CITY AND COUNTY OF HONOLULU

ORDINANCE _____

BILL 46 (2025), CD1

A BILL FOR AN ORDINANCE

RELATING TO THE HONOLULU POLICE DEPARTMENT.

BE IT ORDAINED by the People of the City and County of Honolulu:

SECTION 1. Purpose and findings. The purpose of this ordinance is to require the Honolulu Police Department ("HPD") to release certain public information to the media and to the public.

Section 6-1604 of the Revised Charter of the City and County of Honolulu 1973 (Amended 2017 Edition), as amended, sets forth the powers, duties, and functions of the Chief of Police, which include promulgating rules and regulations necessary for the organization and internal administration of the HPD.

The media and public's timely access to emergency-related information is essential to keeping the community safe from dangerous situations such as active shooters, armed and dangerous individuals, and violent crimes. In releasing such information, however, the HPD must consider the need to protect certain information due to confidentiality, privacy laws, ongoing police investigations, or security breach threats.

The City Council finds that the release of public information by government agencies in a consistent, impartial, accurate, and timely manner is critical to maintaining the public's trust in government operations. The HPD's provision of timely and accurate information assists in the prevention of misinformation spreading within the community, which can cause panic and public distrust.

SECTION 2. Chapter 2, Revised Ordinances of Honolulu 2021 ("The Mayor and Executive Agencies–Additional Powers, Duties, and Functions"), is amended by adding a new article to be appropriately designated by the Revisor of Ordinances and to read as follows:
