Testimony:

Aloha,

I strongly support this resolution.

A PTSA raising $4,000 to fund painted bulbouts at two uncontrolled crosswalks fronting an elementary school is exactly the kind of community-driven safety improvement the City and Council should welcome. These crossings have no stop sign or signal. Anything that shortens crossing distance, slows turning traffic, and makes kids more visible is worth doing.

Painted curb extensions are temporary because they fade and lack the physical deterrence of concrete. But as a quick-build pilot funded by parents, that's appropriate. If it works, DTS can return with permanent infrastructure.

I urge the Council to support this resolution and accept the gift.

Mahalo,

Jonathan Huynh
