Self	Oppose	Nov 18, 2024 @ 01:01 AM

Testimony:

Respectfully, we do not need more status crimes which will simply put yet more of our fellow citizens in prison and ruin their lives for participating in what is currently a LEGAL activity. The proposed law in Annex A looks to both further criminalize speech and association and as such, should be strongly resisted. Hawaii already has one of the highest incarnations rates in the world, not sure that's a leadership trend we should be proud of and look to further expand.
