<p>Testimony:</p> <p>I would like to support the Proposed Bill 051 CD 2. I support the designating/establishing the Halawa Stream as a preservation area. I would also support community efforts to have the City take ownership or jurisdiction of the Halawa Stream facilitating the maintenance of Halawa Stream. The Halawa Stream is notorious for flooding into the adjoining residential areas. The City and State have long debated whose responsibility Halawa Stream falls under. Under the City's leadership, preventive maintenance would address future flooding issues and the continual pollution of Pearl Harbor.</p> <p>Thank you for allowing me to testify in support of Bill 051 CD2.</p> <p>Claire J. Tamamoto</p>
