includes Queen's Surf Beach, the strip of land makai of Kalakaua Ave. from Kapahulu Ave. to the Waikiki Aquarium. DPR has done its best to keep this report specifically focused on Trust lands.

OPERATING BUDGET – Staffing/General Operations

COVID-19

In March of 2020, due to the COVID-19 pandemic, DPR sponsored events were cancelled and all public DPR facilities were closed. Although support offices, base yards and some comfort stations remained open, through the remainder of 2020 and into the spring of 2021, COVID-19 restrictions kept people from fully utilizing KRP and its facilities.

COVID-19 restrictions led to lower numbers of permits issued and lower participation in DPR events and programs at KRP than in prior years. Although large park construction

projects were delayed, DPR was able to continue its regular and routine maintenance of KRP with little disruption to day to day maintenance operations.

At the height of the COVID-19 restrictions, park closures offered a rest for the heavily used park, especially for its sports fields. As restrictions lifted, people returned to KRP for outdoor physical activity and relief from the worries and pressures of the pandemic. KRP became a refuge for residents and visitors.

As we enter 2023, park use, participation in park programs and permit numbers are returning to pre-pandemic levels, delayed construction projects are moving forward and DPR continues to work to ensure that KRP is enjoyed by everyone.

KAPI'OLANI REGIONAL PARK STAFFING

The City is investing far more into KRP for routine operations and management than into any other park on the island. Approximately 55 DPR positions are dedicated to KRP (both trust and non-trust lands). See Exhibit A, Kapi'olani Regional Park Staffing attached hereto and incorporated herein, lists the positions at KRP. The KRP is staffed far more generously than other City parks with 48 dedicated grounds maintenance positions. Out of the City's 305 parks, KRP is one of only two parks that is staffed with two shifts for grounds maintenance.

Additionally, the City supplements the KRP-specific budgeted items with routine and substantive support from other sections, branches, divisions and departments within the City, including, but not limited to DPR's Maintenance Support Services ("MSS"), providing maintenance and improvements; DPR's Division of Urban Forestry ("DUF") providing tree, landscaping, community garden and botanical garden work; DPR's Executive Services Division ("ESD") providing administrative support and the Department of Facilities Maintenance ("DFM") providing electrical work.

The City is making these investments without the type of substantial outside funding that other seminal parks receive from foundations, such as Central Park. For reference, the Central Park Conservancy, funded primarily by individual donations, raises the park's \$74 million annual operating budget each year, with the sole mission of protecting and improving Central Park in perpetuity.

KAPI'OLANI REGIONAL PARK OUTREACH

Kapi'olani Regional Park Historical Website

In May 2021, DPR's Kapi'olani Regional Park Historical Website went live and is now permanently housed on DPR's main web page. The website highlights the history of KRP with photos and in-depth stories of KRP's past. The website also contains links to park maps and park rules and regulations.

<https://www.honolulu.gov/parks/default/kapi-olani-regional-park.html>

Kapi'olani Regional Park QR Codes

In June 2021, DPR installed nine QR code stickers around KRP. The QR codes link visitors to DPR's Kapi'olani Regional Park Historical Website and DPR's main website. The QR codes highlight historical information, and direct people to relevant pages of DPR's main website for more information. Since the QR codes were installed, they have combined for over 1,524 QR scans, by phones from 15 countries and 27 states.

KAPI'OLANI REGIONAL PARK PROGRAMS

Paki Community Park

Paki Community Park provides the location for DPR's ongoing keiki, adult and kupuna programming within KRP.

DPR annually hosts classes in the spring and fall. Paki Community Park offers anywhere from 10-18 classes during the spring and fall sessions. Classes offered over the past few years include various arts and craft classes, basketball skills, basketball league play, volleyball league play, speed and explode fitness, dodge ball, keiki hula, and slime making. The chart below shows class enrolment numbers from 2000 through 2022. These enrolment numbers show that senior classes have not returned from pre-COVID-19 numbers although participation in child and tot classes is steadily increasing. DPR continues to look at ways to increase participation in programming at Paki Community Park and throughout the entire City parks system.

Year and Session	Tot Classes Participants**	Children Classes Participants ***	Senior Classes Participants
2020			
Spring	82	128	12
Fall	NO programs, parks closed due to COVID		
2021			
Spring		37*	
Fall	16	112	
2022			
Spring	45	169	
Fall	13	80	
*Virtual classes due to COVID-19/** Tot classes include required adult participant/** Children's total includes all classes offered			

For spring 2023, classes offered include: tot crafts, basketball, volleyball league, flag football, paper mache, ez magic tricks, sand art, ultimate frisbee, craft STEM challenge, as well as, a new class geared toward homeschoolers, called P.E. games and more.

