Testimony in Support of Funding for the North Shore Ocean Safety Station and Ambulance Unit Facility

I am writing in strong support of the inclusion of funding in the budget for the acquisition of land and development of the North Shore Ocean Safety Station and Ambulance Unit Facility.

The funding proposed is critical and a much-needed investment in the safety and emergency response capabilities of the North Shore community. This is a major step forward, and I urge your continued support to ensure this vital project moves ahead without delay.

Mahalo for your time and consideration.

Katie Metzger
