BILL064(23)
Testimony

MISC. COM. 580
COUNCIL

Aloha my name is Peter Mulder
I live in Makaha Noholio rd .
I'm writing in regard to bill 64 which needs to be completely stricken down entirety ! This bill piles many other bills
all in one lump. It's a shame on the people and our great community that it is supposed to serve !
There is no way the people have the time nor the comprehension to make sense of it all. I believe this is by design ! We the people can not address this monster bill to its entirety . We can only break it down and address parts of it .
We the people of Waianae have made it clear we do not want group living and agg /country lands mixed together with group living! It will take our ability of self sustainability away ! But yet here we are again trying to protect our agg/ country zoning from big development ! The City and state seem to intentionally not work together Andria Tupola has been silent and not forthcoming bringing this information to our community meeting and may have a conflict of interest being involved in or with
non profits organizations !
We need our Agg /county for self preservation (Leave us alone nuff already) !!
Mahalo