Since 1944, Summer Fun, the City-run seasonal day camp, has become an affordable and popular program for keiki ranging from post-kindergarten through high school. Paki Community Park hosts the program for 6 weeks in June and July.

Year and Session	Summer Fun Participants	Junior Leader Participants (ages 13-17)	Notes
2020			
Summer	48	4	COVID-19 restricted numbers
2021			
Summer	55	6	COVID-19 restricted numbers
2022			
Summer	74	17	Lack of adult summer staff

In 2020, summer fun programs were scaled back due to COVID-19 restrictions thus participation was about a third the attendance of 2019. In 2021, the program again operated under restricted numbers. In 2022, the program suffered from a lack of adult summer staff and so participation numbers were again restricted. For 2023, DPR is looking to bring the program back to pre-pandemic levels and has started recruiting for program staff early, in hopes of having adequate staff to expand participation at all summer fun sites, including at Paki Community Park.

Kapi'olani Park People's Open Market

The KRP's People's Open Market is held from 10:00-11:00 am every Wednesday in the Monsarrat Avenue and Paki Avenue parking lots. Prior to COVID, the market consistently had 4 vendors and saw an average of 284 customers per week. The market was closed due to COVID-19 from March 18, 2020 through September 16, 2020. For the remainder of 2020, the average attendance count was 88 customers per week. In 2021, the average attendance was 68 customers per week, with three vendors. In 2022, the average attendance was 58 customers with three vendors. See Exhibit B, Kapi'olani POM Statistics 2020-2022 attached hereto and incorporated herein, for complete market statistics.

Lei Day

The first Lei Day was celebrated on May 1, 1927, and the first lei Queen was crowned by Honolulu Mayor Charles Arnold in 1928. This year, the Lei Court selection event will be held on March 4, 2023 and once selected, the Lei Court will preside over the 95th Annual Lei Day Celebration festivities, on May 1, 2023, at Kapi'olani Park.

After a two year hiatus due to the COVID-19 pandemic, the City's Lei Day Celebration returned to Kapi'olani Park on May 1, 2022. The theme for the celebration was Lei Wao Nahele (forest lei). Along with Hawaiian music entertainment, demonstrations, and exhibits, the celebration event featured a lei contest exhibit showcasing some of the most exquisitely crafted lei in a variety of colors and methods.

Even during the COVID-19 pandemic, when large, in-person events were restricted, our island community found innovative ways to celebrate this uniquely Hawaiian holiday. This included a video presentation to mark Lei Day in 2021, and the Nā Lei Koa in 2020 to honor our first responders.

Na Hula Festival

On August 7, 2022, hundreds enjoyed the 81st Annual Nā Hula Festival's return to the Kapi'olani Park Bandstand for the first time in three years. Talented dancers from keiki to seniors helped to keep the tradition of this festival alive as the state's longest-running, annual, non-competitive hula event. The Nā Hula Festival is a free, family friendly event that is open to the public.

KAPI'OLANI REGIONAL PARK PERMITTING

DPR issues permits for a variety of activities that occur within KRP. Attached hereto and incorporated herein as Exhibit C, Kapi'olani Regional Park Permit Report 2020-2022, is a list of permits issued from June 1, 2020 through December 31, 2022.

Exhibit C includes permits for Queen's Surf Beach and the Ala Wai Golf Course Clubhouse, both of which are not on trust lands but are managed by KRP staff. In producing Exhibit C for this report, DPR was unable to exclude these permits from the report.

COVID-19 restrictions led to a lower number of permits being issued in 2020 and 2021. KRP was host to several COVID-19 surge testing events and vaccination clinics in 2021.

2022 saw permit numbers begin to return to pre-pandemic levels as restrictions began to ease. Large events such as the Honolulu Marathon, Aloha Festival, King Kamehameha Celebration and Pride Parade, brought thousands of visitors to KRP and surrounding areas. KRP continued to be a sought after location for smaller events such as meetings, craft fairs and running club clinics.

The fields and courts within KRP were heavily used by a wide variety of permitted leagues playing, softball, cricket, volleyball, soccer, kickball, ultimate frisbee, football, flag football, lacrosse, rugby, pickleball and tennis.

Picnicking (permit required for groups of 50 or more) remains popular, as does use of Pahi Hale for community and City sponsored meetings.

