ORDINANCE _____

BILL 1 (2026), CD1

A BILL FOR AN ORDINANCE

RELATING TO THE ESTABLISHMENT OF FEES AND CHARGES FOR SERVICES
OF THE DEPARTMENT OF THE MEDICAL EXAMINER.

BE IT ORDAINED by the People of the City and County of Honolulu:

SECTION 1. Findings and purpose. The City Council finds that the Department of the Medical Examiner ("MED") has been responding to private requests for services that fall outside of the MED's duties and responsibilities, which are to perform medical investigation services to establish the cause and manner of death and to contribute legal evidence to the justice system. These private requests are frequently made by civil litigants and insurers, who request testimony from and consultation with the MED relating to a death that the MED has investigated. Family members of decedents also request the MED's services, such as seeking access to stored specimens in support of paternity testing. The performance of these services can consume significant time and resources that the MED has absorbed because the Revised Ordinances of Honolulu 2021 currently authorizes the department to charge only for the certified copy of the medical examiner's report and autopsy report.

The purpose of this ordinance is to establish fees and charges for the performance of services by the MED that it is not otherwise required by law to perform, that are reasonably related to the cost of the service being provided, and that are not among the fees that the MED is currently authorized to charge.

SECTION 2. Chapter 6, Revised Ordinances of Honolulu 2021 ("Funds, Fees, and Loan Program"), is amended by adding a new article to be appropriately designated by the Revisor of Ordinances and to read as follows:

**"ARTICLE __: FEES FOR SERVICES OF THE DEPARTMENT OF THE MEDICAL
EXAMINER**

§ 6-__.1 Definitions.

For the purposes of this article, the following definitions apply unless the context clearly indicates or requires a different meaning.

Department. The department of the medical examiner.
