Testimony: Aloha Councilmembers, I am writing to you in support of this measure. I have been volunteering for the last 3 years by Kaneohe Elementary and have see many close calls because of speeding well above the school zone speed. We need stronger regulations on this with added enforcement to change behaviors to keep kids safe in our neighborhoods.

Testimony: Chair and council members mahalo for your time. Unfortunately I am out of state right now and can not be there in person. I am a life long original resident of Kailua and advocate for youth. I have been manifesting this issue for many years now and have been planting this seed in many ears at the city, state and federal levels. I have been advocating for: A LOWER SPEED LIMIT AND SPEED BUMPS INSTALLED AT EVERY SCHOOL AND PARK. When our keiki leave the home they are at school. Most leave school and participate in a team sport at a park. We MUST do all we can to protect them. Our park and recreation dept already does a horrendous job at maintaining the facilities, so we must control the controllables. Why let traffic speed through those areas??? Where's the money going to come from?? I don't know where the outrageous property taxes go but that's a different conversation. Solution: in school and park zones any parking or speeding infraction is quadrupled on a higher violation. Extend our school zones so violations in that area are so severe it will in turn become a safe zone once word gets out on the heightened fines.		

I am in strong support of this bill but let's be real..... You can do better than this!!!! Protect the keiki, nothing else matters
