The Honorable Tommy Waters
Chair and Presiding Officer
and Members
Honolulu City Council
530 South King Street, Room 202
Honolulu, Hawai'i 96813

Dear Chair Waters and Councilmembers:

SUBJECT: Resolution for Communications Site Lease Agreement with STC Two, LLC for its Existing Telecommunication Facility Located within the City-Owned Lā'ie Corporation Yard
TMK: 5-6-006:001; Area: 480 Square Feet

Attached for your review and appropriate action is a resolution relating to a new Communications Site Lease Agreement with STC Two, LLC (STC Two) to allow for its continued telecommunication operation within the subject property.

The telecommunication process is governed by Section 38-12, Revised Ordinances of Honolulu, 2021 as amended (ROH), for telecommunication facilities. In 2009, the Lease and Rental Ordinance was amended by adding a section on leases and licenses for telecommunication facilities on City properties. The purpose of the ordinance was to group telecommunication sites into two (2) types and to standardize the monthly rental amounts based on the footprint sizes of the facilities.

The two (2) telecommunication types are:

1. *"Type I Telecommunication Facility"* means any telecommunications facility where the entire telecommunications facility is attached to or supported by any permanent building or other structure of the City located on the property on which the telecommunications facility is located.

2. *"Type II Telecommunication Facility"* means any telecommunications facility that does not meet the definition of "Type I Telecommunication Facility."

The communication site lease agreement that we are requesting approval for is categorized as "Type II Telecommunication Facilities". The monthly rental fees for "Type II Telecommunication Facilities" are as follows:

Aggregate Footprint	Monthly Rental Amount
475 square feet or less	$1,000
Greater than 475 but less than or equal to 525 square feet	$1,200
Greater than 525 but less than or equal to 575 square feet	$1,425
Greater than 575 but less than or equal to 625 square feet	$1,650
Greater than 625 but less than or equal to 675 square feet	$1,875
Greater than 675 but less than 725 square feet	$2,100
725 square feet or more	$2,325

ROH Section 38-12.2 allows the City to recommend and the City Council may authorize a different monthly rental amount when: (i) the City will be required to take measures to mitigate negative aesthetic aspects of the facility or minimize the potential threat of the facility to public safety; (ii) in instances where the department determines that the monthly rental amount is not feasible or equitable; or (iii) in instances where the department accepts property or services in lieu of payment if approved by the city department or agency currently using the property.

The Department of Information Technology has determined that following the monthly telecommunication rental fee table, as outlined in the ROH is not feasible or equitable for the City. In 1998 the City and Sprintcom, Inc. entered into a Non-Exclusive Communication Utilities Easement Agreement for 20 years. Sprintcom, Inc., through succession is now known as STC Two, LLC. Although the agreement has expired, STC Two, through its Attorney-in-Fact, Global Signal Acquisitions II LLC has continued to pay its rental fee with a 4% annual increase. The last payment of $23,992.52 was paid in September 2023. The initial proposed monthly fee of $2,080.00 or $24,960.00 per year reflects a slightly higher amount of the continuance of the four percent (4%) annual increase for the next anticipated payment in 2024. By following the ROH monthly fee table, the City would only be able to charge $1,200 per month or $14,400 per year and would not be able to increase its annual fee by four percent (4%) each year, compounded annually. This annual increase would assist with the constant increase of maintenance costs of the property.

The various City agencies, including the Department of Facility Maintenance, have no objections to entering into an agreement with STC Two to allow the continuation of its telecommunication operation within a portion of the City-owned Lā'ie Corporation Yard.

Should you have any questions, please contact me at (808) 768-3901.