KAPI'OLANI REGIONAL PARK VOLUNTEER ACTIVITIES

Donations

The United States Tennis Association ("USTA") donated \$15,000 for Tennis Court Wind Screens in 2020. Installation was delayed due to COVID-19 and the screens were installed in 2021.

Through DPR's park bench donation program, three park benches were donated to the City at KRP over the past three years.

Community Service Projects

Because of COVID-19 restrictions, large volunteer community service projects were put on hold for most of 2020 and 2021. In 2022, two large park clean-up events took place solely within trust lands at KRP. Additionally, two clean-up events took place at San Souci Beach and the surrounding Natatorium War Memorial area. These events combined for a total of 290 community service hours.

Adopt-A-Park

The group Papa O Lokahi has an ongoing Adopt-A-Park agreement with DPR for monthly cleanups of the Kahi Halia Aloha Monument and surrounding areas. Members in the group contributed over 176 community service hours in 2022.

Partnerships

DPR currently has on-going public-private partnerships with the Friends of Diamond Head Tennis Center for maintenance of the Diamond Head Tennis Center and various other hotel organizations for maintenance of DPR areas abutting their hotels. American Youth Soccer Organization also had adopted KRP's soccer fields to ensure maintenance throughout the soccer season.

OPERATING BUDGET – R&M/Small Improvements

KAPI'OLANI REGIONAL PARK ROUTINE REPAIR AND MAINTENANCE

DPR's MSS provides maintenance, repair and replacement work at KRP, both contracted and with regular staff. MSS staff conduct carpentry, masonry, painting, plumbing, irrigation, welding, field maintenance, mechanical repairs, and heavy equipment operations.

As stated above, DFM provides electrical work for DPR, including for KRP. Requests for electrical issues (lights, outlets etc.) are made directly to DFM through DPR's work order system.

Through the work order system, close to \$1,000,000 in repair and maintenance projects were completed for KRP between 2020 and 2022 (this includes DFM KRP work and work at surrounding beach areas, which are not part of the trust). See Exhibit D, MSS Kapi'olani Trade Work Orders 2020-2022, attached hereto and incorporated herein, for the entire list of trade work orders.

Exhibit D includes trade work orders for Queen's Surf Beach and the Ala Wai Golf Course Clubhouse, both of which are not on trust lands but are managed by KRP staff. In producing Exhibit D for this report, DPR was unable to exclude these trade work orders from the report.

Kapi'olani Regional Park R&M Small Improvements – Projects Completed

- 3 Bicycle Racks (from the Department of Transportation Services ("DTS") installed at the Old Driving Range Comfort Station, Kapi'olani Tennis Courts Comfort Station and Paki Hale - Early 2020
- Paki Community Park Basketball, Volleyball, and Pickleball courts resurfaced - April 2020 (\$56,150)
- Replacement Lawn Mower Purchased - May 2020 (\$45,000)
- Waikiki Shell Lots and Monsarrat/Paki Parking Lot Resurfaced, Recoated and Restriped - June 2020 (\$188,591)
- Paki Hale Parking Lot Resurfaced, Recoated and Restriped - July 2020 (\$9,645)
- Hale Lua Parking Lot Resurfaced, Recoated and Restriped - July 2020 (\$15,640)
- Old Driving Range Parking Lot Resurfaced, Recoated and Restriped - July 2020 (\$12,680)
- Don A. Andrews Diamond Head Tennis Center Resurfaced, Recoated and Restriped - August 2020 (\$60,295)
- Adult Fitness Equipment Restoration - September 2020 (\$5,667)
- Louise Dillingham Memorial Fountain Renovated (New in Ground Pump Vault, New Plumbing and New Lights) - 2021 (\$293,920)
- Leahi Base Yard Resurfaced, Recoated and Restriped - 2021 (\$60,305)
- Large 10" Backflow Unit Replaced - April 2022 (\$21,000)
- Four Kapi'olani Tennis Courts Resurfaced - June 2022 (\$87,309)

Kapi'olani Regional Park R&M Small Improvements – Projects In Progress

- Timed three headed beach shower with foot wash, drinking fountain and concrete walkway (including concrete pad, previous pavers, piping, fittings, sediment catch basin) on grass mauka of San Souci/Kaimana Beach - Construction is ongoing, set to be completed by summer 2023 (\$478,800)
- DPR has embarked on an energy savings performance contract with NORESKO, which will upgrade public facilities at parks across Oahu. At KRP the improvements include domestic plumbing improvements as well as interior and exterior LED lighting. Installation of new plumbing fixtures scheduled for March 2023. Lighting fixtures are on order with installation scheduled to start on August 2023.

