Hogwash. What needs to be done is to return to paper ballots and stop this nonsense of electronic voting which each year results in fewer participants. Past and present councils, mayors and commissioners have made a mockery of the voting process, all to save kala. This must stop and the 2025 elections should revert to paper ballots only, as elections are run in the state. You can make that happen through the budget process next year. If not, maybe we should let IT run the council and mayoral elections and see the resulting farce.

I served on a neighborhood board for 27 years. This is disgraceful.
