2. Geena Thielen (M-306) (Support)
3. Annie Ocampo, Partners in Care (Support)
4. Angela Young (Support)

Councilmember Say stated that the measure will be a policy call on what type of dwelling units the Council wants to incentivize. He noted that his objective on the discussion was to try to achieve what the quality of life is for a particular tenant. Councilmember Say stated that Bill 3 does not preclude having micro units but in Bill 7 you can have micro units if the developer wants that. He noted that Bill 3 only covers incentives for developers after the project is completed. Councilmember Say recommended that the Council support Committee Draft 2. He stated that if the developer has to go to the bank to get a financial loan and the loan cannot be packaged because the project cannot fulfill their obligation to meet the requirements then they need to revise their plan instead of asking for exemptions. He has concerns that if a project comes back to Council to address an issue, he does not believe that a housing shortage crisis should also take into consideration the quality of life. Councilmember Say stated that the Council should understand the fiscal implications of the Bill if it is passed. He asked if it is possible to recommit the measure back to Committee for further discussion.

Councilmember Weyer stated that he supports Councilmember Tulba's floor draft amendment. He expressed his appreciation of Zoning Chair seeking to balance all the different discussion points and the idea of wanting to ensure positive quality of life while also supporting increased units. Councilmember Weyer stated that the Council needs to ensure that housing is provided and look at a grant program that is intended to incentivize housing. He stated that in discussions regarding funding availability and how quickly it is being used up, he noted that he would be fine if it is used up by August and would add additional funding for vouchers in next year's budget because vouchers being used up means that local families are getting into housing.

Councilmember Cordero stated that in Committee she noted that she would not want any delineation with square footage. She thanked councilmembers for the robust discussion.

Councilmember Dos Santos-Tam stated this is ultimately a policy call and his preference is for Councilmember Tulba's amendment and if not then Councilmember Weyer's amendment. He stated that Bill 3 and Bill 31 will be drawing from a pool of $5 million and if half is going to each that would mean 208 units would be built and the size will be dictated by the market. Councilmember Dos Santos-Tam stated that some individuals would be willing to live in a smaller space instead of living on the street.

Chair Waters stated that it is his hope to get through the matter today.

Councilmember Kiaʻāina stated that this process has been going on for a while and she would have preferred any amendment be considered and dealt with in Committee. She noted that although she would have liked the measure to be passed out on third reading, she is inclined to have the measure recommitted back to the Committee to deal with the proposed amendments.

In response to councilmembers, Denise Iseri-Matsubara, Executive Director, Office of Housing stated that:

- Her understanding of Bill 7 was that it targeted 100 percent area median income (AMI) and below and goes down to below 60 percent AMI. She dealt with the Low-Income Housing Tax Credit (LIHTC) and noted that the projects cannot be 60 percent AMI without LIHTC. She stated that it is targeted towards the gap group at about 80 percent to 100 percent AMI.

- Generally speaking a studio would be 300 square feet and possibly two people could live in a studio.

- The Department of Business, Economic Development and Tourism released highlights of the census and based on the five-year highlight for the years 2018 to 2022, the average household size was three.

- A decision needs to be made on what the Council wants the program to be and find a reasonable subsidy to make the project work. The Council also needs to decide if trying to satisfy all or address the gap group that the State does not have a program for.

- The developers are looking for an incentive to continue developing projects.

- There is voucher authority for just under 5,000 vouchers but only enough funds for 4,000. It is a matter of what Housing and Urban Development can grant the City.

In response to Chair Waters, Geena Thielen stated that:

- They are asking to take away the barrier or the difference between a 300 square foot unit above and below.

- Under the Bill what is provided to the developer under the proposal is $12,000 in subsidies in cash per unit that is built.

- There is a limited number of units under Bill 7; five units for every 1,000 square feet so one unit per 200 square feet and there is no way to increase the unit count in a building.

- For the smaller units, about 30 percent of the people are considered Asset Limited Income Constrained and Employed (ALICE) and 80 percent and below are targeted for the units. Then another 70 percent are people using housing vouchers and are at very low AMI levels.

- Micro units or small units are workforce housing people that are earning below 80 percent AMI, but it also serves the homeless community.

- Creating an incentive program on top of the existing Bill 7 program will incentivize a lot of construction. The grant does not help the developer rent the unit, it is up to the developer to design a building that people would want to live in.

- It does not make sense for developers to chase a $12,000 contingency at the expense of marketability of the units.

- It would double the cost to subdivide a 500 square foot unit into two 250 square foot units because 70 percent of the cost is related directly to the per unit cost as opposed to the square foot cost.