KAPI'OLANI REGIONAL PARK TREE MAINTENANCE AND PLANTING

DPR's Horticulture Services Branch plants, trims, inspects, and oversees contracts for street and park trees and administers the preservation of trees program throughout KRP.

Due to COVID-19, no trees were planted at KRP in 2020. In 2021, one tree was planted and in 2022, four trees were planted for Arbor Day. Because of the upcoming shared use path project involving reconstruction of the pathways around KRP, planting of trees is on hold until the project is completed.

DPR contracts out most tree trimming and pruning work within KRP. Frequency of tree trimming and pruning services varies by type of tree with coconut and royal palms trimmed most frequently. See *Exhibit E*, Tree Pruning and Trimming Services in Kapi'olani Park 2020-2022 attached hereto and incorporated herein, detailing the descriptions of work and costs for general tree pruning services, as well as, trimming services specifically for coconut and royal palms and pruning services for ironwoods, in KRP for 2020 through 2022.

In addition, DPR staff service trees within KRP on an as-needed basis. For example, prior to the 2021 and 2022 Honolulu Marathons, crews low pruned 509 ironwood trees along Kalakaua Avenue and within KRP.

KRP is home to hundreds of the City's exceptional trees. An exceptional tree is a tree or grove of trees with historic or cultural value, or which by reason of its age, rarity, location, size, esthetic quality or endemic status have been designated by the City Council as worthy of presentation. Trees designated as exceptional require special care and permitting for tree maintenance. See *Exhibit F*, Kapi'olani Regional Park Exceptional Trees attached hereto and incorporated herein, for a complete list of Kapi'olani Regional Park's Exceptional Trees.

QUEEN KAPI'OLANI GARDEN

Over the years, the Queen Kapi'olani Garden has transformed through different planting themes such as roses and colorful, tropical hibiscus. In 2010, the garden was dedicated to showcasing Hawaii's native flora to promote a sense of place and honor our unique island environment and culture. DPR's Horticulture Services Branch maintains the garden and in 2021 planted over 120 plants within the garden.

DIAMOND HEAD COMMUNITY GARDEN

The Diamond Head Community Garden is one of 11 community gardens operated by the Honolulu Recreational Gardening Program of DPR. The Diamond Head Community Garden contains 113-individual plots measuring 5' x 17'. Gardeners pay an annual water usage fee and garden membership dues. The garden continues to see heavy use and there is a waiting list for plot use.

2024 OPERATING BUDGET

For DPR's operating budget for FY 2024, the number of positions and expenditures are projected to remain the same as prior years.

ARPA State and Local Fiscal Recovery Funded ("FRF") Projects

Although there are currently no federally funded projects specific to KRP, KRP and all City parks will benefit from the following four FRF funded projects currently being undertaken by DPR:

(1) Revitalizing Community Gardens and Other Volunteer Park Activation Activities

Through this project DPR will consolidate and modernize departmental rules, policies, materials and information regarding Community Gardens, Adopt-A-Park Agreements and other volunteer activities. Currently, KRP has limited volunteer opportunities. It is hoped that this project can lead to more volunteer opportunities and Adopt-A-Park agreements within KRP. Additionally, the Kapi'olani Community Garden will benefit from the revitalization of the community gardens program.

(2) Let's Meet at the Park

This project will install benches and picnic tables at parks across the island to encourage people to gather, socialize and recreate in City parks. Pali Community Park will see the installation of five benches and five picnic tables in mid-2023.

(3) Park Ranger Assessment Project

This two-year project seeks to gather baseline data and identify types and volume of unauthorized commercial activities within City parks. KRP will be one of the parks that the park rangers will observe and collect data at. This data will be used to determine next steps in possibly developing an enforcement program across the DPR park system. The project also seeks to improve partnerships with other law enforcement entities and review and update DPR rules.

(4) Youth Programming

This project seeks to build a stronger and more equitable Hawaii by investing in youth development over the next four years through five projects that address program support, design and development, evaluation, and capacity building. This project includes providing funding for summer fun participants in title 1 communities (which includes Paki Community Park), increasing staff training, investing in technology as a tool for learning, evaluating current practices and looking to see how DPR can better serve youth across the island.

CAPITAL IMPROVEMENT PROJECTS ("CIP")

CIP Funds Requested/Appropriated

For FY's 2020-2023 all of the Administration's CIP requests for KRP were approved. For FY 2021, the Council added "refurbishing the lighting for the Mohandas Gandhi statue and surrounding area". This area of KRP is maintained by the Department of Enterprise Services ("DES").

<u>Kapi'olani Regional Park – CIP Funds Requested/Appropriated</u>						
Fiscal Year	Functions, Programs & Projects		Work Phase		Source of Funds	Total Funds

2023	1,335,000	C	336,000	GI	\$1,335,000
			584,000	PP	
			415,000	RR	
Total					\$3,054,000

2024 CIP Budget

DPR does not have any budget items specific to KRP in its FY 2024 proposed CIP budget. DPR is looking forward to the completion of the long awaited reconstruction of the shared use paths around KRP. DPR is currently evaluating KRP's future CIP needs.

⁶ RR-line item funding source for renovation of recreational facilities.

UPDATE ON STUDY RECOMMENDATIONS

In 2013, PBR Hawaii and AECOM completed the Kapi'olani Regional Park Carrying Capacity Study (Study or 2013 Study). The Study included seventeen operational recommendations to address key capacity management issues identified by the Study. Since 2013, DPR has reported on the department's progress towards these recommendations in its Triennial reports. DPR notes that this Study was done 10 years ago and that many of the recommendations are outdated due to KRP's present management and use.

1. Explore and institute revenue-generating policies and procedures

As the Study states that "[t]he ability to generate revenue (that could be used for Park specific projects) is currently highly constrained at the Kapi'olani Regional Park (Park)." This remains true as all monies received from park permits goes into the City's General Fund. The study suggested "charging for permits and parking, as well as facilitating additional opportunities for concessionaries, among others."

Concessions: Due to the nature of the Trust, revenue generating concessions have been challenged as to their legality and thus, the department has chosen not to pursue this as a revenue option.

Parking: Balancing how to allow park users to park for free while charging non-park users a fee to park, has deterred DPR from charging for parking within the parks' parking lots. DPR notes that parking remains free at all of DPR's regional parks including, Ala Moana Regional Park. The 278 metered parking stalls along Kalākaua Avenue are overseen by the DTS which has increased parking fees over the past few years to the current rate of \$3.00 an hour, double what it was in 2020, with plans to raise the rates again in 2023.

Permits: In 2020 DPR initiated a Bill for an Ordinance Relating to Parks to amend Revised Ordinances of Honolulu 1990 ("ROH") Section 10-2.7, recodified as ROH Section 10-2.6. The Bill was passed and increased the Attendant fee from \$15 to \$20 for organizations using KRP's recreational facilities outside of the posted operational hours.

2. Institute a consistent parking policy

DTS oversees the metered parking at the Honolulu Zoo and the metered parking stalls along Kalākaua Avenue. There is a 4-hour parking limit from 10 am-6 pm at meters along the mauka side of Kalakaua Ave (other times free, no time limit.). On the makai side of Kalakaua Ave, there is free parking subject to a 2-hour parking limit from 7 am to 6 pm, except on Saturday and Sunday.

Over the years DPR has contemplated parking studies and has been unsuccessful in determining how to allow park users to park for free while charging non-park users a fee

to park. DPR continues to allow free parking in all of its parking lots within KRP. Signage at all KRP parking lots state that "Parking is for Park Users" in marked stall only.

Parks are essential for public health, civic engagement and access to open space. DPR feels it is vital to retain free parking so Oahu residents of all income levels feel welcome and are able to access their public park. The Department has no plans to change the unlimited free parking at the park into paid parking.

3. Address persistent homelessness / itinerant use of the Park

The Study states that "addressing the persistently poor, providing affordable housing, and exploring other strategies to help alleviate homelessness should continue to be a priority for the City and County of Honolulu (CCH)". Indeed, addressing homelessness continues to be a priority for the City.

Signage throughout KRP gives notice that KRP is closed to the public from 12 am to 5 am, unless authorized by permit. At Paki Community Park, the park closure sign states that the park is closed to the public from 10 pm to 5 am. The sign also states that personal property remaining in the park during park closure hours will be impounded and disposed of in 30 days unless claimed.

DPR, in collaboration with City enforcement agencies, continues to utilize current established City ordinances to resolve issues related to itinerant park use and park use during closed hours.

4. Provide new and/or widen pathways

Improving connections into and around the KRP continues to be a department priority as evidenced by DPR's three major CIP projects to improve the pathways around KRP. These upgrades are intended to improve the pedestrian circulation along this popular pathway, while meeting ADA compliance.

- **Paki Avenue from Kapahulu Avenue to Monsarrat Avenue – Project Completed**

This project reconstructed the shared-use pathway along the mauka side of the Honolulu Zoo, which stretches approximately 1,500 feet (roughly a quarter mile) along Paki Avenue from Kapahulu to Monsarrat Avenues. This project removed the existing asphalt pathway and replaced it with a wider, concrete sidewalk, while addressing some of the tree roots and branches that impacted the pathway.

- **Paki Avenue from Monsarrat Avenue to Poni Moi Road – Under Construction**

An approximately three-quarter mile stretch of the shared-use path along the makai-side of Paki Avenue between Monsarrat Ave. and Poni Moi Rd. is being

renovated to improve circulation, accessibility, and safety. The project is being completed in phases, beginning at Monsarrat Ave. and progressing towards Diamond Head. The entire project is scheduled to be finished, and the pathway reopened, near the end of summer 2023.

- Kalakaua Avenue from Paki Avenue to Monsarrat Avenue – Planning Phase

The approximately three-quarter mile stretch of the shared-use path along the mauka-side of Kalakaua Avenue between Paki Ave. and Monsarrat Ave. will be renovated to improve circulation, accessibility, and safety. The project was scheduled to bid in March 2023.

5. Temporarily close and/or rehabilitate severely impacted areas capable of recovery

The 2013 Study expressed concerns about severely impacted grass areas within KRP and recommended hardening areas where rehabilitation was not feasible. Since 2013 DPR has worked to resolve this issue through changes in its grass management and increased monitoring. DPR continues to utilize practices discussed in the 2020 KRP Triennial Report including temporary signage to close off park areas that require rehabilitation, as well as, closing off areas that require aeration, fertilization, re-grassing or renovation. Areas are monitored for turf damage by the event coordinator and maintenance staff and events are rotated if needed. Additionally, events are not scheduled one weekend a month to assist with turf recovery.

With COVID-19 restrictions, organized use of the park necessitating permits was restricted. This allowed for grass areas to have a break from use and recover and rehabilitate.

6. Control amount and timing of visitor use in high impact areas

As mentioned above (#5), in response to the Study, DPR revised its procedures for grass management. Scheduled events are on a rotational schedule to allow time for turf to recover and DPR has adopted the practice of not scheduling large events in high impact areas one weekend a month.

As noted in the 2020 KRP Triennial Report, all sport fields are closed for five weeks every summer to allow for aeration, fertilization, and recovery. DPR annually aerates, fertilizes and regularly irrigates the athletic fields and provides similar services to the rest of KRP on an as-needed basis.

KRP staff use a spreadsheet (see Exhibit C- Kapi'olani Regional Park Permit Report 2020-2022) to track event details including their approximate location, estimated attendance and other pertinent information. This information is used to assess use of park areas and assists in better event management.

7. Increase visitor awareness of impacts

In 2022, the City's Department of Customer Services partnered with DPR to install a distinctive sign at KRP discouraging the feeding of feral chickens. The sign asks park users to "please be considerate of our residents and neighbors, don't feed feral chickens". The signage is part of the City's effort to address environmental and nuisance concerns from Oahu residents who have complained about the wild birds.

Besides the use of signage, the 2013 Study encouraged the continued involvement of friends and/or community groups in park clean-ups, plantings, and other park beautification/ improvement efforts.

In 2020, the USTA donated tennis court wind screens at KRP. Through DPR's park bench donation program, three park benches were donated to the City at KRP over the past three years.

Because of COVID-19 restrictions, large volunteer community service projects were put on hold for most of 2020 and 2021. In 2022, two large park clean-up events took place solely within Trust lands at KRP. Additionally, two clean-up events took place at San Souci Beach and the surrounding Natatorium War Memorial area. These events combined for a total of 290 community service hours.

The group Papa O Lokahi has an ongoing Adopt-A-Park agreement with DPR for monthly cleanups of the Kahi Halia Aloha Monument and surrounding areas. Members in the group contributed over 176 community service hours in 2022.

DPR currently has on-going public-private partnerships with the Friends of Diamond Head Tennis Center for maintenance of the Diamond Head Tennis Center and various other hotel organizations for maintenance of DPR areas abutting their hotels. American Youth Soccer Organization also had adopted KRP's soccer fields to ensure maintenance throughout the soccer season.

8. When/where possible, shift large-scale special event uses to hardened areas

As mentioned above (#5 and #6), in response to the 2013 Study, DPR revised its procedures for grass management. Also stated in the 2020 KRP Triennial Report, DPR grounds maintenance staff surveyed the event areas and identified a potential area for hardening located between the Bandstand and the Shell. However, numerous regulatory and environmental concerns are raised when hardening open ground, including increased storm water runoff causing erosion and non-point discharge. After consideration of impacts to the environment including the nearby ocean waters, and loss of natural open space, DPR decided against any hardening.

Permitting, street closures and other logistical issues has deterred DPR from considering using sidewalks and roadways for events. Additionally, as mentioned above, with COVID-19 restrictions, organized use of the park necessitating permits was

restricted which allowed for grass areas to have a break from use and recover and rehabilitate.

9. Develop a visitor awareness and education program

Over the years, the department has continued to increase signage, where appropriate, to inform visitors of proper behaviors in the park.

In May 2021, DPR's Kapi'olani Regional Park Historical Website went live and is now permanently housed on DPR's main web page. The website highlights the history of the park with photos and in-depth stories of the parks past. The website also contains links to park maps and park rules and regulations.

In June 2021, DPR installed nine QR code stickers around the KRP. The QR codes link visitors to DPR's Kapi'olani Park website and DPR's main website. The QR codes highlight historical information, and direct people to the DPR's main website for more information. Since the QR code stickers were installed there has been over 1,524 scans, with phones from 15 countries and 27 states.

10. Maintain and formalize use areas.

As mentioned in the 2020 KRP Triennial Report, permits are required for park events, field use and for groups of over 50 people in picnic areas. Fields and picnic areas are designated with signage and a map of these designated areas is posted on-line.

In keeping with emerging pickleball activities the Department has lined volleyball courts at Paki Community Park and at the Natatorium War Memorial, and tennis courts at the Diamond Head Tennis center for pickleball.

All tennis courts with KRP are marked with signage stating court and play procedures to help reduce player conflict and allow equal access to play.

For dog owners, the median strip near the Dillingham Fountain has been designed as an on-leash dog park. Signage stating "Dogs on leash allowed in this area only", has been installed.

11. Increase public awareness of on-site staff (staff vehicle signage, uniforms) to provide Park visitors with visual assurance of a management presence

DPR employees continue to wear uniforms identifying them as park employees. Additionally, all park vehicles are clearly marked with green stripping, the City and County of Honolulu emblem, and City and County license plates so that the public can identify the vehicle as City and County of Honolulu vehicles.

12. Improve maintenance of comfort stations

KRP includes eight comfort stations which are open to the public on trust lands. Comfort stations are cleaned multiple times a day. On busy holiday weekends, comfort stations are cleaned more often. Large events are required to provide additional restrooms through the contracting of portable toilets. KRP is staffed with far more groundskeepers than other City parks, and is one of two parks in the City with an afternoon/evening groundkeeper crew to maintain comfort stations (Ala Moana Regional Park being the other).

13. Provide maintenance, repair and/or replace facilities and site amenities

The Department's MSS provides maintenance, repair and replacement work at KRP, both contracted and with regular staff. MSS staff conduct carpentry, masonry, painting, plumbing, irrigation, welding, field maintenance, mechanical repairs, and heavy equipment operations.

Their work order system is divided into the following work order categories: carpentry, chemical, heavy equipment, labor, masonry, painting, plumbing, and welding. See Exhibit D-MSS Kapi'olani Trade Work Orders 2020-2022, for more details.

The DFM provides electrical work for DPR. Requests for issues with lights, outlets etc. are made directly to DFM through DPR's work order system.

14. Add small-scale amenities, where appropriate, to enhance the visitor experience.

Three bicycle racks were installed in early 2020, and a project to refurbish the fitness equipment station at KRP was completed in 2020. In 2021, MSS repaired/replaced 67 old metal frame/wood picnic tables at all picnic areas of KRP. Three benches were donated and installed in KRP over the past three years. Through FRF funding, five picnic tables and five benches will be installed at Paki Community Park this year.

15. Use consistent sign and site amenities (need for visual cohesiveness)

In June 2021 DPR installed nine QR code stickers around KRP. The QR codes link visitors to DPR's Kapi'olani Park website and DPR's main website. The QR codes highlight historical information, and direct people to DPR's main website for more information about KRP. All QR code stickers are in the same format.

DPR signage is consistent throughout KRP. Signage is blue with uniform white font. The same signage color and font is used for a variety of signage, from park closure hours, to tennis rules, to signage marking picnic sites.

Traffic/parking signage along Kalakaua Ave. conforms to DTS signage standards.

16. Educate/Inform visitors of public transportation options to the Park

Transportation options have greatly expanded in the last few years and continue to gain in popularity. Residents and visitors have many options when it comes to visiting KRP.

City bus stops and bus shelters are located on the sidewalks surrounding KRP, each with clear signage on what buses stop at each bus stop and bus shelter location.

Bike riding is encouraged through the installation of multiple bike racks within KRP. Additionally, Biki Bikes, a bikeshare program, has five self-service bike locations surrounding KRP (the bike stations are not located on Trust property).

There is a dedicated motorcycle, motor scooter and moped parking area within KRP and ride share, and traditional taxis provide alternative transportation options for park users.

17. Explore parking expansion options

As the 2013 Study stated, “there will never be enough on-site parking to accommodate visitor demand and there is an inherent tradeoff between providing more parking and the associated loss of Park lands for recreational purposes”.

DPR is not pursuing parking expansion options at this time, believing that park land is best used for recreational purposes. Alternative transportation options are discussed above (#16) and the general population is embracing many new options available thru electronic personal devices, such as e-bikes and scooters.

Carpentry	HS	Kapiolani Nursery	1/8/2021	2/9/2021	2020-5537	POC: Harles Narahara, 478-1126	652.28
						ATTN: Carpenters - please perform the following: 1. install a door arm at the top of the conference room door next to the main office door, 2. on the cement pad, repair the second door from the left as the door does not open all the way as it scrapes the bottom. Thank you	
Carpentry	HS	Kapiolani Nursery	11/13/2020	2/10/2021	2020-4520	POC: June Harada, 542-6980 c/o Harles Narahara	4,278.10
						ATTN: Carpenters - 1. Please replace all termite damaged 2x4 that's supporting the garage located in the back of the nursery. 2. Please repair termite damaged door frame in the brown shack. 3. Please repair the pesticide shack door as it's not closing properly and possibly setting off the alarm	
Carpentry	HS	Kapiolani Nursery	5/13/2021	5/13/2021	2021-682	POC: June Harada, 542-6980	323.28
						Attention: Carpenters - please repair doorknob on main entrance to Nursery office as it is loose. Thank you	
Carpentry	HS	Kapiolani Nursery		2/2/2022	2020-513	POC: June Harada, 542-6980	175.00
						Attention: Carpenters - please repair Propagation Shack roof (Locker Room), which is slightly lifted at the pitch on the side beneath the tree	
Carpentry	HS	Kapiolani Nursery	1/4/2022	2/18/2022	2022-32	ATTN: Carpenters - please install a new door for a vacant room in the main office to be used by administration. If you are facing the room, install the door to swing to the left so it doesn't block the hallway. Thanks	2,170.00

Carpentry	HS	Kapiolani Nursery	2/11/2022	2/18/2022	2022-602	ATTN: Carpenters - please repair/replace the dead bolt on the far left door for the trailer next to the cottage. The dead bolt can't be turned from the outside, but ok from the inside. Also, please repair/replace the dead bolt on the far left door for the trailer closest to Leahi Avenue as the dead bolt has a hard time locking. Thanks if you have questions you can call me at 478-1126	117.00
Carpentry	HS	Kapiolani Nursery	2/1/2022	3/15/2022	2022-389	Thanks ATTN: Carpenters	4,058.00
Carpentry	HS	Kapiolani Nursery	6/14/2022	7/5/2022	2022-2478	Please repair the roof of one of our storage buildings as leaking in multiple areas, causing damage to contents ATTN- Carpenters POC- Harles Narahara 478-1126	337.00
Carpentry	HS	Kapiolani Nursery	7/12/2022	7/18/2022	2022-2917	Please repair the wall by our secretary's station, which needs some patching and painting. Please also install work shelves, 6 feet long by 1 foot in depth ATTN: Carpenters POC: Harles Narahara 478-1126	285.00
Carpentry	HS	Kapiolani Nursery	9/12/2022	9/13/2022	2022-3887	Please repair the door locks on our Administrator's office and the side door of the nursery office as they are sticking and difficult to open. We would appreciate timely consideration if at all possible. Please repair the following door knobs: 1) Please replace our worn out door knob. Door knob slips out of alignment and will not slide lock over to open the door. This door knob is located on our personnel trailer office, closest to the Cottage (house), tennis court side. It would be the door on the right if you are facing the trailer office. 2) Please repair our door knob on our Tree Trimmer Trailer Office. The deadbolt on this lock does not retract all the way, leaving the dead bolt sticking out and/or partially locked. This is the trailer office closest to our rear Leahi gate entrance/exit.	205.00