Sincerely,

Andrew T. Kawano
Director

Lessee may, or if Lessor shall so require will, remove all Telecommunications Facilities and trade fixtures erected or placed in the Premises. Lessee shall repair all damage to the Premises and remaining Improvements caused by or resulting from such removal and leave the Premises in a clean and orderly condition. In the event Lessee fails to perform such removal and restoration within thirty (30) days following written notice, Lessor may do so and Lessee, upon demand, will apply to Lessor the cost thereof. This obligation shall survive the expiration or termination of this Lease. Any property left upon the Premises by Lessee at the expiration or termination of this Lease, and after thirty (30) days written notice to Lessee, may, at the option of Lessor, be (a) removed and stored by Lessor, at Lessee's cost, or (b) be deemed by Lessor to have been abandoned by Lessee, in which case Lessor may, at Lessee's cost, appropriate, destroy or dispose of the same without liability or accountability to Lessee, including, but not limited to, conducting an auction of such property at the Premises at which Lessor may, but is not obligated to, bid for and purchase such property.

5.12 Holding Over. If Lessee fails to vacate the Premises after the expiration or sooner termination of this Lease, all the terms, covenants and agreements hereof shall continue to apply and bind Lessee so long as Lessee fails to vacate the Premises, insofar as the same are applicable, except, that, if Lessee fails to vacate the Premises, (a) Lessee's continued occupancy shall be on the basis of a month-to-month tenancy, (b) in lieu of the Lease Fee payment, Lessee shall pay Lessor an amount of money equal to one hundred fifty percent (150%) of the sum of the Lease Fee payment for the last month of the Term, prorated on a daily basis for each day that Lessee fails to vacate, (c) Lessee shall pay any other amounts owed to Lessor, and (d) Lessee shall also be liable to Lessor for any damages resulting from failure to vacate. The provisions of this Article shall not be considered to limit or constitute a waiver of any other rights or remedies of either party provided in this Lease or at law.

5.15 Lessor's Right to Cancel Agreement. Following the initial 5-year term of this Lease, if Lessor deems it necessary to use the Premises for any public purpose and/or physical expansion of its current operations at any time in the future, Lessee shall remove, at Lessee's own cost and expense, its Telecommunications Facilities from the Premises, and without any liability on Lessor's part; provided however, that Lessor shall give Lessee at least twenty-four (24) months prior written notice of any requirement for such removal. (A) Lessee shall be required to make any and all repairs to the Property that are necessitated by reason of the default or neglect of Lessee. Failure to make said repairs to the Property within thirty (30) days of Lessee's receipt of notice regarding this matter shall constitute default under the terms of this Agreement; provided Lessee shall have such extended periods as may be required beyond the thirty (30) day cure period if the nature of the cure is such that it reasonably requires more than thirty (30) days to cure, and Lessee commences the cure within the thirty (30) day period and thereafter continuously and diligently pursues the cure to completion. Upon expiration or termination of this Lease, Lessee shall restore the Premises to the condition in which it existed upon execution of this Lease, reasonable

wear and tear and loss by casualty or other causes beyond Lessee's control.

(B) Lessee shall maintain in good and safe condition and repair all such Telecommunications Facilities, including equipment and antennae, for the Term of this Agreement, and shall not make, permit, or suffer waste, nuisance, or unlawful use of the Premises. Upon termination or expiration of this Agreement, Lessee shall remove, all installed items of the Telecommunications Facilities in accordance with Section 5.11.

Lessee shall submit a written notice for such proposed changes to Lessor at least forty-five (45) days prior to such proposed changes, except in the event of emergency. Lessor shall approve or disapprove such request within forty-five (45) days. In the event Lessor fails to execute and return such consent or approval to Lessee within forty-five (45) days from the date of the written request, then Lessor's consent or approval shall be deemed approved. Lessee acknowledges that any such changes in equipment may result in increases in the Lease Fee payable hereunder.

6.04 Access to Premises. Lessee shall have access to the Premises only during the work hours of 7:00 am – 3:30 pm, Monday through Friday excluding State Holidays, except in the event of an emergency. Beyond these hours, Lessee will pay Lessor an overtime rate of one and one half (1 ½) times the hourly rate plus fringe benefits for the Superintendent to be present during repairs. Repairs must be scheduled at least forty-eight (48) hours in advance and no non-emergency work may be performed without this advanced notice or longer than eight (8) hours.

6.05 Indemnity. Lessee agrees to hold harmless and indemnify Lessor from any and all responsibility for injury sustained by Lessee, Lessee's employees, Lessee's contractors, or any other person or persons acting for Lessee, or claiming by, through or under Lessee, at the Premises. Additionally, Lessee certifies that its employees, contractors, and other personnel acting for Lessee are trained in applicable FCC and other government guidelines on Radio Frequency ("RF") Exposure when working in areas that exceed the General Population Limits as defined in FCC OET 65. Lessee shall indemnify and hold harmless Lessor for any injury sustained as a result of RF Exposure.

Further, Lessee shall indemnify, defend and save harmless Lessor, its elected and appointed officials, employees and agents, against all loss or damage to the Premises and property of Lessor or to the property of others and from all claims, penalties or liabilities for the injury to or death of persons or damage to property when such loss, damage, injury or death arises as a result of the construction, maintenance, operation or removal of said Telecommunications Facilities, or when such loss, damage, injury or death directly or indirectly arises or results from the exercise or enjoyment of the rights and privileges granted hereunder by Lessor, its elected and appointed officials, agents or employees, including but not limited to loss, damage, injury or death sustained as a result of RF Exposure; provided, however, that such indemnification shall not apply to loss, damage, injury or death resulting from the negligence or intentional acts or omissions of Lessor, its elected and appointed officials, agents or employees.

6.06 Insurance. Lessee shall obtain and maintain in full force and effect for the duration of this Agreement, the following types of insurance or applicable umbrella insurance with minimum limits as outlined below:

- Commercial General Liability insurance written on an "occurrence" form covering claims arising out of Lessee's premises, operations or independent contractors resulting from bodily injury & property damage, products & completed operations, and personal & advertising injury liability with minimum limits of:

General Aggregate	$2,000,000
Products/Completed Operations Aggregate	$2,000,000
Personal/Advertising Injury	$1,000,000
Each Occurrence	$1,000,000

Automobile Liability insurance, including coverage for all owned, hired and non-owned autos with minimum limits of $1,000,000 combined single limit bodily injury and property damage.

- Workers Compensation insurance as required by statute, and Employer's Liability coverage with limits of:

Bodily Injury — Each Accident	$1,000,000
Disease - Policy Limit	$1,000,000
Disease — Each Employee	$1,000,000

The insurance policies shall name the City and County of Honolulu as an additional insured, with the exception of the workers' compensation policy. Lessee shall furnish copies of the required certificate of insurance to Lessor. Lessee will provide Lessor with thirty (30) days prior written notice of cancellation.

Lessee hereby waives, on behalf of Lessee and on behalf of any insurance carrier of Lessee, any claim or other right which Lessee might otherwise have against Lessor arising out of loss or damage, including consequential loss or damage, to any property of Lessee. Because Lessee's employees work in and around Lessor's premises and Lessee accepts the condition of these premises as is, Lessee further agrees to require its workers compensation carrier to waive its right of subrogation against Lessor.

Lessor does not in any way represent that the insurance coverage or the limits of insurance hereinafter specified are sufficient or adequate to protect Lessee's or Lessor's interests or liabilities and Lessee's liability under the terms of this Agreement shall not be limited to the minimum limits as required to be carried by Lessee herein.

6.07 Security/Loss. Lessee shall maintain the Premises in as secure a manner as possible. Lessor shall not be responsible for any and all loss or damage to Lessee's Telecommunications Facilities, including Lessee's equipment or antennas, due to, among other things, fire, flood, acts of God, theft, or vandalism unless caused by the negligence or willful misconduct of Lessor.

6.08 Operating Frequencies. Lessee shall operate in accordance with FCC regulations.

6.09 Permits, Licenses, etc.

(A) Lessee shall be responsible for obtaining any and all necessary permits, easements, licenses, or rights of way that may be required of it by any agency governing Lessee's construction, maintenance, and operation of the Telecommunications Facilities at the Premises.

(B) Lessee shall provide to Lessor a copy of all permits, easements, licenses, or rights of way required of Lessee for its operation, if requested in writing by Lessor. Additionally, Lessee shall maintain a copy of its Federal Communications Commission License, or other Government authorization, if required, authorizing Lessee's operation at the Premises. Lessee shall post any signs on or near Lessee's Telecommunications Facilities as required by law.

6.10 Non-Interference To Others. Lessee shall operate Lessee's Telecommunications Facilities in a manner that will not cause material interference to Lessor and other lessees or licensees of the Premises, provided that their installations predate that of Lessee's equipment and comply with FCC regulations. Lessee shall cooperate fully in identifying and correcting any interference problems Lessee's equipment may cause to such other existing users of the Premises. If such interference cannot be corrected, Lessor may declare a default of this Lease at any time. Subsequent to the installation of Lessee's equipment, Lessor shall not permit itself, its lessees or licensees to install, permanently, new equipment at the Premises, if such equipment is likely to cause interference with Lessee's operations. Such new equipment operated by Lessor or its lessees may be temporarily installed to determine if such harmful interference does in fact occur, and if such interference does occur, must be remedied, to the satisfaction of Lessee, at no expense to Lessee, or such equipment will be removed by Lessor. All operations by Lessee shall be in compliance with all applicable regulations of the Federal Communications Commission ("FCC"), National Telecommunications and Information Administration ("NTIA"), and all other applicable regulatory agencies.

6.11 Environmental Requirements. Lessee, for itself, its successors, assigns, and agents, represents, warrants and agrees, that it will conduct its activities on the Premises in compliance with all applicable Environmental Laws, as described below in this section. Further, Lessor represents, warrants and agrees that it has in the past and will in the future conduct its activities on the Property in compliance with all applicable Environmental Laws and that the Premises is free of Hazardous Substances, as described below in this section, as of the date of this Agreement.

As used in this Agreement, "Environmental Laws" means all federal, state and local environmental and health laws, rules, regulation, ordinances, judicial or administrative decrees, orders, decision, authorizations or permits, including, but not limited to, the Resource Conservation and Recovery Act, 42 U.S.C. §§ 6901, et seq., the Clean Air Act, 42 U.S.C. §§ 7401, et seq., the Federal Water Pollution Control Act, 33 U.S.C. §§ 1251, et seq., the Emergency Planning and Community Right to Know Act, 42 U.S.C. §§ 1101, et seq., the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§ 9601, et seq., the Toxic Substances Control Act, 15 U.S.C. §§ 2601, et seq., the Oil Pollution Control Act, 33 U.S.C. §§ 2701, et seq., the Hazardous Materials Transportation Act, 49 U.S.C. §§ 1801 et seq., the Safe

Drinking Water Act, 42 U.S.C. §§ 300j, and any amendments thereto, and state laws, or any other comparable local, state or federal statute or ordinance pertaining to the environment or natural resources and all regulations pertaining thereto.

As used in this Agreement, "Hazardous Substances" mean any hazardous substances, hazardous materials or hazardous wastes as defined by any of the Environmental Laws; any and all material or substance defined as hazardous, toxic or harmful to human health, natural resources or the environment pursuant to any federal, state or local laws or regulations or order; and any substance which is or becomes regulated by any federal, state or local governmental authority; any oil, petroleum products and their by-products.

Lessor shall be responsible for and shall promptly conduct any investigation and remediation as required by any Environmental Laws or common law of all spills or other releases of Hazardous Substances, except to the extent caused by Lessee or its operations or activities, that have occurred or which may occur on the Premises.

Lessee agrees to defend, indemnify and hold Lessor harmless from and against any and all claims, causes of action, demands and liability including, but not limited to, damages, costs, expenses, assessments, penalties, fines, losses, judgments and attorney's fees that Lessor may suffer due to the existence or discovery of any Hazardous Substances on the Premises or the migration of any Hazardous Substances to other properties or release into the environment arising solely from Lessee or its operations or activities on the Premises.

This paragraph shall survive the termination of this Agreement.

6.12 Conservation of Energy. Lessee shall endeavor that all unneeded lights and other electrical devices are turned off when unneeded and when leaving the Premises.

6.13 Reimbursement of Costs. If an action is instituted by either party in any court of law or equity pertaining to the enforcement of this Lease, the prevailing party in any final or non-appealable decision on the merits shall be entitled to recover, in addition to any judgment or decree rendered therein, all court costs, including reasonable attorneys' fees as determined by a court of competent jurisdiction.

6.14 Taxes.

(A) Lessee shall pay its pro rata share of real property taxes for the Property.

(B) Tax Clearance. Lessee shall provide a current tax clearance from both the Hawai'i State Department of Taxation (DOTAX) and the Internal Revenue Service (IRS) within sixty (60) days of entering into this Agreement with Lessor. Lessee must obtain and provide the tax clearances when requested in writing by Lessor not more than once per calendar year. Failure to obtain and provide the tax clearances upon request may result in default of this Agreement.

6.15 Early Termination. If Lessee desires to terminate this Lease prior to the expiration date, Lessee shall remove all of Lessee's Telecommunications Facilities, including antennae and equipment from the Premises at any time on or before the expiration date, and notify Lessor when such removal has been accomplished. If Lessee has made a payment, in accordance with Section 3.01 for a new one-year period, and that period has not been started at the time Lessee

removes all Telecommunications Facilities and terminates this Lease, then that one-year payment will be refunded.

6.16 Permitted Use of Premises. The Premises may be used and occupied only for the use set forth in Section 1.02 and for no other purposes, except as consented to in writing by Lessor.

6.17 Legal Compliance. Lessee will comply, at its own expense, with all applicable laws and ordinances and governmental rules and regulations applicable to the Premises, including without limitation, all laws related to the handling, disposal, and storage of hazardous materials.

6.18 Signage. Lessee shall not inscribe any inscription or post, place or in any manner display any sign, notice, picture, placard or poster, or any advertising matter whatsoever, anywhere in or about the Premises, except as required by law.

6.19 Legally Required. If, during the Term, any change, alteration, or addition or correction shall be required by any governmental authority to be made in or to the Premises or any portion thereof, such change, alteration, addition or correction shall be made by Lessee.

ARTICLE 7
DEFAULT

7.01 Event of Default. Each of the following shall be deemed an "Event of Default":

(A) The failure of Lessee to make any payment required under this Agreement within fifteen (15) days after written demand therefore; and

(B) The failure of either party to cure a non-monetary default within thirty (30) days following written notice from the non-defaulting party; provided that the defaulting party shall have such extended periods as may be required beyond the thirty (30) day cure period to cure any non-monetary default if the nature of the cure is such that it reasonably requires more than thirty (30) days to cure, and the defaulting party commences the cure within the thirty (30) day period and thereafter continuously and diligently pursues the cure to completion.

7.02 Upon the occurrence of any such Event of Default, the non-defaulting party in its sole discretion may declare this Agreement to be terminated. The parties shall have the right to commence, appear in or defend any action or proceeding arising from this Agreement, including the enforcement of parties' rights under this Agreement. If any action is instituted by either party in any court of law or equity arising from an Event of Default, the prevailing party in any final or non-appealable decision on the merits shall be entitled to recover, in addition to any judgment or decree rendered therein, all court costs, including reasonable attorneys' fees as determined by a court of competent jurisdiction.

