Dear Colleagues:

I appreciated the robust and thoughtful discussion at yesterday's City Council meeting regarding Bill 20, CD2, relating to parking. At the hearing, it was clear that more information from the Department of Transportation Services will be helpful to members as they prepare for next Tuesday's Transportation Committee meeting and next month's City Council meeting.

Therefore, my office will be drafting a letter to Director Morton, requesting certain additional information and his Department's position on various aspects of the Restricted Parking Zone program. **We will be incorporating the various questions and issues raised at yesterday's Council meeting into our letter, but if there are specific points that you would like to see included, please contact Richmond Luzar at x85074 by the close of business today, September 7, 2023.**

We intend to send the letter to Director Morton first thing in the morning tomorrow, Friday, September 8, and we are requesting the Department's kōkua in preparing a response in advance of Tuesday's Transportation Committee meeting.

I realize this is a short timeline, but I believe this will help us to have a well-informed discussion on Bill 20, CD2 and help us to continue our work to thoroughly and thoughtfully vet this proposal to allow us to have an island-wide framework regulating the establishment of restricted parking zones where appropriate.

Mahalo,
