Testimony: Hello my name is Jude Baker and I am the managing director of South Sea Holdings. I am here representing my family in our interest in building our single family home on our lot on Oahu's North Shore. We purchased this property in 2020 and have been traveling down the path to achieving this goal since then. We want to build a home for my wife and I to retire and grow old together in, and to pass the property and the house on to our 2 children. The process has been confusing and we have worked with, and taken advice from a wide range of people. We have felt confused, helpless and frustrated, but also hopeful that we will work through the challenges. Some of the decisions we have made turned out to not help us move forward, but please be assured, we have good intentions and we hope we can get everything lined up and permits finalized so we can start to build. We are from Guam, another island community and we bring the spirit of Hafa Adai and Aloha to our efforts. We have grown to love our neighbors and community at Rocky Point. We thank you all for your patience with us and we look forward to being good neighbors and members of the North Shore community.
