

Resolution 24-151 Testimony

From: Ferne Fegley ferne554@gmail.com
Subject: Resolution 24-151

To: <https://hnidoc.hawaii.gov/hnidoc/testimony>

Why should this Resolution be approved BEFORE the City/DHHL's stated "due diligence" studies are completed?

WHY no residents were questioned regarding submitted testimony (District 3 constituents)?

These two MUST be included in any final resolution approved by the Full Council.

Further, I am resubmitting my written testimony.

"Plausible, ability to deny responsibility"

What may seem to be a blessing would turn out to be a curse. A dwelling on this land is a constant expense. I am an original owner of a lot on Ilimano Street and can attest to continuing problems.

Give the Native Hawaiians some GOOD land.