- The developer would not split a unit just to get an extra $12,000 from the City. They would not size a project based on the grant because it is not substantial to warrant that kind of a decision making. It is all about the marketability of the unit.

Chair Waters polled the councilmembers on what their preference would be on the proposed amendments.

Councilmembers Kiaʻāina, Okimoto, Say, Waters stated their preference for Bill 3, CD2.

Councilmembers Cordero, Dos Santos-Tam, Tulba, Weyer stated their preference for Councilmember Tulba's floor draft amendment.

Chair Waters stated that he will be filing a handcarried FD1 and there being no objections moved the measure to the end of the calendar.

(Note: Later in the meeting, Committee Report 201 and Bill 3, CD2 were postponed. See page 32.)

RECESS/RECONVENE

2. Julie Reyes Oda (Support)
3. Angela Young, CARES (Support)
4. Mana (Support)
5. Senator Kurt Fevella (M-307) (Support)

Councilmember Tulba stated that he is in support of the measure. He noted that North Road is a major route travelled and there is a lack of infrastructure, no bus or transit service, and unimproved portions of the road. Councilmember Tulba stated that a task

force was established and concerns were identified. He noted that the land owner indicated that they are willing to give the street over to the City but they are not able to bring the street up to code. Councilmember Tulba stated that he is hopeful that the City will be able to take ownership due to the importance of usage in the Ewa Community and to make it safer for the individuals and young students who use the road to get to school.

COMMITTEE OF THE WHOLE/EXECUTIVE SESSION

There was no Executive Session.

CONTINUATION OF BILL 3, CD2 (From page 16)

POSTPONED TO A COUNCIL MEETING DATE TO BE DETERMINED
BILL 3, CD2 – COMMITTEE REPORT 201

A BILL FOR AN ORDINANCE RELATING TO INCENTIVES FOR THE CONSTRUCTION OF AFFORDABLE RENTAL HOUSING.

The following amendment was handcarried to the meeting:

Bill 3, CD2, Proposed FD1 (OCS2024-0683/7/9/2024 9:28 AM)

Chair Waters asked if there was a motion to amend from Councilmembers Tulba, Weyer, or Say.

Councilmember Say moved that Bill 3, CD2 be amended to the handcarried FD1 (OCS2024-0683/7/9/2024 9:28 AM). Seconded by Councilmember Okimoto. Councilmember Say explained the FD1 amendment.

The following individual testified:

Geena Thielen (General comment)

Councilmember Weyer stated that in the conversation with the Executive Director, this is a very limited program and the fund is not intended to solve the housing crisis but it is intended to make use of small parcels that are owned in the urban core. He noted that at the end of the day the Council would like to maximize as many units as there can be until the market is stabilized.

Bill 3, CD2 failed to receive the majority vote of the entire membership of the Council needed to be amended to the handcarried FD1 (OCS2024-0683/7/9/2024 9:28 AM).

AYES: KIAʻĀINA, OKIMOTO, SAY, WATERS – 4.
NOES: CORDERO, DOS SANTOS-TAM, TULBA, WEYER – 4.
ABSENT: TUPOLA – 1.

In response to Chair Waters, Lloyd Yoshioka, Office of Council Services (OCS) stated that if all the motions fail including the motion to pass out the CD2, the measure will lay on the table until the next Council meeting. He suggested that it would be cleaner to have a motion to postpone to the next meeting, and stated that the motion to postpone takes precedence over the main motion.

Councilmember Dos Santos-Tam moved that Committee Report 201 and Bill 3, CD2 be postponed. Seconded by Councilmember Weyer.

In response to Councilmember Say, Councilmember Dos Santos-Tam stated that based on the vote to amend, further discussion will probably not change the vote and therefore the measure should be postponed until there is a fifth vote for one of the options.

Committee Report 201 and Bill 3, CD2 were postponed.

AYES: CORDERO, DOS SANTOS-TAM, KIAʻĀINA, OKIMOTO, SAY, TULBA, WEYER, WATERS – 8.
NOES: None.
ABSENT: TUPOLA – 1.

In response to Councilmember Cordero, Chair Waters stated that he asked for a motion and Councilmember Say did make a motion to amend to the handcarried FD1. He noted that he did give the opportunity to Councilmembers Weyer and Tulba to make a motion but that did not occur. Chair Waters noted that based on what OCS stated, the motion to postpone takes precedence over the main motion.

In response to Chair Waters, Lloyd Yoshioka, OCS stated that the motion to postpone takes precedence over the motion to amend and if the Council wants to change that, the councilmember who made the motion to postpone would need to make a motion to withdraw the motion to postpone.

Councilmember Cordero thanked Chair Waters for the information and stated that she will not oppose the motion to postpone.
