Committee Meeting Held

Honorable Tommy Waters
Chair, City Council
City and County of Honolulu

Mr. Chair:

Your Committee on Zoning & Planning, to which was referred Bill 51 (2025) entitled:

"A BILL FOR AN ORDINANCE RELATING TO IMPROVEMENT DISTRICT NO. 2,"

introduced on July 1, 2025, and which passed First Reading at the Council meeting on July 9, 2025, reports as follows:

The purpose of Bill 51 (2025) is to expand the Fort Street Mall Business Improvement District to encompass more parcels in Downtown Honolulu, and rename the District as the Downtown Honolulu Business Improvement District ("District"). The District's new boundaries include the area bounded by Nuuanu Avenue, South Beretania Street, Richards Street, and Nimitz Highway. It would also include an adjacent block bounded by Queen Street, Mililani Street, Halekauwila Street, and Richards Street.

The Bill also revises the supplemental services and improvements provided or financed for the District, revises the rate or method of apportioning the District's special assessment, increases the number of members on the District Association Board of Directors ("Board"), and incorporates a new $1,900,000 budget for the District's first fiscal year.

The total number of members on the Board would increase from 17 to 20, by increasing the number voting members elected by fee simple owners and ground lessees of property located within the District from nine to 12. The Board would also have the authority to determine supplemental improvements provided and financed by the District.

ADOPTED ON SEP 3 2025

COMMITTEE REPORT NO. 295

The assessment for the first fiscal year for each parcel within the District that is not subject to an exception is $0.75 (instead of previously $1.63) per $1,000 of assessed value of the parcel, as indicated by the City's real property tax assessment list for the corresponding fiscal year. Parcels of land that are classified by the City for real property tax purposes as "Residential" or "Residential A" are not subject to the District's special assessment.

Land owned by the United States, the State of Hawai'i, or the City and County of Honolulu are also excepted, but certain government property and leases of government property that are not exempted from real property taxation are subject to the District's special assessment. The Bill removes the exception from the District's special assessment for parcels that are exempt from the payment of real property taxes and are used for church purposes or historic commercial real property dedicated for preservation.

The Bill removes provisions that previously required a baseline services agreement, whereby the District was required to supplement baseline services provided by the City within the District, and except as expressly provided in the plan, the City was required to continue those baseline services minimally at the same level as that provided on June 30, 2001.

Section 28-2.3, Revised Ordinances of Honolulu 2021 ("ROH"), requires that all landowners and lessees of the properties listed in Bill 51 for inclusion in the amended Downtown Honolulu Special Improvement District be notified, by mail, at least 15 days prior to the Council's scheduling of the required Public Hearing. The City Clerk's office mailed these notices on August 12, 2025.

ROH § 28-4.3 provides that the Council may commence proceedings to approve an ordinance to change the authorized supplemental services and improvements, the supplemental services and improvements to be financed, the rate or method of apportionment of a special assessment, or the boundaries of the district, after receiving a request from the District Board. As a part of Miscellaneous Communication 405, the Chair of the District Board transmitted a request that the Council consider and adopt amendments to the Fort Street Mall Business Improvement District.

At your Committee's meeting on August 21, 2025, a representative of Tradewind Capital provided a brief presentation of the proposed amendments to the Fort Street Mall Business Improvement District, and responded to questions from Councilmembers.

The City's Managing Director testified in support of the Bill and stated that the establishment of a business improvement district is a community-driven initiative, and the City's role is to participate in public meetings, answer questions, and ensure that the community fully understands the City's role in this public-private partnership. The Managing Director responded to questions from Councilmembers, stating that the Department of Budget and Fiscal Services has the resources to bill for and collect the special assessments for the Downtown Honolulu Business Improvement District.

WKF Inc., Fort Street Mall Business Improvement District, Hawaii Regional Council of Carpenters, Avalon Group, Housing Hawai'i's Future, YiFang Taiwan Fruit Tea Hawaii, and one individual testified in support of the Bill. Community Advocacy Research Education Services (CARES) and one individual offered comments on the Bill.

Your Committee received written testimony in support of the Bill from United Chinese Society of Hawaii, Hawaii Regional Council of Carpenters, WKF Inc., Kamehameha Schools, Pacific Resource Partnership, Avalon Group, YiFang Taiwan Fruit Tea Hawaii, and four individuals. Douglas Emmett submitted comments on the Bill.

Your Committee has prepared a CD1 version that makes the following amendments:

A. In Exhibit A attached to Bill 51 (2025):

1. Amends Section 4 ("Mission Statement") by adding that the Downtown Honolulu Business Improvement District shall work in partnership with government and the private sector.

2. Adds the following language to Section 9(a):

> The Assessment revenue shall be based on assessment information for the corresponding tax year from the Real Property Assessment Division ("RPAD") of the City and County of Honolulu ("City"). A member of the District Association shall submit a request to the RPAD for the assessment information each year with a noted delivery location, physical and/or electronic, of which shall be fulfilled within 30 days after the City's real property certification date of February 1.

3. Amends Section 9(b) by adding language stating that the budget for the first fiscal year is as accurate as possible and is based on current revenue projections and expenses.

B. Makes miscellaneous technical and nonsubstantive amendments.

Your Committee plans to consider this matter further following the receipt of public testimony at the public hearing on September 3, 2025, to be held as required by law.