ARTICLE 8
MISCELLANEOUS COVENANTS

8.01 Complete Agreement; Amendment; Severability. This Agreement constitutes the entire Agreement and understanding between the parties, and supersedes all offers, negotiations and other agreements concerning the subject matter contained herein. Any amendments to this

Agreement must be in writing and executed by both parties. If any provision of this Agreement is invalid or unenforceable with respect to any party, the remainder of this Agreement or the application of such provision to persons other than those as to whom it is held invalid or unenforceable, shall not be affected and each provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

8.02 Cooperation in Execution of Documents and Approvals. Each party agrees to cooperate with the other in executing any documents necessary to protect its rights of use of the Premises. During the term of this Lease, Lessor shall: (i) reasonably cooperate with Lessee in its efforts to obtain all of the certificates, permits, licenses and other approvals that Lessee, in its sole discretion, deems necessary for the permitted use of the Premises ("Approvals"), including all appeals; and (ii) take no action that would adversely affect the Premises. Lessor acknowledges that Lessee's ability to use the Premises is contingent upon Lessee obtaining and maintaining the Approvals. If requested by Lessee, Lessor agrees to execute, at Lessee's sole cost and expense, such documents as may be necessary to obtain and thereafter maintain the Approvals, including documents necessary to petition the appropriate public bodies for the Approvals, and agrees to be named as the applicant for said Approvals.

8.03 Sexual Harassment Policy. Lessee shall have and enforce a policy prohibiting sexual harassment. Lessee's sexual harassment policy must set forth the same or greater protection than those contained or required by City Ordinance No. 93-84. King Street, Honolulu, Hawai'i 96813.

8.04 Assignment. This Agreement or any rights granted herein shall not be sold, assigned, conveyed, leased, subleased, mortgaged or otherwise transferred or disposed of, directly or by operation of law, except with the prior written consent of Lessor, which consent shall not be unreasonably withheld, conditioned or delayed, except that Lessee may assign this Lease without Lessor's consent to any of Lessee's parent, subsidiary, or affiliated entities or pursuant to the sale of all or substantially all of the assets or stock of Lessee or pursuant to the sale of all or substantially all of the assets or operations of the division of Lessee that is operating the Facility pursuant to this Lease.

8.05 Co-locations. Lessee may sublease use of the Premises upon Lessor's approval, such approval not to be unreasonably withheld, conditioned or delayed. Lessor shall require Lessee's co-locators to submit an application to Lessor for approval. In addition to the Lease Fee set forth in provision 1.01(D), Lessee shall pay to Lessor a minimum of Nine Hundred and 00/100 Dollars ($900.00) per month for each approved co-locator, if no additional ground space is required. Should co-locators require additional ground space, Lessee shall pay to Lessor the amount per month specified in Revised Ordinances of Honolulu §38-12.2 attributable to the additional aggregate footprint used or required to support the co-locator. Lessee may charge the co-locators reasonable charges for use of Lessee's Facilities and other improvements on the Premises which are used by the co-locators.

8.06 Assumption of Risks. It is understood that Lessee has inspected the Premises and knows the conditions thereof, accepts the condition of the Premises "as is", and fully assumes the risk that adverse physical conditions may not have been revealed by its investigation and all risks incident to its use.

8.11 No Party Deemed Drafter. The parties agree that neither party shall be deemed to be the drafter of this Agreement and that in the event this Agreement is ever construed by a court of law, such court shall not construe this Agreement or any provision hereof against either party as the drafter of this Agreement, Lessor and Lessee acknowledging that both parties have contributed substantially and materially to the preparation of this Agreement.

8.12 Non-Waiver. No delay or omission to execute a right or remedy accruing to either party on any breach or default by the other party shall impair any such right or remedy, and such delays or omissions shall not be construed to be a waiver of any such future breach or default.
