Testimony

I understand that Mr. Cobian has been claiming support from the Makakilo-Kapolei-Honokai Hale Neighborhood Board. I don't think that is possible. Mr. Cobian has come before our Board a number of times. We have taken a strong stand against his project a number of times. Our Board feels that the racetrack should go over against the Campbell Industrial Park fenceline with Kalaeloa, just mauka of the runway. There has been a group working to put it there. Where Mr. Cobian wants to put the dirt track is too close to houses on Kalaeloa and in Ewa. It will drive the neighbors nuts with noise. It is just not fair.
