'25 JAN 16 AM 8:08 CITY CLERK

Dear Chair Kia'āina and Members:

SUBJECT: City Council Resolution No. 25-26: Authorizing Exemptions from Certain Requirements Relating to the Hale O Līpoa Affordable Rental Housing Development Project in 'Aiea, O'ahu

The Board of Water Supply (BWS) understands the intent of City Council Resolution No. 25-26, authorizing exemptions from certain requirements relating to the Hale O Līpoa Affordable Rental Housing Development Project in 'Aiea, O'ahu (herein "Project").

The BWS is a semi-autonomous agency that does not receive funds from property taxes, so the cost of any waiver will have to be recovered through water rates. As such, the BWS does not allow for exemptions. Under Section 1-102 and 2-202 of the BWS Rules and Regulations, the BWS may allow a deferral of payment of water system facility charges and installation of water service fees until the installation of the water meter, provided that all BWS requirements are satisfied.

For clarification purposes, the BWS suggests the following amendments to page 3, item #11, as bracketed and stricken and underscored below:

Board of Water Supply (BWS) Rules and Regulations:

11. Deferral from Sections 1-102 and 2-202 of the BWS Rules and Regulations, to allow a deferral [~~until the installation of the water meter for the Project~~] of the payment of water system facility charges and the installation of water service fees until the installation of the Project's water meter, estimated at $302,000; provided that all BWS requirements are satisfied. The actual fees to be deferred will be determined by the BWS during review of the Project's building permit application.
